Instructor: Sally Ann Swearingen, M.A., MFA, RID, IDEC, ASID & IIDA.

Course Time & Location:
On-Line but Monday’s from 1:30-2:00
Available on-line to answer questions.
Text first 936-554-9596 then we will meet in Zoom

Office: HMSS 101B

Office Hours:
M 1:30-5:00
TU: 9:00 – 9:30 a.m. & 1:30-2:00 p.m.
Wed: 8:30-9:00 a.m.
Other times by appointment only.

Office Phone: 936 468-2048

Other Contact Information:
Email: sswearingen@sfasu.edu
saswearingen@yahoo.com

Credits: 3

Prerequisites:

I. Course Description: Codes and Materials
   Building and interior does, including model codes, life safety, ADA and building materials used in residential and commercial interiors.

II. Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes):

The mission of the College of Education is to prepare competent, successful, caring, and enthusiastic professionals dedicated to responsible service, leadership and continued professional and intellectual development.

In the College of Education at Stephen F. Austin State University, we value and are committed to:

- Academic excellence through critical, reflective and creative thinking
- Life-long learning
- Collaboration and shared decision making
- Openness to new ideas, culturally diverse people and innovation and change
- Integrity, responsibility, diligence, and ethical behavior, and
- Service that enriches the community

<table>
<thead>
<tr>
<th>Program Learning Outcomes</th>
</tr>
</thead>
<tbody>
<tr>
<td>The student will display the professional dispositions (academic excellence, life-long learning, collaboration, openness, integrity, and service) relative to the field of Human Sciences.</td>
</tr>
<tr>
<td>The student will exhibit the professional behavior (strong communication skills, a professional image, a good work ethic and adequate preparation for employment in his/her specific discipline) expected in the field of Human Sciences.</td>
</tr>
</tbody>
</table>
The student will demonstrate competence in his/her specific discipline using oral and written forms.

The student will be able to identify basic design fundamentals such as the elements and principles of design.

Students will be able to graphically convey a perspective drawing in 3 dimensions.

---

**Student Learning Outcomes**

*Upon successful completion of the course, the student will:*

**Standard 15. Construction**

Student work demonstrates understanding that design solution affect and are impacted by:

e) the integration of building systems including power, mechanical, HVAC, data/voice telecommunications, and plumbing

f) Monitoring systems including energy, security, and building controls systems. *(4)*

Students are able to:

i) read and interpret base-building construction documents. *(5)*

**Standard 16. Regulations and Guidelines**

a) Students have awareness of the origins and intent of laws, codes, and standards.

Student work demonstrates understanding of laws, codes, and standards that impact health, wellness, security, and fire and life safety, including:

b) sustainable environment guidelines. *(1)*

c) compartmentalization: fire separation and smoke containment.

d) movement: access to the means of egress including stairwells, corridors, exitways.

e) detection: active devices that alert occupants including smoke/heat detectors and alarm systems.

f) suppression: devices used to extinguish flames including sprinklers, standpipes, fire hose cabinets, extinguishers, etc.

Students apply:

g) industry-specific regulations and guidelines related to construction. *(2)*

h) industry-specific regulations and guidelines related to products and materials. *(3)*

i) federal, state/provincial, and local codes and guidelines. *(4)*

j) barrier-free and accessibility regulations and guidelines. *(5)*

**Additional Students will:**

b) Discuss and value of integrated design practices. Guest lecturers creates an awareness of integrated practices in which the design process along with the approval process of working drawings within a jurisdiction.

d) interaction with multiple disciplines representing a variety of points of view and perspectives. Guest lecturers of city building officials and city fire marshal creates
This course enhances student learning in the area of Codes and serves as one of the foundation courses in the Interior Design Program in the School of Human Sciences. It also aligns with the standards of the Council for Interior Design Accreditation (CIDA) to promote learning and understanding of health, safety, and welfare issues in the built environment.

For additional information on meaningful and measurable learning outcomes see the assessment resource page [http://www.sfasu.edu/assessment/index.asp](http://www.sfasu.edu/assessment/index.asp)

III. Course Assignments, Activities, Instructional Strategies, use of Technology:

**Course Assignments/ Activities:** In-class assignments and quizzes (may be announced or unannounced), and project/presentation.

**Instructional strategies may include:** lectures, class discussion, group participation, guest speakers, and videos.

**Use of Technology include:** D2L/Bright space/ internet assignments/activities/research, and word processing plus video. Students MUST have access to a microphone, camera with their computer.

1. HMS 319 is a D2L on-line course. Information notices will be posted on the course home page. The homepage includes icons for class assignments (dropbox), discussion board questions, and grades. Students are strongly encouraged to contact the instructor and/or other students via the homepage mail icon, chats, and/or discussion postings.

2. Course content is delivered via video class lectures, readings and discussions, assigned readings, assignment, and questions directly relevant to the course content. **Students should check the homepage on a daily basis for notices, mail, and assignments.** Neglecting to check the homepage is NOT a valid excuse for missing an assignment due date. Most worksheets are due on Thursday but a couple are due on Tuesday. **PLEASE** be observant.

3. Students should check their grade points at least once a week. Any discrepancies in points must be resolved within one week after assignment
grades have been posted otherwise the posted grade points are considered final and will not be reviewed at a later date.

4. Assignments that are posted on the D2L Management System are predominately saved in the Word 2007 or later format or PDF.

IV. Evaluation and Assessments (Grading):

The course is graded on a letter grade basis (A-F). Final grade will be determined by a percentage of total required points for the course. (total of points)

A=90-100% of required points; B=80-89%; C=70-79%; F=0-69 %.

(Final points may vary slightly due to pop quizzes and/or in class participation).

Grading Scale:

Total possible points: (950 pts)

Grading Scale: 955-855= A; 854 – 760=B

759-686=C; 685-0  F (Total points below 686 are not acceptable)

Course Points are earned through:

1. Scores on exams. There will be 5 exams during the semester, one of which will be administered via MyCourses and the others face to face.. Students must contact the instructor prior to the exam date if rescheduling is necessary for a compelling reason. All exams must be made up within 4 class days or a grade of zero will be recorded.

1. Exams include: (total of 600 points) Chapters Referenced: The codes guidebook for Interiors. Additional content information will be used from IBC.

1. Exams 1 100 points (Text Chapters 1-3, 10) plus IBC

Chapters that correlate.

Defining Codes, History of Codes, Federal Regulations, Standards Organizations, Local Codes

Key Terms, Understanding Occupancy Classifications, Comparing the codes,

Description of Occupancies, Other Occupancy Considerations, More than One Occupancy Types,

Accessibility Requirements, Determining Occupant Loads, Understanding Construction Types, Comparing the Codes, Combustible versus Noncombustible,

Determining Construction Types, Understanding Building Height and Area,
Height and Area Limitations.

2. **Exam 2** 100 pts (Chapters 1-4) plus IBC Chapters that correlate.
   All of the information from Chapters 1-3 plus Key terms used in Means of Egress, Comparing the Codes, Means of Egress Components, Exit Accesses, Exits, Area of Refuge, Exit Discharge, Means of Egress Capacity, Arrangement of Exits, Signage, Emergency Lighting and Communication

3. **Exam 3** 100 points (Chapters 5-7) plus IBC Chapters that correlate
   Fire-Resistant Materials and Assemblies – Key Terms, Comparing the Codes, Compartmentation in a Building, Fire Walls, Fire Barriers, Horizontal Assemblies, and Fire Partitions, Smoke Barriers and Smoke Partitions, Opening Protectives Through-Penetrations Protectives, Test Ratings, Using Rated Materials and Assemblies Plumbing and Mechanical Key Terms, Comparing Plumbing Codes, Number of Plumbing Fixtures and Fixture Requirements, Comparing Mechanical Codes, Energy Efficiency and Water Conservation.

4. **Exam 4** 100 points (Chapters 8-9 plus residential-Appendix D) plus IBC Chapters that correlate.

5. **Final Exam** 200 points (Comprehensive) Entire Text plus all chapters that correlate to text in IBC. / IBC used in exam.
   Comprehensive Exam over Text Materials, IBC Code Book and

2. **In - or out - of class assignments.** In-class assignments ("pop quizzes", "in-class activities" etc) **cannot be made up** if missed due to an absence, unless **prearrangements** have been made with the instructor. Students must be present in class to turn in all assignments that are due in class. Students are responsible for all course assignments and notices posted on the course home page, and all messages sent to students via email.

   1. **Assignments include:** (total of 350 points)
1. Students introduce yourself video – 20 points
2. Quiz 25 points

Worksheets of each Chapter “The Codes Guidebook for Interiors”
3. Chapter 1 About the Codes 25 pts
   Short Answer and Study Problems
4. Chapter 2 Occupancy Classifications and Loads 25 pts
   Short Answer and Study Problems
5. Chapter 3 – Construction types and Building Sizes 25 pts
   Short Answer and Study Problems
6. Chapter 4 Means of Egress 25 points
   Short Answer and Study Problems
7. Chapter 5 Fire-Resistant Materials and Assemblies 25 pts
   Short Answer and Study Problems
8. Chapter 6 – Fire-Protection Systems 25 pts
   Short Answer and Study Problems
9. Chapter 7 – Plumbing and Mechanical Requirements 25 pts
   Short Answer and Study Problems
10. Chapter 8 – Electrical and Communication Req 25 pts
   Short Answer and Study Problems
11. Chapter 9 – Finish and Furniture Selection 25 pts
    Short Answer and Study Problems
12. Chapter 5 – Group Video 50 pts
13. Zoning Board Meeting 25 pts
14. City Commission Meeting 25 pts
15. Code Official Job Shadowing - 80 points
    In order of having a better understanding of codes, you are required to shadow a building inspector to an inspection. Building Inspection departments in a city review the plans and once they are submitted by the contractor, each phase of the construction must be inspected to confirm that it is being build to the standards that the city has agreed to follow in that jurisdiction. Nacogdoches follows the 2012 IBC Code book. City of Houston follows the 2012 IBC / IRC. As a class we have been learning about the different components of codes. This shadowing experience will affirm the applications.
You will be responsible to shadow one of the inspectors through one inspection they require in that jurisdiction. Examples: Foundation/plumbing I, Plumbing – rough in stage, electrical & Mechanical, framing, and final inspection. Each inspection you attend you must get a signature on this page, plus write a ½ page plus summary of what you saw and learned from the experience with a photograph of you and the inspector. OR you may go and visit with an inspector who is reviewing plans, ask questions, seek what he is looking for, etc.

3. **Extra-Credit Options.** Opportunities to earn extra-credit may be given during the semester. These assignments may not be announced ahead of time and cannot be made up if missed. You may attend any CEU that pertains to codes in general to receive a 10 point bonus. You MUST have proof of attendance and a one page summary must be submitted. The 10 points are added to the total of your accumulative points.

   Evaluation forms are located in course through D2L

   Grading Scale:
   
   Total possible points: (1050 pts)

   Grading Scale: 1050-945 = A; 944-840 = B

   839-735 = C; 734-0 F (Total points below 734 are not acceptable)

V. Tentative Course Outline/Calendar:

Dec 3  1:30-2:30  Review for Final, question and answer time.
      Study for Exam

Final Exam
Opens Dec 12 –
Closes Dec 14
Final Exam is comprehensive. It opens Dec 12th at 9 a.m. and closes Dec. 14th at 9 a.m. Allow 3 hours to work through the exam.

Fall 2018 Dates to remember

Interior Design Charrette Opportunity
- All students must sign up prior Wednesday Sept. 26th. Sign up sheet is posted on Mrs. Bridwell’s Door HMSS Room 102B. Teams will be provided Thursday at 4:30 p.m. (If you will not be on this campus/ go to either an ASID or IIDA meeting in your area, two times and write up the experience)

Goal is to revamp the Gallery and Resource room of HMS South. Scope of Services we will perform:
1. Measure and draw up existing spaces.
2. Take pictures for references.
3. Generate an existing plan.
4. Create a proposed plan with proposed furniture/furnishings/ lighting/ materials/color scheme and sketches of proposed areas.

Thursday, September 27th: 4:30 – 5:30
4:30- 4:45 p.m. Check in and meet your team.
4:45 p.m. – Presentation on How to measure (Bring a tape measure and a pad).
5:00 p.m. – Q & A about project.
5:30 p.m. - Ice Cream Social and meet the officers of ASID/IIDA

Friday, September 28th: 8:00 a.m. – 3 p.m. Teams will work in HMS building. (in between presentations your team may brainstorm)
5. Doors open at 8:00 a.m. Check in and get with team
6. 8:30 a.m. Presentation on Sources
7. 9:00 a.m. Time to work and measure the space
8. 10:00 a.m. Write your objectives and start researching
9. 11:00 a.m. Review and write your program, begin planning
10. 11:30 a.m. Prepare schematics to scale and review with program to determine which plan works the best
11. Noon – Lunch provided by Interior Design Faculty
12. 1:00 p.m. Review and implement ADA requirements, and Security
13. 2:00 p.m. Finalize drawings and presentation
14. 3:00 p.m. Present your findings
15. 4:30 p.m. Clean up and go hang with new friends

WATCH FOR POSTED DATES OF DESIGN CEU’S in GALLERY

WATCH FOR POSTED DATES OF DESIGN CEU’S on campus or attend one provided by TAID, ASID or IIDA.

VI. Readings (Required and recommended—including texts, websites, articles, etc.):
Harmon, S. The Codes Guidebook for Interiors, edition 6

Texas Accessibility Standards Field Reference Manual, order by www.supportTAID.org

You will not have an assignment that requires you to implement work into LiveText.

LiveText Statement
This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or e-mail SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, call ext. 7050 or e-mail livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.
(With the new roll out of mySFA and the email process, titan mail is changing to ____@jacks.sfasu.edu.)

FEM Statement: (NOT required for this course but will be before you enlist in HMS 420/ Practicum / Internship.

In this course you must purchase and activate the LiveText add-on, Field Experience Module (FEM), PRIOR to your first day of field experience/clinical teaching. Failure to purchase and activate the account and/or submit the required assignment(s) within the FEM system may result in course failure. FEM must be purchased from www.livetext.com for a fee of $18.00.
VII. Course Evaluations:

“Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information:

Attendance: (Interior Design Policy)
Class attendance is vital to success in this course and is expected from all students. Class will begin and end on time. Students are encouraged to be punctual out of courtesy for others, but also to ensure that they will not miss important announcements or be late for a quiz, test, or special activity. In addition, any hard copy assignments and projects due will be due at the beginning of class. Due to the potential for excessive disruption in the learning environment, the classroom door will be locked once class begins, starting the third week of class. As a courtesy, interior design faculty permit students One free, undocumented absences per course each semester. Please use wisely.

This absence covers any type of need such as illness, weddings, car problems, family emergencies, and personal travel, etc. (excludes planned absences for SFA extracurricular function). If additional absences are incurred, 3 points will be deducted from the final point total for each day the student is not in attendance. Attendance will be taken from the sign-in sheet circulated each class session or roll.

It is the student’s responsibility to sign-in personally. Do not sign the attendance sheet for another student nor ask someone else to sign for you. This is dishonest and unethical and is inappropriate behavior for an emerging professional. Students may not sign the attendance sheet after class has been dismissed for the day. Students are expected to arrive on time and remain for the entire class session to
receive attendance credit. Students who leave early and/or neglect to sign in may be counted absent.

The instructor should be notified immediately if an extended illness occurs. Documentation of an extended illness is mandatory. Any student having a PLANNED ABSENCE for an SFA university function MUST NOTIFY the professor IN WRITING prior to the absence. This note should be accompanied by an official, signed SFA memo stating the necessity of the absence. Notes may be verified on the web page for the Registrar's Office that documents the absence of students for University related functions. It is the responsibility of the student to make arrangements for missed time BEFORE the absence occurs.

Policy 6.7 University Policy: Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences.

Class participation:
Class participation promotes a valuable learning environment, and is therefore encouraged and expected. Participation includes asking questions (for clarification or better understanding), discussing current or controversial issues related to course content, exploring applications of ideas or concepts, problem solving, and other exchanges of ideas. It is the student’s responsibility to read the material assigned in the class schedule prior to the class period to be able to participate effectively in class discussions and/or activities.

Cell Phones:
Cell phones must be turned off and placed out of sight during class. It is considered unprofessional and disrespectful to engage in text messaging, internet usage, and/or email while in class. Students who habitually violate this policy will be asked to leave the class. In the unusual circumstance that one must leave his/her phone on vibrate (with a sick child at home or waiting for emergency information via phone), notifying the instructor at the beginning of class is appropriate and expected to avoid confusion.
Presentation Attire:
Modest, comfortable dress is expected for regular classes. For class presentations, professional dress or professional casual is required. In general, professional dress includes: a jacket or jacket-substitute such as a vest or cardigan, modest full-length pant or knee-to-calf length skirt, modest shirt with sleeves, and closed-toe shoes. Hair of shoulder-length or longer should be pulled up or back. Common professional dress ERRORS TO AVOID are denim clothing, tennis shoes, flip-flops, sleeveless clothing, tight-form-fitting clothing, bare midriffs, underwear that shows, low-rise pants which reveal naval abdomen or lower hips area, and low-cut tops which reveal the male chest or female cleavage.

Acceptable Student Behavior

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed.

Final Exams:
Final exam date and time is established by the university, and are not to be changed by the faculty. Please do not ask to change the final exam date or time. Your exam will be on-line.

Students with Disabilities

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student Academic Dishonesty: Policy 4.1
Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

**Academic Integrity**

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to:

1. using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class;
2. the falsification or invention of any information, including citations, on an assigned exercise; and/or
3. helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are:

1. submitting an assignment as if it were one’s own work when it as at least partly the work of another person;
2. submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
3. incorporating the words or ideas of an author into one’s paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp).

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3)

**Withheld Grades Semester Grades Policy (5.5)**

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot
complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which the WH is assigned, or the grade automatically becomes an F, except as allowed through policy [(i.e., Active Military Service (6.14)] If students register for the same course in future terms, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Student Code of Conduct: Policy 10.4**

Classroom behavior should not interfere with the instructor's ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp

**Instructor Conferences:**

All students are encouraged to take time to meet individually with the instructor during the semester. Every effort will be made to respond to individual needs. If at any time a student feels that s/he is having problems related to the course, s/he is advised to contact the instructor as soon as possible. Likewise, the instructor may request a meeting with a student outside of class time if necessary. Many problems can be resolved easily if promptly addressed. Students are invited to "chat" with their instructor, in addition to face to face meetings. While the instructor does hold regular office hours, it is strongly recommended that students make an appointment to avoid unforeseeable conflicts.
