**IV. Course Assignments, Activities, Instructional Strategies, Use of Technology:**

**Course Assignments & Activities:**

1. **Syllabus Quiz:** A quiz will be given within the first three weeks of class over the syllabus (available online in D2L “Quizzes” module). Please review the syllabus and take the quiz. **Not completing the quiz by the due date may result in you being dropped from financial aid!!!!!!**

2. **Service learning.** Students will document 10 hours’ worth of volunteering in a community setting that involves direct interaction with school-age children, ages 5 through 17. As part of this assignment, students will also complete a researched academic poster about both their experiences volunteering and a topic in child-development that interests them and that they see exemplified during their volunteering. **Students are not allowed to volunteer in a school setting during normal school hours.**

**Important notes on choosing a location:**

a. Volunteering site examples include, but are not limited to the following: SFA Gear Up Program, Boys’ and Girls’ Club, 4-H, SFA Big Jacks, Helping House in Nacogdoches, Solid Foundation (an after school mentoring program), or other community non-public school settings (also see Nacogdoches Chamber of Commerce for ideas).
   1. If a faith-based organization is of interest, please make sure that the service involves direct contact with school-age children.
   2. A relative may not be your direct supervisor and/or sign your volunteer hour’s log.
   3. If you are not in Nacogdoches and need help finding a location to volunteer, feel free to notify me and I will help you search for opportunities in your area.

b. Students must clarify with the individual community agency/organization whether a given student is required to have a criminal background check or not. This may be done by specifically inquiring with the volunteer coordinator (or director of program) within the given agency/organization.

c. Select your service learning site carefully and early to avoid not completing service commitments.

Point breakdown for service learning portion of assignment (see schedule for due dates):
a. **Initial Volunteer Form** completed in its entirety with signatures; downloaded from D2L and uploaded into Dropbox by noon on the due date. = 40 Points

b. **Volunteer Check-In** Students will inform professor of how many volunteer hours completed up to this time period by showing a copy of volunteer log with signatures. You must have at least four hours to receive points. Check-in is due in class at the start of class on the due date = 30 Points

c. **Volunteer Time-Log** completed in its entirety with signatures; download from D2L filled out then submit to D2L dropbox by noon on the due date. = 30 Points

3. **Service-Learning Researched Academic Poster.** Upon finishing your service hours, you will complete a researched academic poster about your experience and a topic in child-development that you saw exemplified during your time volunteering. You will be provided with a template as well as a list of information to include in your poster. You will use your experiences volunteering at a community organization as well as current academic research (years 2007-2018) to complete the project.

   Important notes on assignment:
   a. A template & instructions for the project will be posted on D2L for completing the assignment. Also, you must use APA formatting, so refer to the lecture resources from the course to ensure proper formatting of your poster.
   b. You will be expected to utilize the online academic articles available on the SFA library website.
   c. Note: Failure to provide a minimum of three relevant academic resources to support your ideas will result in a zero earned for the final submission. The references are critical in ensuring the validity of in-text citations and information presented.
   d. The only acceptable references are published research journal articles and published research reports. You may use the textbook as a single reference but all others should be academic articles obtained from the SFA library or Google Scholar. Do not use newspapers or magazines to support your ideas.
   e. DO NOT select an article from a general “.com website”, “newspaper or news site”, or “.orgs”. If you do go directly to a scholarly website, specifically see their publications and if the publication is appropriate, such as a published research report made available by a particular university research center or relevant national organization, then this may be used.
   f. When using scholarly material for your poster, DO NOT quote—but instead summarize in your own words (paraphrasing) and then apply correct APA in-text citations (e.g., note author and year published either before, during, or after a given sentence).

4. **Course Content Quizzes (Exams).** There will be 3 Course Content Quizzes (Exams) on information relevant to our textbook and lecture. These course content quizzes are like traditional course exams.

   Important notes on content quizzes:
   a. **Quizzes will be taken online via D2L.** Content Quizzes 1 & 2 will be open from 5am-9pm on the day they are assigned. Content Quiz 3 will be given during the assigned time for the course during finals week. We will not meet face-to-face the days that an exam is assigned so that you may use the class time to take the exam. Exams are to be taken as individuals. You may use your notes and book to take the exam.
   b. Please call Student Help Line at 468-1919 for technical assistance. Assistance is available M-F, 8:00-5:00 p.m. **NOTE:** if you wait until the end of the time allotted and have technical problems, you may not be able to finish the assignment.
Technical difficulties will not be valid excuses for missing/not finishing quizzes. Avoid waiting until the last moment to take the quiz.

c. Students must contact the professor prior to the Quiz date if rescheduling is necessary for a compelling reason. Specifically, students should notify the professor as soon as possible, preferably more than a week prior to the regularly scheduled Quiz date. Missing the scheduled Quiz date without prior permission from the professor means that a student will earn a zero for the given quiz.

5. **Group Bulletin Board.** You will be assigned to a group to complete a bulletin board for the Boys & Girls Club of East Texas in Nacogdoches or Lufkin. You will be randomly assigned to a group for this project. Together you will pick a community or school aged oriented theme and design a bulletin board for the Boys & Girls Club. Supplies can be purchased from a variety of locations including dollar stores, Wal-Mart, & Target. A limited number of supplies are available from the instructor for your use at no charge.

Point breakdown for the group bulletin board assignment (see schedule for due dates). All points, except for the “Bulletin Board” points are given on an individual basis. Please note that attendance days are not available for make-ups. Your presence to help your group is the purpose of these class meetings and if missed, for any reason, the points will not be awarded:

a. Work Day 1 attendance & worksheet = 10 points.
b. Work Day 2 attendance = 10 points.
c. Work Day 3 (presentation work day) = 10 points.
d. Bulletin board. I will visit the clubs after the due date and evaluate the boards. I’m looking to see that they are up, match the theme you presented to me, and are completed with care. = 40 points
e. Reflection worksheet = 20
f. Peer Review = 10 points. You can earn up to 10 points for completing the peer review on your group members. Any group member who receives a composite score (all group member’s scores combined) that is below average will have 20 points deducted from their individual grade.

6. **Group Bulletin Board Presentation.**

General Note on Late Assignments: **Late assignments will not be accepted** e.g., submitting assignments as an attachment via email to professor, requesting to submit assignment after the due date has passed, requesting to redo assignment after points have already been assigned, and if assignment was submitted with improper formatting. You should always review any document that you upload in Dropbox to ensure that it is readable and it is the most appropriate document for the given assignment. Lastly, if you submit an assignment and did not follow all directions correctly, then you automatically receive a zero for the assignment since it is incomplete and you cannot resubmit.

**Use of Technology:**
Please make sure that you have access to a working computer that has a reliable internet connection. You will also need to have speakers/headphones that work to complete the course. You will use D2L to access course materials, submit your assignments, take your quizzes, check your grades, and communicate with both your classmates and with me. Internet access is an essential part of the course.
Important notes about D2L:

1. Course notices may be posted on the course homepage and it is the responsibility of each student to review D2L daily as you will be responsible for any information disseminated through D2L. You should log-on to D2L on a daily basis to check for notices. Neglecting to check D2L is NOT a valid excuse for not knowing course information.

2. Students should check their grades at least once a week. Any discrepancies in grades must be resolved within one week after assignment grades have been posted. Otherwise, the posted grade is considered final and will not be changed at a later date. I am always willing to discuss ways you can improve your future work, even if the one-week limit for a grade change has passed.

3. Most assignments that you will turn in for this course should be done using a Word document or PowerPoint. If you do not currently have, or anticipate having, access to Microsoft Office, then please make the appropriate arrangements to secure the appropriate software for use in this course. It would be virtually impossible for the professor to save work in multiple formats to accommodate for all individual software available—as such, Microsoft Office is the sole means of acceptable software to be used for uploading relevant documents.

4. The most appropriate browsers to use with D2L are either Google Chrome or Firefox.

Attendance:

Class attendance is beneficial to your grade. While your general attendance is not part of your course grade, you have a group project with three workdays for which you will earn individual points for your group project grade by attending. Your presence is critical for your group’s success and these days are not available for “make-up”. These days are marked on the calendar and you will be notified in class and via D2L should any changes arise in dates. Additionally, we will do many in-class activities that relate to the topic discussed in class. Being present and actively participating in these activities (no social media, texting, off-topic side conversations, etc.) can earn you up to 10 points of extra credit on your final exam (enough to raise your overall course grade by 2 points!). These points are not available for make-up for any reason and must be completed in class on the day they are given. Finally, I will take attendance daily for records purposes. It is your responsibility to sign the roll sheet daily. Forgetting to sign the roll will record that you did not attend all classes.
V. Evaluation & Assessments (Grading):
The course is graded on a letter grade basis (A-F). Final grade will be determined by a percentage of total grades. All assignments will be graded on a 100 point scale, but will be weighted according to the percentages below.

- A = 89.5% - 100%
- B = 79.5% - 89.4%
- C = 69.5% - 79.4%
- D = 59.5% - 69.4%
- F = 0% - 59.4%

VII. Course Readings (Required): You may purchase digital copies if available.
1. Epstein, J.L. (2011). *School, Family, and Community Partnerships* (2nd ed.). Boulder, CO: Westview Press. **Please note that in previous semesters, the library has had a digital copy that could be used with internet access for no cost. This may or may not continue to be available and the bookstore has hard copies of the book.**
2. Some lectures require online readings. In these cases, online links to articles are provided to you in D2L.

Course Readings (Recommended):
You will be provided a number of readings online to use as extra resources. Some of these readings may be used as extra credit opportunities. If extra credit is offered for readings, it will be announced in class.
and offered to all students. Under no circumstances will extra credit be offered on an individual student basis.

Course materials: You will be using or purchasing materials for your group bulletin board project. Materials can be purchased inexpensively at locations like dollar stores and Wal-Mart. Additionally, some materials may be available from your professor. Boards should be decorated for less than $20.

VIII. Course Evaluations:

Course evaluations are relevant and helpful for designing future courses. Your completion of the evaluation sent to you through D2L at the end of the semester is strongly encouraged. You will be reminded in class to complete the evaluation. I take the evaluations very seriously and use them to design my courses.

“Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!”

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

IX. Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a
timely manner may delay your accommodations. For additional information, go to 
http://www.sfasu.edu/disabilityservices/

Student Academic Dishonesty: Policy 4.1

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

Penalties for Academic Dishonesty
Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

Student Appeals
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withheld Grades: Policy 5.5

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Student Code of Conduct: Policy 10.4

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

**Code of Ethics for the Texas Educator:**
The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person’s potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

   A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

   You are eligible to request a Preliminary Criminal History Evaluation if:
   
   - You enrolled or planning to enroll in an educator preparation program or
   - You are planning to take a certification exam for initial educator certification, and
   - You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

   You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

   In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for
evaluation. Additional information can be found at:
https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/ <http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete a state mandated fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

Acceptable Student Behavior
In a face-to-face course, acceptable behavior includes how you interact with your fellow students in class discussions, online discussion forums, and any group work. Language used should always be professional. While you are encouraged to share personal experiences as examples for synthesizing class information, it will never be required of you to disclose information that makes you uncomfortable. When disagreeing with other students in the class, please be professional and refrain from profanity, personal attacks, and slurs.

Class participation
Class participation promotes a valuable learning environment, and is therefore encouraged and expected. Participation includes asking questions (for clarification or better understanding), discussing current or controversial issues related to course content, exploring applications of ideas or concepts, problem solving, and other exchanges of ideas. It is the student’s responsibility (and to his/her benefit) to read the material assigned in the class schedule prior to the assignment in order to participate effectively in discussion postings and/or activities. Students are encouraged to collaborate with others in the class when studying and/or reviewing material via chat, student-created discussion board postings, in person, or other methods by which they will be successful.
