Final Exam:
10-10:50 class: Monday May 7: 10:30-12:30
11-11:50 class: Wednesday May 9: 10:30-12:30
Program Learning Outcomes:
This is a general education core curriculum course and no specific program learning outcomes for this major are addressed in this course.

Student Learning Outcomes:
HIS 133 is part of the university’s Core Curriculum and as such strives towards both the general goals of the core and the specific objectives for classes designated for inclusion in the American History Foundational Component Area as defined by the Texas Higher Education Coordinating Board.

Courses in this Foundational Component Area focus on the consideration of past events and ideas relative to the United States. Courses in this area, such as HIS 133, include instruction in the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.

In addition to learning the above, students in HIS 133 will demonstrate the more general ability to:
- Think critically, which includes the ability to analyze, evaluate, and synthesize information about this period of history.
- Communicate effectively by developing and expressing ideas through written and visual communication.
- Gain intercultural competence, a knowledge of civic responsibility, and an awareness of how humans in the past have engaged effectively in regional, national, and global communities.
- Understand the role that personal responsibility has played throughout history and gain the ability to connect choices, actions, and consequences to making ethical decisions.

General Education Core Curriculum
This course has been selected to be part of Stephen F. Austin State University’s core curriculum. The Texas Higher Education Coordinating Board has identified six objectives for all core courses: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general education core curriculum by regular assessment of student performance on these six objectives.

Source Analysis Assignment
To measure the success of student acquisition of these mandated skills, one assignment during the semester will require critical analysis of an historical event in United States history from the period before 1877. Each student will be provided a selection of primary and/or secondary sources to interpret and evaluate, place in historical context, and utilize to construct an analytical essay. The essay will require that students think critically about the sources, examine how individual choices and decisions influenced the course of history, and consider the ways in which people engage with regional, national, or global communities.

Completion of this assignment is required by the university and is an important component in the successful completion of this course. Further instructions will be provided at the appropriate time.

Academic Integrity
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or
attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at http://www.sfasu.edu/policies/academic_integrity.asp

In addition, you may include your own guidelines for academic integrity as appropriate.

Withheld Grades (Semester Grades Policy, A-54)
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Students with Disabilities
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.
