Phone: Office: 936-468-1606
Office: Math 352
Office Hours: MWF, 8:00 – 9:00AM, & TR, 10 – 11AM
Department: Mathematics and Statistics
SI Group: __________

Class meeting times and places:
Class on MWF at 10:00AM – 10:50AM in Room 359
Lab on T at 12:30 – 1:45PM in Room 359

Course Description: This course continues the development of calculus – the study of motion and change. It covers applications and techniques of integration, improper integrals, infinite series and power series.

Tentative Content Schedule: See D2L

Grading Policy: Your grade will be computed by a weighted average with the following items and percentages.

- HW & Lab Assignments: 20%
- Exam 1: 25%
- Exam 2: 25%
- Final Exam: 30%

Attendance Policy:
Roll will be taken at the beginning of each class (lecture and lab). Students will be given extra points added to their overall grade based on their attendance/participation in class.

- 0 – 2 late/absence/sleep/phone 2 points
- 3 – 4 late/absence/sleep/phone 1 point
- 5 – 6 late/absence/sleep/phone 0 points
- 7+ late/absence/sleep/phone -1 points

General Guidelines:
- Work every assigned HW problem independently (cancel Chegg subscription, self-evaluate, use a timer, etc.)
- Late HW will not be accepted.
- Do not ask, “Is THAT going to be on the exam?” I will provide a review for each exam, including the cumulative final exam.
- We care about how you think critically and problem solve, not regurgitate facts. Moreover, don’t expect your instructor to “teach to a test”.
- Do not ask for extra credit. You already have that opportunity by your attendance and participation.
**Academic Integrity (Policy A-9.1)**
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

The penalty for a student found cheating on any part of an assignment, quiz, or exam in this class will range from a grade of zero on the work to a grade of F in the course, and may result in additional, more severe disciplinary measures. A student who allows another to copy his work and the student copying the work are both guilty of cheating. Do your own work. Do not show your completed work to others. Do not allow others to copy your work.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp).

**Withheld Grades Semester Grades Policy (A-54)**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average. The circumstances precipitating the request must have occurred after the last day in which a student could withdraw from a course. Students requesting a WH must be passing the course with a minimum projected grade of C.

**Students with Disabilities**
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices](http://www.sfasu.edu/disabilityservices).

**Acceptable Student Behavior**
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1 [http://www.sfasu.edu/policies/student_conduct_code.asp](http://www.sfasu.edu/policies/student_conduct_code.asp)). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed.
