The course content in this course (HMS 242) emphasizes these specific areas associated with the NCFR Family Life Education Content (#s 1, 5, 7, and 9). There are a total of ten content areas in all—but primarily only four are covered in this course:

Area I: Families and individuals in societal contexts - an understanding of families and their relationships to other institutions, such as the educational, governmental, religious, and occupational institutions in society.
Area V: Interpersonal relationships - an understanding of the development and maintenance of interpersonal relationships.
Area IX: Professional ethics and practice - an understanding of the character and quality of human social conduct, and the ability to critically examine ethical questions and issues.

Specific to Teacher Certification:
National Association for the Education of Young Children (NAEYC). The course content in this course (HMS 242) provides information related specifically to the following standard noted below for the professional qualifying exam for students certifying to teach EC-4. Information from this class should be retained to use for review purposes for the TexES

NAEYC Standard II: Candidates know about, understand, and value the importance and complex characteristics of children, families and communities. They use this understanding to create respectful, reciprocal relationships that support and empower families, and to involve all families in their children’s development and learning.

IV. Course Assignments, Activities, Instructional Strategies, Use of Technology:

Course Assignments & Activities:

1. Service learning. Students will document 10 hours’ worth of volunteering in a community setting that involves direct interaction with school-age children, ages 5 through 17. As part of this assignment, students will also complete a reflection report about both their experiences volunteering and a topic in child-development that interests them and that they see exemplified during their volunteering. **Students are not allowed to volunteer in a school setting during normal school hours.**
Important notes on choosing a location:

a. Volunteering site examples include, but are not limited to the following: SFA Gear Up Program, Boys’ and Girls’ Club, 4-H, SFA Big Jacks, Helping House in Nacogdoches, Solid Foundation (an after school mentoring program), or other community non-public school settings (also see Nacogdoches Chamber of Commerce for ideas).
   1. If a faith-based organization is of interest, please make sure that the service involves direct contact with school-age children.
   2. A relative may not be your direct supervisor and/or sign your volunteer hour’s log.
   3. If you are not in Nacogdoches and need help finding a location to volunteer, feel free to notify me and I will help you search for opportunities in your area.

b. Students must clarify with the individual community agency/organization whether a given student is required to have a criminal background check or not. This may be done by specifically inquiring with the volunteer coordinator (or director of program) within the given agency/organization.

c. Select your service learning site carefully and early to avoid not completing service commitments.

Point breakdown for service learning portion of assignment (see schedule for due dates):

a. **Initial Volunteer Form** completed in its entirety with signatures; downloaded from D2L and uploaded into Dropbox = 40 Points

b. **Volunteer Check-In** Students will inform professor of how many volunteer hours completed up to this time period by showing a copy of volunteer log with signatures. You must have at least four hours to receive points = 30 Points

c. **Volunteer Time-Log** completed in its entirety with signatures; download from D2L filled out then submit to D2L dropbox. = 30 Points

2. **Volunteer Reflection Report.** Upon finishing your service hours, you will complete a worksheet about your experiences. Your answers will be long answer in paragraph form. You will use your experiences volunteering at a community organization as well as current academic research (years 2006-2017) to answer some of the questions.

Important notes on assignment:

a. Worksheet & instructions will be posted in D2L. Also, for some of the questions you will need to cite additional material. You must use APA formatting, so refer to the course required APA manual and/or lecture from the course to ensure proper formatting of your answers.

b. You will be expected to utilize the online academic articles available on the SFA library website.

c. Note: Failure to provide relevant resources to support your ideas will result in a zero earned for the final submission—because the references are critical to ensuring the validity of in-text citations and information presented.

d. The only acceptable references are published research journal articles and published research reports. You may use the textbook as a single reference but all others should be academic articles obtained from the SFA library or Google Scholar. Do not use newspapers or magazines to support your ideas.

e. DO NOT select an article from a general “.com website”, “newspaper or news site”, or “.orgs”. If you do go directly to a scholarly website, specifically see their publications and if the publication is appropriate, such as a published research report made available by a particular university research center or relevant national organization, then this may be used.
f. When using scholarly material for your report, DO NOT quote—but instead summarize in your own words (paraphrasing) and then apply correct APA in-text citations (e.g., note author and year published either before, during, or after a given sentence).

3. **Course Content Quizzes (Exams).** There will be 3 Course Content Quizzes (Exams) on information relevant to our textbook and lecture. These course content quizzes are like traditional course exams.

Important notes on content quizzes:

a. As with the entire course, Quizzes will be taken online via D2L. For Content Quizzes 1 & 2, the D2L Quiz will be open Monday at 12:01am through Sunday at 11:59pm the week they are assigned. The final Content Quiz will be taken during Finals week and will be open from Monday at 12:01 am through Wednesday at 11:59pm.

b. Please call Student Help Line at 468-1919 for technical assistance. Assistance is available M-F, 8:00-5:00 p.m. **NOTE:** if you wait until after 5pm and have technical problems, you may not be able to finish the assignment. Technical difficulties will not be valid excuses for missing/not finishing quizzes. Avoid waiting until the last moment to take the quiz.

c. Students must contact the professor prior to the Quiz date if rescheduling is necessary for a compelling reason. Because the quiz is open all week, a student must have a compelling reason for every day that the quiz is open (in other words, sickness on Sunday is not a compelling reason to make-up the quiz) Specifically, students should notify the professor as soon as possible, preferably more than a week prior to the regularly scheduled Quiz date. Missing the scheduled Quiz date without prior permission from the professor means that a student will earn a zero for the given quiz.

4. **Course Activities.** There will be five general course activities throughout the semester for which you will receive a grade. These may be surveys you complete, discussion board posts where you synthesize the information you learned in a module, quizzes over the material in a module, or other activities assigned by the instructor. Each activity is worth 20 points for a total of 100 possible points. Activities open on Monday at 12:01am the week they are assigned and close Sunday at 11:59pm. See the course calendar for activity names & due dates.

General Note on Late Assignments:

Late assignments (not including Content Quizzes) will be accepted with a 20-point deduction to the earned grade per day for three days (including weekends). After three days, late assignments will not be accepted e.g., submitting assignments as an attachment via email to professor, requesting to submit assignment after the due date has passed, requesting to redo assignment after points have already been assigned, and if assignment was submitted with improper formatting. You should always review documents that you upload in Dropbox to ensure that it is readable and it is the most appropriate document for the given assignment. Lastly, if you submit an assignment and did not follow all directions correctly, then you automatically receive a zero for the assignment since it is incomplete and you cannot resubmit. Content Quizzes are open all week and late submission is not allowed.
Use of Technology:
Please make sure that you have access to a working computer that has a reliable internet connection. You will also need to have speakers/headphones that work to complete the course. You will use D2L to access all course materials, submit your assignments, take your quizzes, check your grades, and communicate with both your classmates and with me. Internet access is an essential part of the course.

Important notes about D2L:
1. Course notices will be posted on the course homepage and it is the responsibility of each student to review D2L daily as you will be responsible for any information disseminated through D2L. You should check D2L on a daily basis. Neglecting to check D2L is NOT a valid excuse for not knowing course information.
2. Students should check their grades at least once a week. Any discrepancies in grades must be resolved within one week after assignment grades have been posted. Otherwise, the posted grade is considered final and will not be changed at a later date. I am always happy to discuss ways you can improve your work, even if the one week limit for a grade change has passed.
3. Most assignments that you will upload to D2L should be done using a Word document or PowerPoint. If you do not currently have, or anticipate having, access to Microsoft Office, then please make the appropriate arrangements to secure the appropriate software for use in this course. It would be virtually impossible for the professor to save work in multiple formats to accommodate for all individual software available—as such Microsoft Office is the sole means of acceptable software to be used for uploading relevant documents.
4. The most appropriate browsers to use with D2L are either Google Chrome or Firefox.

Attendance:
While there is not an attendance grade for this course per se, it is important for you to note that assignments due during a certain week will only be accepted by the due dates posted in D2L or on the syllabus. Not attending the course by getting online and completing the assignments will result in you earning a “0” for that week’s activities. Therefore, it is essential to your success that you participate each week as assigned. Additionally, you must complete at least one of the activities the first two weeks of class to avoid losing your financial aid. Therefore, either the introductory survey or the partnerships discussion should be completed to avoid being dropped from financial aid!!

V. Evaluation & Assessments (Grading):
The course is graded on a letter grade basis (A-F). Final grade will be determined by a percentage of total grades. All assignments will be graded on a 100 point scale, but will be weighted according to the percentages below.

- A = 89.5% - 100%
- B = 79.5% - 89.4%
- C = 69.5% - 79.4%
- D = 59.5% - 69.4%
- F = 0% - 59.4%

VII. **Course Readings (Required):** You may purchase digital copies if available.
2. Some lectures require online readings. Online links to articles are provided to you in D2L in these cases.

**Course Readings (Recommended):**
You will be provided a number of readings online to use as extra resources. Some of these readings may be used as extra credit opportunities. If extra credit is offered for readings, it will be announced in class and offered to all students. **Under no circumstances will extra credit be offered on an individual student basis.**

**VII. Course Evaluations:**

“Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!”

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

**VIII. Student Ethics and Other Policy Information: Found at [https://www.sfasu.edu/policies](https://www.sfasu.edu/policies)**

**Class Attendance and Excused Absence: Policy 6.7**

**Note:** In an online course, submission of assignments by their respective deadlines communicates regular appropriate attendance. For online courses, the information below can still be applied particularly for several policies noted.

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

**Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor
and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a
timely manner may delay your accommodations. For additional information, go to
http://www.sfasu.edu/disabilityservices/.

**Student Academic Dishonesty: Policy 4.1**

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of
plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another
source; and/or,
- incorporating the words or ideas of an author into one’s paper or presentation without giving the
author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-
submission of the work, make-up exam, failure of the course, or expulsion from the university

**Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures
outlined In Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of
WH will be assigned only if the student cannot complete the course work because of unavoidable
circumstances. Students must complete the work within one calendar year from the end of the semester
in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy
[i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH
will automatically become an F and will be counted as a repeated course for the purpose of computing
the grade point average

**Student Code of Conduct: Policy 10.4**

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of
other students to learn from the instructional program. Unacceptable or disruptive behavior will not be
tolerated. Students who disrupt the learning environment may be asked to leave class and may be
subject to judicial, academic or other penalties. This policy applies to all instructional forums, including
electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over
what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly
or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA.
Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call
the office at 936-468-2703.

**Additional Information:**
To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Undergo criminal background checks for field or clinical experiences on public school campuses; the public school campuses are responsible for the criminal background check; YOU are responsible for completing the information form requesting the criminal background check. If you have a history of criminal activity, you may not be allowed to complete field or clinical experiences on public school campuses. At that point, you may want to reconsider your major while at SFASU.
2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/ <http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.
3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder 936-468-1740 or snyderke1@sfasu.edu.

VIII. Other Relevant Course Information:

Acceptable Student Behavior
In an online course, acceptable behavior includes how you interact with your fellow students in online discussion forums and any group work. Language used should always be professional. Remember that your discussion posts are public and viewed by your classmates and myself. You should never post personal information that you would not disclose in a public classroom with 60 other people present. While you are encouraged to share personal experiences as examples for synthesizing class information, it will never be required of you to disclose information that makes you uncomfortable.

When disagreeing with other students in the class, please be professional and refrain from profanity, personal attacks, and slurs. Comments that are offensive in nature will be deleted and you will not receive credit for the offensive post. The professor will notify you if a post is removed due to the nature of the language used.

Class participation
Class participation promotes a valuable learning environment, and is therefore encouraged and expected. Participation includes asking questions (for clarification or better understanding), discussing current or controversial issues related to course content, exploring applications of ideas or concepts, problem solving, and other exchanges of ideas. It is the student’s responsibility (and to his/her benefit) to read the material assigned in the class schedule prior to the assignment to be able to participate effectively in discussion postings and/or activities. Students are encouraged to collaborate with others in the class when studying and/or reviewing material via chat, student-created discussion board postings, in person, or other methods by which they will be successful.
