MTH 220.501 – Spring 2012
Introduction to Probability and Statistics (Online)

Instructor: Michelle Cook
Office: NM 335
Telephone: 468-1586
Email: mmcook@sfasu.edu

Office Hours: TuTh: 8:30-10:50; 1:45-2:45
MWF: 11:00-12:00 Other times by appointment.

ISBN number for the bundle is 0918091853.

Calculator: A four function (addition, subtraction, etc…) will be sufficient.

Grading:
- Online Homework Assignments 15%
- Discussions 10%
- Midterm 30%
- Mini-Tests 15%
- Final exam 30%

Online Assignments:
This will consist of homework on the Hawkes software. The due dates for the Hawkes software will be strictly enforced. The due dates will be posted on the Hawkes webpage. If an assignment is late by one day, then 90% is the highest possible grade. For each late day after this, 5% will be deducted from the highest possible grade. If an assignment is not completed within 10 days of the due date, a grade of 0 will be assigned. Hawkes can be reached at 1-800-426-9538.

Exams:
- There will be 2 Mini-tests that you will take through the Hawkes software on your computer. The tentative dates for these exams are Test 1-Tuesday February 14th. Test 2-Friday April 20th.
- Both the midterm and final exam are face-to-face. There are no make-ups for missed exams, so make every effort to be present for each exam. If you know ahead of time that you will miss an exam, see me at least one day before the scheduled exam and we will work something out. Department policy requires that you bring and be recognizable from either your SFASU Student ID or another valid photo ID before you are permitted to take each exam. The midterm will be given on Wednesday, March 7th from 4-6 p.m. The final exam will be given on Thursday, May 3rd from 4-6 p.m.

Practice Exams:
- Both the midterm and final exam will be similar to the generated “web tests” that are available on the Hawkes CD-ROM. I recommend that you spend some of your time studying for the exams by taking practice tests using the software. Note that the face-to-face exams will be written exams, and not completed on the computer.
Classroom: All exams are to be individual efforts. Anything less will not be tolerated. See the university's policy for more detail:
http://www.sfasu.edu/upp/pap/academic_affairs/academic_integrity.html.

Tutoring: The AARC (Academic Assistance and Resource Center) in the Steen Library has free tutoring available. They can be reached at 468-4108, or the website http://libweb.sfasu.edu/aarc. Make use of this valuable resource!
