Class Syllabus  
Spring 2018  
CHE 134-001  
General Chemistry II

Name: Dr. Darrell R. Fry  
Department: Chemistry & Biochemistry  
Email: frydr@sfasu.edu  
Office: 120 Math Building  
Office Hours: MWF 11-12; TR 9:30-11 and by appointment  
Class meeting time and place: TR 8-9:15 Math 132

Text and Materials
2. A scientific calculator
3. An active email address
4. Access to SFA’s D2L
5. Access to online assignment at [http://i-assign.com](http://i-assign.com). Enter teacher’s 4-digit ID: 0170, course number: 9, your 4-digit ID# and 8 digit student passwords will be given in class. First time you log in, please identify yourself on Main Menu screen and change password if you desire.

**GRADING POLICY:** Grades are based upon performance.

Exams - There will be ten exams (50 points per exam) cumulative with emphasis on the material covered since the previous one. The exams may consist of different formats. Multiple choice questions will have no partial credit. The tests will be given on the dates and times indicated on the table below.

**Final Exam** – This exam will consist of 60-70 comprehensive multiple choice questions and will be worth 150 points.

**Online assignments** –The total points for the online assignments will be 150.

<table>
<thead>
<tr>
<th>10 exams at 50 points each</th>
<th>500 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Final exam</td>
<td>150 points</td>
</tr>
<tr>
<td>Online assignments</td>
<td>150 points</td>

**Attendance Policy:**
Attendance of class is mandatory. A total of four unexcused absences may result in the student being dropped from the class with a grade of "F". The professor reserves the right to give or not to give make-up exams or assignments.

**Academic Integrity (A-9.1):**
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp)

Any student found cheating will be subject to the penalties as stated in the Student Code of Conduct handbook; including but not limited to a score of zero on exam, expulsion from the class or expulsion from the University.
Acceptable Student Behavior:
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed.

Note: This syllabus is subject to change at the discretion of the instructor.

Class Policies:

- Sit in your assigned seat.
- Dr. Fry does not respond to email sent through the d2l system.
- Dr. Fry will periodically send email to individuals and to the class through their jacks account. You are responsible for checking this email.
- Often if I see a potential problem I give the student a heads up by sending them an email. This includes not putting your name on a quiz, not being present for a quiz, etc...
- Sit in your assigned seat.
- Come to class prepared (spend at least 2 hours working problems and reviewing previous material before each class period) and be on time and in your seat.
- Absences may be assigned to anyone that disrupts class, sleeps in class, or consistently comes in late or leaves early. Read Attendance Policy Section for how this can affect grades.
- Bring a **NON-programmable**, scientific calculator. Cell phones and programmable calculators may NOT be used on quizzes or exams.
- Turn off and put away cell phones; **NO** text messaging during class. Anyone caught using a cell phone during class will have an absence assigned to them.
- Be courteous and respectful of other students, SI leader, and instructor.
- Significant figures are required on **all** answers given on quizzes, assignments and exams.
- Students who violate these rules will be asked to leave. Repeat offenders will be subject to disciplinary action in accordance with University policies as described in the Code of Student Conduct.
