I. Course Description:
An opportunity to apply theory to practice. Hands-on interaction in mathematics and science instruction. Particular emphasis is placed on pedagogy, philosophy, and professional development.

Prerequisites: Admission to Teacher Education and enrollment in Field Experience II semester.

II. Intended Learning Outcomes/Goals/Objectives:
The field experience in this course provide a hands-on—minds-on learning opportunity for teacher candidates at SFASU. Practicum II field experience supports the mission of the College of Education by providing teacher candidates an opportunity to work with P-12 public school students as we prepare them to become competent, successful, caring and enthusiastic professionals. One of the goals of the College of Education is to provide a variety of teaching venues incorporating the latest technologies to a range of diverse student interests, backgrounds, and aspirations and through this field experience, as well as the other field placements in the program, teacher candidates work in a variety of teaching venues. Through field placements, teacher candidates also have opportunities to collaborate with external partners to enhance students’ knowledge, skills, and dispositions, and to influence the ongoing exchange of ideas. The NAEYC standards require that teacher candidates have opportunities to work with student and parents and in this field placement candidates learn to communicate effectively with parents. Through this course, teacher candidates learn to assess, plan, and implement instruction at appropriate levels. They also learn to use on-going assessment to reflect on student learning and teaching strategies to plan for future instruction. This course is one of three field placements for teacher candidates and through these field placements, the teacher candidates at SFASU become reflective professionals who have experience planning appropriate instruction for diverse student learners.

Technology

As part of this coursework, you are required to transmit teaching activities for observation via webcam. Sometimes the instructor may deem it necessary to view recorded activities instead of using the webcam. Adhere to the following guidelines when selecting the equipment to submit a recording. Digital recordings uploaded to a private YouTube account or submitted on jump drives are preferred.

Field Experience Professionalism:

**Professional Expectations:** Each candidate is expected to be familiar and fully comply with professionalism as it deals with the public school campus and the greater community.

**Appearance:** Teacher candidates must be dressed professionally each time they are on the campus to transmit or record lessons and activities. Their attire must comply with the local school district’s dress code. Shirts, slacks, necklines, hem length, jewelry, shoes, hair, and nails should be carefully considered EACH day. Tattoos must be covered. Jeans, tennis shoes, and school t-shirts are not considered professional attire – even if allowed on Fridays.

**Attendance:** Teacher candidates must follow all policies and procedures as outlined in this syllabus. Regular online class attendance and participation is required of all students. Students must be attending and participating in all courses to qualify for financial aid. Students reported for non-attendance or
non-participation in their courses could have their financial aid withdrawn.

**Professionalism and Commitment:** Teacher candidates are expected to employ effective teaching strategies. Candidates must demonstrate a commitment to the teaching profession by being punctual, completing all assignments in the course, exhibiting enthusiasm and initiative, and maintaining confidentiality at all times (inside and outside of school).

**Professional Demeanor:** Teacher candidates must maintain a high level of professionalism, including a professional demeanor which includes presenting oneself in a professional manner by practicing appropriate language, and maintaining confidentiality at all times. Teacher candidates are expected to communicate professionally in verbal and written communication (including electronic communication) when communicating with SFA instructors and the campus mentor teacher.

**Punctuality:** Teacher candidates are expected to arrive early and be set up and ready to transmit or record at the scheduled time.

Failure to comply with the above may result in a Program Continuation Plan. Teacher candidates receiving a Program Continuation Plan will have their practicum grade reduced by one letter.

**FINAL EXAM** - There is no final exam for ELE 450.

**IV. Evaluation and Assessments (Grading):**

Field Experience II is equal to a 3-hour credit course. Late work/submissions will not, as a rule, be accepted without prior approval. Late work/submissions may be submitted for 50% credit at the discretion of the instructor.

Final Grade for ELE 450 will be reduced by one letter for any of the following:
- Non-completed assignments (quizzes, discussions, dropboxes) outlined in the syllabus
- Non-submission of the LiveText assignments associated with this course by the date noted on the timeline
- Failure to return SFA equipment (computers, webcams, and mics) in working order by the date noted on the timeline.

Prerequisite to Field Experience II is a grade of C or better in ECH 350, ECH 332, ELE 302, RDG 322 and the TExES PPR exam must be passed successfully. Prerequisite to Clinical Practice (Student Teaching) is a grade of C or better in ELE 450, ELE 301, ELE 303, RDG 415 and all required TExES exams must be passed successfully.

GRADING-grades are determined by a percentage of total possible points earned based on the scale below:
- A = 90 – 100% (144 – 160 pts.)
- B = 80 – 89% (128 – 143 pts.)
- C = 70 – 79% (112 – 127 pts.)
- F = 59% or below (0 - 111 pts.)

Writing and Speaking Conventions are important and are also important to this (Field Experience) grade. If you are experiencing difficulty with Standard English, writing conventions, and/or other areas of communication, you should seek assistance at the campus Academic Resource Center at 936-468-4108. Teachers are expected to be capable of modeling and teaching the conventions of the English Language.

VI. Readings and Texts:

Required:
This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

In this course you must purchase and activate the LiveText add-on, Field Experience Module (FEM), PRIOR to your first day of field experience/clinical teaching. Failure to purchase and activate the account and/or submit the required assignment(s) within the FEM system may result in course failure. FEM must be purchased from www.livetext.com for a fee of $18.00.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or e-mail SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, call ext. 7050 or e-mail livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.

VII. Course Evaluations:

Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the COE. Evaluation data is used for a variety of important purposes including; course and program improvement, planning, and accreditation; instruction evaluation purposes; and making decisions on faculty tenure, promotion, pay, and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know...
that the COE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. This is an online course and attendance will be monitored through chats, timely completion and submission of course assignments, in addition to regular access of the course by the student through D2L.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student Academic Dishonesty: Policy 4.1

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to: using or attempting to use unauthorized materials on any class assignment or exam; falsifying or inventing of any information, including citations, on an assignment; and/or; helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to: submitting an assignment as one’s own work when it is at least partly the work of another person; submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or, incorporating the words or ideas of an author into one’s paper or presentation without giving the author credit.

Penalties for Academic Dishonesty
Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university
**Student Appeals**
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**
At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Student Code of Conduct: Policy 10.4**
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at [https://www.sfasu.edu/judicial/earlyalert.asp](https://www.sfasu.edu/judicial/earlyalert.asp) or call the office at 936-468-2703.

**Additional Information:**

**Code of Ethics for the Texas Educator:**
The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

**To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:**
Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved
educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person's potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual's self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:

- You enrolled or planning to enroll in an educator preparation program or
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation.

Additional information can be found at https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

1. Provide one of the following primary ID documents: passport, driver's license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/<http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

2. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder Martin at 936-468-1740 or snyderke1@sfasu.edu.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

Undergo criminal background checks for field or clinical experiences on public school campuses; the public school campuses are responsible for the criminal background check; YOU are responsible for completing the information form requesting the criminal background check. If you have a history of criminal activity, you may not be allowed to complete field or clinical experiences on public school campuses. At that point, you may want to reconsider your major while at SFASU.

IX. Other Relevant Course Information:

**REQUIREMENT FOR ADVANCEMENT IN TEACHER EDUCATION**

In order to take the next course(s) in the professional teacher education sequence, departmental policy requires that teacher candidates maintain a GPA of 2.75 or better (the same as required for admission to Teacher Education).

Candidates failing to maintain at least a 2.75 GPA will be dropped from professional education courses.
