IV. Course Assignments, Activities, Instructional Strategies, Use of Technology:

Course Assignments & Activities:

1. **Course Content Exams.** There will be 2 Course Content Exams on information relevant to our textbook and lecture. These course content quizzes are like traditional course exams.

Important notes on content quizzes:

- a. As with the entire course, exams will be taken online via D2L. For the midterm, the exam can be found in D2L in the Quizzes section and will be open Monday at 12:01am through Sunday at 11:59pm the week it is assigned. The final comprehensive exam will be assigned during Finals Week and will be open from Monday at 12:01am through Wednesday at 11:59pm.
- b. Please call Student Help Line at 468-1919 for technical assistance. Assistance is available M-F, 8:00-5:00 p.m. ****NOTE:** if you wait until after 5pm and have technical problems, you may not be able to finish the assignment. Technical difficulties will not be valid excuses for missing/not finishing quizzes. Avoid waiting until the last moment to take the quiz.
- c. Students must contact the professor prior to the exam date if rescheduling is necessary for a compelling reason. Because the exam is open for multiple days, a student must have a compelling reason for every day that the quiz is open (in other words, sickness on Sunday is not a compelling reason to make-up the exam)

Specifically, students should notify the professor as soon as possible, preferably more than a week prior to the regularly scheduled exam date. Missing the scheduled exam date without prior permission from the professor means that a student will earn a zero for the given exam.

2. **Course Activities.** There will be five general course activities throughout the semester for which you will receive a grade. These may be surveys you complete, discussion board posts where you synthesize the information you learned in a module, quizzes over the material in a module, or other activities assigned by the instructor. Activities open on Monday at 12:01am the week they are assigned and close Sunday at 11:59pm. See the course calendar for activity names and due dates.
3. **Community Lesson Plan Rough Draft.** You will submit a **rough draft** of the community lesson plan assignment to D2L by the assigned due date. Your rough draft will need to include a cover page and at least one reference. In order for the instructor to provide as much feedback as possible, it is crucial that you include as much information as you can in each component.
4. **Community Lesson Plan.** Each student will create a detailed lesson plan designed to facilitate a community-based workshop for a specific community audience. The lesson consists of 5 different components that must be addressed. Each component area is outlined below and points for each section can be found by looking at the community lesson plan grading sheet in the "Community Lesson Plan Project" module of D2L. The completed lesson plan components must be developed in a word document using 12-inch font, Times New Roman or Arial writing style, doubled-spaced and use relevant APA standards. Be sure to read and pay attention to requirements per component. The file should include a cover page, corrected lesson plan components and reference list(s). The reference list(s) must be created according to APA guidelines.

****This assignment must be uploaded into LiveText and D2L Dropbox to receive credit! Please make sure that you load the paper into both. Not loading the paper into both will lead to a grade of "0" for the assignment. A link and instructions for using LiveText will be provided in D2L and you will be reminded to upload your paper to both locations when the paper is due.****

The lesson plan must include the following components:

- Topic/Scope & Rationale/Purpose: You may choose a topic of choice related to some aspect of family life. The scope of the lesson plan identifies a family-based issue impacting upon an individual's or family's well-being. The rationale/purpose provides an explanation which discusses the reasons for selecting the family-based issue(s) and the need for a specific prevention/intervention strategy to address the identified needs to the targeted audience. The scope & rationale/purpose must be supported by 3 scholarly research articles between 2010-present. Include a description of the audience members that may potentially attend the workshop.
- FLE Content Area(s): Identify and state the content areas listed in the course text that pertain to the targeted population. Include a discussion for the selecting the FLE content area and how the content area matches the identified characteristics of the targeted audience.
- Objectives: List at least 3 objectives that demonstrate the learning activities that will take place during the community based workshop.
- Theoretical Framework: Explaining the Structure and Function of Families: Select a family-based theory that provides an explanation of the function of the family. Include citations demonstrating the use of at least 3 current research articles within the last 5 years which discuss the theory you have chosen.

- *For an example: A student is interested in conducting a workshop for Parents identified as abusive by Child Protective Services (CPS). The goal of the workshop is to help parents learned effective parenting strategies to minimize the risk for future abusive parenting practices. The student selects the Family stress theory because the theory provides explanation of the family dynamics related to abusive parenting behaviors and how these factors can lead to stressful relations and interactions between the family members. This theory further explains how stress is experienced by the family members involved and how stress may impact the well-being of the family.*
- **Procedures:** Provide a detailed description of the procedures, materials and resources used to execute the lesson plan for targeted audience members. This description must include the step-by-step actions taken by the facilitator to ensure the objectives of the workshop are achieved. The procedures must match the identified objectives. Include the following components:
 1. A list of scheduled activities
 2. Materials needed for the workshop (ie. Paper, pencils, tables, chairs, audio/visual equipment)
 3. Location and time the planned workshop will be offered and frequency, such as one-time only, monthly, etc.
 4. Registration process (on-line registration, face-to-face registration, etc.) fees and the format for payment
 5. Discuss added services (ex. Childcare, transportation, refreshments and/or meals, etc.)
 6. Participants dress code
 7. Community referral list of available services for the participants
 8. Issuance of certificates for attending the workshop
 9. Marketing Plan- discuss in detail how you plan to advertise and market the workshop to the public

General Note on Late Assignments:

Late assignments will not be accepted e.g., submitting assignments as an attachment via email to professor, requesting to submit assignment after the due date has passed, requesting to redo assignment after points have already been assigned, and if assignment was submitted with improper formatting. You should always review any document that you upload in Dropbox to ensure that it is readable and that it is the most appropriate document for the given assignment. Lastly, if you submit an assignment and did not follow all directions correctly, then you automatically receive a zero for the assignment, since it is incomplete and you cannot resubmit.

Use of Technology:

Please make sure that you have access to a working computer that has a reliable internet connection. To complete the course, you will also need to have speakers/headphones that work to complete the course. You will use D2L to access all course materials, submit your assignments, take your quizzes, check your grades, and communicate with both your classmates and myself. Internet access is an essential part of the course.

Important notes about D2L:

1. Course notices will be posted on the course homepage and it is the responsibility of each student to review D2L daily as you will be responsible for any information disseminated through D2L. You should check D2L on a daily basis. Neglecting to check D2L is NOT a valid excuse for not knowing course information.
2. Students should check their grades **at least once a week**. Any discrepancies in grades must be resolved within one week after assignment grades have been posted.

Otherwise, the posted grade is considered final and will not be changed at a later date. I am always willing to discuss ways you can improve your work, even if the one week limit for a grade change has passed.

3. Most assignments that you will upload to D2L should be done using a Word document or PowerPoint. If you do not currently have, or anticipate having, access to Microsoft Office, then please make the appropriate arrangements to secure the appropriate software for use in this course. It would be virtually impossible for the professor to save work in multiple formats to accommodate for all individual software available—as such Microsoft Office is the sole means of acceptable software to be used for uploading relevant documents.
4. The most appropriate browsers to use with D2L are either Google Chrome or Firefox

Attendance:

While there is not an attendance grade for this course per se, it is important for you to note that assignments due during a certain week will only be accepted by the due dates posted in D2L or on the syllabus. Not attending the course by getting online and completing the assignments will result in you earning a “0” for that week’s activities. Therefore, it is essential to your success that you participate each week as assigned. Additionally, you must complete the introductory discussion board by the end of the second week of class to avoid losing your financial aid!!

V. Evaluation & Assessments (Grading):

The course is graded on a letter grade basis (A-F). Final grade will be determined by a percentage of total grades. All assignments will be graded on a 100 point scale, but will be weighted according to the percentages below.

- A = 89.5% -100%
- B = 79.5% - 89.4%
- C = 69.5% - 79.4%
- D = 59.5% - 69.4%

1. Darling, C.A., & Cassidy, D. (2014). *Family life education: Working with families across the lifespan*. Long Grove, IL: Waveland Press.
2. Some lectures require online readings. In these cases, online links to articles are provided to you in D2L.

Course Readings (Recommended):

LiveText Statement:

This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have questions about obtaining or registering your LiveText account or need technical support, call ext. 2395 or email LiveText@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.

VII. Course Evaluations:

“Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:

1. Course and program improvement, planning, and accreditation;

2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!"

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information: Found at <https://www.sfasu.edu/policies>

Class Attendance and Excused Absence: Policy 6.7

Note: In an online course, submission of assignments by their respective deadlines communicates regular appropriate attendance. For online courses, the information below can still be applied particularly for several policies noted.

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student's attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to <http://www.sfasu.edu/disabilityservices/>.

Student Academic Dishonesty: Policy 4.1

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:

- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to:

- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

Penalties for Academic Dishonesty

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university

Student Appeals

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withheld Grades: Policy 5.5

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average

Student Code of Conduct: Policy 10.4

Classroom behavior should not interfere with the instructor's ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at <https://www.sfasu.edu/judicial/earlyalert.asp> or call the office at 936-468-2703.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person's potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual's self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a **non-refundable fee**. The requestor will

receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:

- You enrolled or planning to enroll in an educator preparation program or
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation. Additional information can be found at:

https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver's license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/ <<http://www.texas.ets.org/registrationBulletin/>>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.
3. Successfully complete a state mandated fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder Martin at 936-468-1740 or snyderke1@sfasu.edu.

VIII. Other Relevant Course Information:

Acceptable Student Behavior

In an online course, acceptable behavior includes how you interact with your fellow students in online discussion forums and any group work. Language used should always be professional. Remember that your discussion posts are public and viewed by your classmates and myself. You should never post personal information that you would not disclose in a public classroom with 60 other people present. While you are encouraged to share personal experiences as examples for synthesizing class information, it will never be required of you to disclose information that makes you uncomfortable.

When disagreeing with other students in the class, please be professional and refrain from profanity, personal attacks, and slurs. Comments that are offensive in nature will be deleted and you will not receive credit for the offensive post. The professor will notify you if a post is removed due to the nature of the language used.

Class participation

Class participation promotes a valuable learning environment, and is therefore encouraged and expected. Participation includes asking questions (for clarification or better understanding), discussing current or controversial issues related to course content, exploring applications of ideas or concepts, problem solving, and other exchanges of ideas. It is the student's responsibility (and to his/her benefit) to read the material assigned in the class schedule prior to the assignment in order to participate effectively in discussion postings and/or activities. Students are encouraged to collaborate with others in the class when studying and/or reviewing material via chat, student-created discussion board postings, in person, or other methods by which they will be successful.
