Text and Materials:
Calculator with scientific notation.

COURSE CALENDAR:
Material will be covered in the following section order with approximate class time. Exam schedule is tentative.

1  Matter and Measurement (1 lecture)
2  Atoms, Elements, Molecules, Ions, and Compounds (1.5 lectures)
3  Chemical Formulas and Equations (1.5 lectures)
4  Chemical Reactions (2 lectures)
Exam #1 September 16, 2018

10 Gases (2 lectures)
5  Thermochemistry (2 lectures)
6  Electronic Structure (2 lecture)
Exam #2 October 7, 2018

7  Periodic Properties of the Elements (2 lecture)
8  Basic Concepts of Chemical Bonding (2 lectures)
9  Molecular Geometry and Bonding Theory (2 lectures)
Exam #3 October 28, 2018

11 Liquids and Intermolecular Forces (2 lecture)
12 Solids and Modern Materials (2 lecture)
13  Properties of Solutions (2 lecture)
Exam #4 December 2, 2018

Comprehensive Final - December 13, 2018 10:30-12:30 pm
Grading Policy:
4-semester exams (100 points per exam): The exams will be given online through Mastering Chemistry. There will be an in class portion given on Tuesdays during the recitation period. The format of the online portion will be multiple choice. The in class portion will be nomenclature and word problems. You must show all work for credit on a problem.
Final Exam (100 points): The final will be on December 13, 2018, 10:30-12:30 pm. The final exam is a comprehensive exam.
Homework (100 points): I will be assigning homework using Mastering Chemistry. You must have a subscription to complete the homework as well as the exams.

Method of Evaluation: The final grade will be based upon percentage of points obtained in the following:

<table>
<thead>
<tr>
<th>Exam</th>
<th>Points</th>

Grading scale - A= 90 - 100%; B= 80 - 89%; C= 70 - 79%; D= 60 - 69%; F= below 60%

Attendance Policy:
Attendance of class is mandatory. A total of four unexcused absences will result in the student being dropped from the class with a grade of "F". There will be no make-up exams.
You are required to attend lecture/lab recitation, Thursdays, 2:00-2:50 pm, Math 130.

Academic Integrity (A-9.1):
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp)

Any student found cheating will be subject to the penalties as stated in the Student Code of Conduct handbook; including but not limited to a score of zero on exam, expulsion from the class or expulsion from the University.
**Withheld Grades Semester Grades Policy (A-54):**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

The circumstances precipitating the request must have occurred after the last day in which a student could withdraw from a course. Students requesting a WH must be passing the course with a minimum projected grade of C.

**Semester Withdrawals:** Last day to withdraw from the course without obtaining WP or WF grade is October 24, 2018.

**Students with Disabilities:**
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

**Classroom Behavior Policy:**
To ensure a classroom environment conducive to learning, any forms of classroom disruptions will not be tolerated (examples but not limited to – talking, use of cell phones/beepers, sleeping, reading other material, eating/drinking). Students who violate these rules will be asked to leave. Repeat offenders will be subject to disciplinary action in accordance with University policies as described in the Code of Student Conduct.
