• Reaction Statements/Discussion Postings (28%)

You are expected to submit 14 reading reaction statements to D2L at various times throughout the semester. Please see the table below or the course calendar for due dates.

Reflective reaction paper and questions/comments for discussion (2 pts. each) – Reaction statements should be at least 1000 words in length (single spaced, 10-12 pt. Times New Roman font) and should be in response to the assigned readings and weekly content that includes at least two critical questions for discussion. When creating your RS, approximately 500+ words should be a summary of at least 2 of the assigned resources and the other 500+ words should be a thoughtful, scholarly reaction to the readings/content. Your reaction may include but is not limited to areas of agreement/disagreement, affirmation (or you can offer a counter argument with outside academic resource support), or other influences/connections. Your reaction statements should represent critical reflective thought.

You may want to consider one or two of the following guiding questions when preparing your reaction statement:

• What biases does the author have? Are these biases stated or implied?
• From what theoretical perspective does the author work?
• What biases did you bring to the reading?
• How was your learning enhanced or hindered when you read from your own perspective formed by your collective life experiences and theoretical understandings?
• How did this reading and analysis challenge, extend, and/or align with your notions of how the world works?
• Are there silent/missing ideas, concepts, or themes in this reading? How do you account for these gaps?
• What new questions have you raised as a result of your reading and analysis?

Your initial >1000 word reaction statement w/critical questions should be copied/pasted to the discussion board by the assigned due date at 11:30 pm. At the conclusion of your initial post, please include the word count in the following format (WORD COUNT: xxx). You should then respond to each of your group members initial posts (who posted by the due date) by Sunday night at 11:30 pm engaging in an ongoing discussion when possible. Responses to the initial postings may be much shorter, but should be thoughtful and meaningful (responses should be at least one, thoughtful, scholarly paragraph).

*Please note that there are 13 reaction statement assignments. Overall reaction statement grade will be calculated by using the following mathematical statement: (R1 + R2 + R3 + R4 + R5 + R6 + R7 + R8 + R9 + R10 + R11 + R12 + R13 + R14)

**Culturally/Socially Responsive Classroom Plan (10%)**

You are expected to develop a Culturally Responsive Classroom Plan that includes:

1) *Developing a Classroom Community Plan* that describes an approach to create a positive, safe, and responsive classroom community. Please consider exploring the following theories when developing your plan: care theory...
(Noddings), cultural capital (Bourdieu), cultural difference (Howard), funds of knowledge (Moll), and critical multiculturalism (Sleeter & McLaren);

2) Classroom Engagement/Management Plan that is influenced by equity, responsibility, and the human web. The classroom engagement/management plan should address ways to engage learners and address approaches to facilitating a responsive classroom environment. Your plan should also explicitly address Morning Meetings, Technology/Fair Use (such as: What ways can technology support the classroom environment? and /or What are ways can social media work against teachers/students?), Copyright (such as: What must you consider when including technology in the classroom?), and Acceptable Use Policy Requirements (such as: What influence does texting/sexting/cyber bullying have on the classroom environment?);

3) Individualizing Instruction lesson Plan that describes how you can cater instruction to meet the needs of each individual learner as well as negotiating the expectations of society and the environment.

Note: There will be a template provided later in the semester to guide this assignment.

- **Personal Growth through Service Learning Experience (10%)**

You are expected to arrange and complete 10 hours of service learning for this course during this semester. You may choose from two options: 1) 10 hrs of service learning in an environment that is unfamiliar to yourself or 2) 5 hrs of service learning in an environment that is unfamiliar to yourself and 5 hours of attending/participating in approved events hosted by the Stephen F. Austin State University Office of Multicultural Affairs (a list will be provided). You are expected to document experiences, thoughts, and historical information that reflect the current context of the debates under consideration in this course as well as other pressing themes that we will consider this term in the context of the service learning you have experienced previous to and during this class. You may document experiences via video, podcasts, or traditional hand-written/typed journaling.

It is especially important that in this journal you try to make connections between the various themes of the class and your service learning. You can include reflections on Service Learning done before this course as a way of comparing and contrasting your critical reflection on different experiences (however, you are expected to complete 10 new hours of service learning).

1. At what site did you conduct your service learning/research project this semester? What did you learn about the site/group's/person's history, background, and culture that you didn’t know before?
2. What has been your experience in previous service learning activities? (Where did this service take place, what were your responsibilities?)
3. As you reflect on past and current service experience, what kinds of connections can you make between past and current experiences especially considering the multiple themes and discussions we have had in class this semester.
4. How will these experiences affect your practice with regard to:
   a. Curriculum and lesson planning
   b. Teaching or therapy methods
   c. Interpersonal relationships/understanding of your students, colleagues, and parents

- **Exams (40%)**

Throughout this course, you are expected to complete three exams. Exam 1 (Modules 1-5) and 2 (Modules 6-10) are worth 10 percent each and your final exam (comprehensive) is worth 20 percent. The exam will be located on D2L under quizzes.

- **Critical Social Issue, Children Literature Assignment: (10%)**

You are expected to identify a current, critical social issue and prepare a children’s literature book (digital or physical). More description will be provided no later than week four in the class.

IV. Evaluation and Assessments (Grading):
Class Attendance, Participation, Readings, and Discussions. Students are expected to have completed the assigned reading and viewed any assigned video clips prior to each class discussion. This will be a highly participatory class and preparation is essential.

- **Attendance Policy:** This course primarily meets online. You are expected to login often to view any course updates, emails, discussion postings, etc. that is associated with this course. The course week begins on Monday and ends on Sunday. You are expected review all content in the weekly modules and to actively participate in the discussion board.

Note: Regular class attendance and participation is required of all students. Students must be attending and participating in all courses to qualify for financial aid. Students reported for non-attendance or non-participation in their courses could have their financial aid withdrawn.

- **Participation:** As a future educator, you should appreciate the importance of class participation. The quality of your participation demonstrates the seriousness with which you are approaching your chosen profession. You are expected to read all assigned materials and view any video clips prior to your discussion postings. All assignments must be completed to receive an “A” in this course.

- **Late Assignments:** All work is expected by the assignment due date. I reserve the right to:
  1. not accept assignments turned in after the assignment due date; and
  2. to deduct points for late assignments.

*Please do not contact me asking if I will accept/grade a late assignment. If you miss an assignment, please show initiative and submit the assignment to the appropriate place (RS’s in the discussion forum, all others by email in d2l) with a statement at the top of the assignment stating why the assignment was late. The assignment may or may not be graded, however I do recognize the initiative taken. Exams have a firm due date as well as anything after May 1st in the Spring and December 1st in the Fall.

VI. Readings:

Required:

Other required readings will be posted on D2L.

LiveText Statement:

This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or e-mail SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, call ext. 7050 or e-mail livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.

Note: You are expected to complete the My Cultural Awareness Profile in LiveText for this class. Please complete within the first three weeks of this course.

VII. Course Evaluations:

Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including: 1. Course and program improvement, planning, and accreditation; 2. Instruction evaluation purposes; and 3. Making decisions on faculty tenure, promotion, pay, and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information: Found at http://www.sfasu.edu/policies/
**Class Attendance and Excused Absence: Policy 6.7**

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports (including the first 12 day attendance report) and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

**Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

**Academic Integrity: Policy 4.1**

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism. Any infringement of Academic Integrity may result in a grade of “F” in this course.

Abiding by university policy on academic integrity is a responsibility of all university faculty and students. Please read the complete policy at http://www.sfasu.edu/policies/academic_integrity.asp

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of
the work, make-up exam, failure of the course, or expulsion from the university

Student Appeals
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withheld Grades: Policy 5.5

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Acceptable Student Behavior: Policy 10.4

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

To complete Certification/Licensing Requirements in Texas related to public education, you will be required to:

1. Undergo criminal background checks for field or clinical experiences on public school campuses; the public school campuses are responsible for the criminal background check; YOU are responsible for completing the information form requesting the criminal background check; the completed information form is due _______________________. If you have a history of criminal activity, you may not be allowed to complete field or clinical experiences on public school campuses. At that point, you may want to reconsider your major while at SFASU.

2. Provide one of the following primary ID documents: passport, drivers license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texes.ets.org/registrationBulletin/ <http://www.texes.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder Martin 936-468-1740 or snyderke1@sfasu.edu.
