Prerequisites: Admitted to Educator Certification; Enrolled in Field Experience I semester.

I. Course Description: Candidates will design and implement developmentally appropriate conditions for learning and instruction that are informed through assessment data.

II. Intended Learning Outcomes/Goals/Objectives:

During the course of this semester teacher candidates demonstrate potential as an elementary teacher and document effectiveness by completing an extended literacy project with children in a public school classroom. Teacher candidates are asked to administer assessments, analyze the results, and implement appropriate instruction.

The literacy project is a comprehensive project that provides evidence that each future teacher is able to use the early childhood and elementary education, reading knowledge, technology, and interaction skills developed in prior and current courses to demonstrate the ability to teach children in a diverse, public school setting. As stated in the College of Education's Conceptual Framework, "The professional standards and best practices that connect programs within the unit are predicated on candidate performance expectations that are aligned with professional, state, and institutional standards and systematically assessed to gauge candidate, program, and unit performance. A common thread within educator preparation programs is the centrality of diversity and integration of technology within each program."

Following the standards of the Association for Childhood Education International (ACEI), this course includes a family involvement component.

Through the project, teacher candidates will show qualities of a competent, successful, caring and enthusiastic professional who is dedicated to responsible service, leadership, and continued professional and intellectual development. The dispositions academic excellence, life-long learning, collaboration, openness, integrity, and service, which are valued by our college, should be reflected in performance in this course.

Each of the assignments in this field placement is designed to reinforce the shared vision and purpose of the SFASU College of Education. These assignments provide the field experiences that translate into knowledge, skills, and dispositions in the College of Education. It is this philosophy and vision that helps distinguish our graduates from those of other institutions. **Required:**

This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have not previously done so, you must purchase and activate the LiveText add-on, Field Experience Module (FEM), PRIOR to your first day of field experience/clinical teaching. Failure to purchase and activate the account and/or submit the required assignment(s) within the FEM system will reduce the final course grade by one letter. FEM must be purchased from www.livetext.com for a fee of $18.00.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or e-mail SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, e-
mail livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system will reduce the final course grade by one letter.

VII. Course Evaluations:
Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the COE. Evaluation data is used for a variety of important purposes including:

1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes;
3. Making decisions on faculty tenure, promotion, pay, and retention

As you evaluate this course, please be thoughtful, thorough, and accurate, in completing the evaluation. Please know that the COE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical. The course evaluation is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted. You will receive email reminders about course survey dates via your SFA.

VIII. Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week
of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

Attendance will be monitored electronically through D2L course access and submission of assignments.

**Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

**Student Academic Dishonesty: Policy 4.1**

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to: using or attempting to use unauthorized materials on any class assignment or exam; falsifying or inventing of any information, including citations, on an assignment; and/or; helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to: submitting an assignment as one's own work when it is at least partly the work of another person; submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or, incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

**Penalties for Academic Dishonesty**
Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals**
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

If you do not have legal documentation, you may want to reconsider your major while at SFASU.
3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

IX. Other Relevant Course Information:

REQUIREMENT FOR ADVANCEMENT IN TEACHER EDUCATION

In order to take the next course(s) in the professional teacher education sequence, departmental policy requires that teacher candidates maintain a GPA of 2.75 or better (the same as required for admission to Teacher Education).

Candidates failing to maintain at least a 2.75 GPA will be dropped from professional education courses.

Assignment Policy: All students are expected to complete assignments by the due date. However, each assignment (except Final Paper) has an “end date,” which is one week after the due date.
If extenuating circumstances arise, and the student cannot submit the assignment by the due date, then the student MUST notify the professor via D2L email for approval BEFORE the due date.

Then, with proper and timely notification, no deduction will be made if the assignment is submitted by the “end date.” If the student fails to notify the professor before the original due date, then no credit will be given to the late assignment.

ALL assignments must be completed for a grade in this course. Written work in which the use of the English language is not at an acceptable level for a university student will be returned to the student marked "Unacceptable" and a zero assigned.

Make-up Work: The decision whether to accept make-up work is at the discretion of the instructor. No make-up work will be accepted Finals Week.

Failure to comply with the above may result in a Program Continuation Plan.
