Software Used in the Course
All text-based documents and assignments, which are submitted online, must be in Microsoft Word. Assignments submitted in Microsoft Works, WordPerfect, or as PDF, graphics, or zipped files will not be accepted. You will also need software to read and/or create PowerPoint slides. Even if you do not have Microsoft Word or Microsoft PowerPoint on your computer, as a SFA student you have unlimited access to Office 365 through your mySFA account. Plan to use the software in an on-campus computer lab or some other PC location if you do not want to download the Office 365 onto your own PC. You may need Acrobat Reader to review some graded assignments in PDF format. If you prefer to purchase software for your computer instead, contact the SFA bookstore. For additional information on how to use the Office 365 as a student, please visit http://www.sfasu.edu/mysfa/o365/student/ productivity-apps/"

Equipment for the Course
You will need reliable access to the Internet so that you can have routine access to this all-online course. You will also need easy access to the software mentioned above. We will be using an online format called YouSeeU to post video and PowerPoint presentations. Information on how to use the platform is in D2L, YouSeeU module. For one or more assignments, you will need appropriate equipment such as a webcam, a cell phone, a video camera, or use of the SFA College of Business resources to video record. Additional information is in the course D2L modules and assignment documents.

General Education Core Curriculum (Information provided by the SFA Provost)
This course has selected to be part of Stephen F. Austin State University’s core curriculum, though this may change. The Texas Higher Education Coordinating Board has identified six objectives for all core courses: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general education core curriculum by regular assessment of student performance on these six objectives.

Assessment of these objectives at SFA will be based on student work from all core curriculum courses. This student work will be collected in D2L through LiveText, the assessment management system selected by SFA to collect student work for core assessment. If a course and/or assignment you are taking is to be assessed, LiveText accounts will be provided to all students enrolled in core courses through the university technology fee. You will be required to register your LiveText account, and you will be notified how to register your account through your SFA e-mail account. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails. If you have questions about LiveText call Ext. 1267 or e-mail SFALiveText@sfasu.edu.
The chart below indicates the core objectives addressed by this course and the assignment(s) that will be used to assess the objectives in this course and uploaded to LiveText. **Not every assignment will be collected for assessment every semester.**

For additional information on meaningful and measurable learning outcomes see the assessment resource page [http://www.sfasu.edu/assessment/index.asp](http://www.sfasu.edu/assessment/index.asp)

**Course Methodologies**
The following methods may be used in the course:
- Online discussions and email
- Documented report/proposal and online oral presentation
- Online homework assignments
- Online exams and quizzes
- Computer creation and editing of documents

**Grades/Submission Policy**
Online students are expected to submit online assignments by the deadlines. Grades can be accessed through Desire2Learn (D2L). You should check your posted grades and communicate any questions. You must check your grades prior to final exam week. Unless you email prior to finals week, you indicate you are in agreement with the grades posted. Do not contact the instructor during finals week asking to makeup an assignment or be allowed extra credit! Please see Makeup Policy for more information.

All writing assignments must be submitted via D2L using Microsoft Word. (See syllabus section on Software required for the course.) All assignments that are not submitted according to course instructions will result in a less or zero grade. If a file you have submitted to the dropbox cannot be opened, there will be nothing to grade, and you will receive a zero for the assignment. This is an easily avoidable situation.

### Make-up Policy (University Excused)

Makeup assignments and exams/tests will be allowed only in the following situations:
- Serious illness verified by a doctor’s note with a statement of inability to
  attend class/i.e. take the test.
- Personal or family emergency, documented appropriately.

Since this is an online course, being out of town is not an
acceptable excuse from incompletion of assignments. It is the
student’s responsibility to ensure that s/he plans ahead to
complete assignments before the final submission date and time.

### Other Policies/Procedures

**Teams:** Students will be randomly assigned to teams by D2L software. Teams will have
two to four members depending on class enrollment. Your involvement in the team is
not optional but is designed to be a positive experience for all. Team members will
participate in discussion boards, the Course Project, and other assignments, in order to
learn and add to the learning process. **However, all team activity grades will be
assigned individually unless otherwise noted. For example, both the Course Project
Report and Presentation are submitted individually for individual grades.**

The official channel of team communication will be the team discussion board on
D2L. It is YOUR RESPONSIBILITY to keep in touch with your team and to discuss the
assigned topics as outlined in this syllabus and in D2L.

A team member who is not performing effectively in the team may be FIRED from the
team in consultation with the instructor. The team member may be fired by the team
or by the instructor. The primary causes for firing include invisibility (no one has
Dr. Laurie S. Rogers
communicated with or heard from the person) or nonperformance (person does not do his/her work in a timely manner.) The technology channels (Discussion Boards, Lockers, Chat rooms, etc.) will be examined to see what contributions the team member has made to the team. A fired team member will be at the mercy of his/her team members and the instructor as to what options follow his/her being fired.

**Professional Courtesy:** This class will be conducted in a professional manner. This means 1) submit work on time, 2) avoid profanity and/or offensive language in your communication, and 3) participate fully and courteously with your team members. In regards to courtesy to others in the course and on your team, do not send harassing Emails, texts, or messages using offensive language. Such communication may result in a reduction of the sender’s grade.

“Joke” assignments, using inappropriate or questionable content for oral presentations or written assignments, may result in NO CREDIT for that assignment. If you have questions about what might be professional conduct, please contact me BEFORE submitting the assignment.

**Student Academic Dishonesty (University Policy 4.1)**
Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to (1) using or attempting to use unauthorized materials on any assignment or exam; (2) falsifying or inventing of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to (1) submitting an assignment as if it were one's own work when is at least partly the work of another person; (2) submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or (3) incorporating the words or ideas of an author into one's paper without giving the author credit. Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university. Please read the complete policy at [http://www.sfasu.edu/policies/student_academic_dishonesty.pdf](http://www.sfasu.edu/policies/student_academic_dishonesty.pdf)

**Course Grades (University Policy 5.5)**
At the discretion of the instructor of record and with the approval of the academic Module head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy related to active military service. If students register for the same course in future semesters, the
WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average. Please refer to the complete policy at http://www.sfasu.edu/policies/course-grades.pdf.

Students with Disabilities
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Room 325 in the Human Services Building, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student Conduct (University Policy 10.4)
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the full Student Conduct Code at http://www.sfasu.edu/policies/student-conduct-code.pdf.) Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic, or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/ inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed.
