Abnormal Psychology  
PSY 375.001  
Spring 2018

Instructor: Julie R. Brotzen, M.A.  
Department: Psychology  
Office: 238 ED  Phone # (936) 468-4402  
e-mail: jbrosten@sfasu.edu or jbrosten@gmail.com  
Office Hours: M-W-F 11:00 – 12:00 & T-Th 10:00 – 11:00

Class Meets: M-W-F 12:00-12:50 ED Room 263

Course Description: Abnormal Psychology encompasses theories and research on the incidence, classification, etiology, and treatment of abnormal behaviors. Prerequisite: PSY 133 or 143.

Course Requirements:

1. Students will read all of the chapters covered in class.
2. Students will participate in class discussions
3. Students will take four fifty-question multiple choice format exams

**Student Learning Outcomes**

1. Demonstrate familiarity with the diagnostic criteria for each of the psychological disorders covered in the class.

2. Demonstrate knowledge of possible causal factors for each disorder as well as their supporting psychological theories.

3. Describe different treatment modalities and theories behind each of the approach modalities (e.g., psychoanalysis, cognitive-behavioral therapy)

4. Become a more informed consumer regarding the different mental health disciplines and services

Students will be responsible for completing an end-of-the-semester written assessment. We will go over the details in class, and I will provide directions on d2l, later in the semester.

**Academic Integrity (A-9.1)**

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp)
Acceptable Student Behavior

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed.

Withheld Grades Semester Grades Policy (A-54)

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Students with Disabilities

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Attendance Policy: Regular attendance is expected. Exam questions may be selected from readings, videos, and/or class discussions. Consequently, absences can negatively affect a student’s performance on exams. If a student misses a class (s)he is responsible for obtaining lecture notes from a classmate.

Course Calendar/Exam Schedule

Exam # 1: Causal Factors and Viewpoints
Clinical Assessment, Diagnosis, and Treatment
Panic, Anxiety, & Their Disorders
Monday, February 12th
Exam # 2:
Mood Disorders and Suicide
Somatoform and Dissociative Disorders
Eating Disorders & Obesity
   Wednesday, March 7th

Exam # 3:
Personality Disorders
Substance-Related Disorders
Sexual Variants, Abuse, and Dysfunctions
   Wednesday, April 12th

Exam # 4:
Schizophrenia and Other Psychotic Disorders
Disorders of Childhood and Adolescence
Cognitive Disorders
   Monday, May 7th – Wednesday, May 9th

Grading Policy: Final grades are averaged from the four exam grades. The final exam is not comprehensive. You must take all four exams. There will be no makeup exams. The only exception to this rule is for students who have a formal (in writing) university excused absence. This means you must present an excuse that is university approved. (e.g. from the dean’s office).

If a student misses an exam due to illness or personal emergency, that student’s final grade will be averaged from three exams only if the student provides documentation to support the reason for the absence. Students must contact me within twenty-four hours of the missed exam. If a student misses more than one exam, the final grade will be an F.

Grade Breakdown: 89.5 – 100 = A, 79.5 – 89.4 = B, 69.5 – 79.4 = C, 59.5 – 69.4 = D
59.4 and below = F
These guidelines are set, and I will not raise your grade upon request, so please do not ask me to do so.

Extra Credit Option: Students may earn up to ten (10) points added to an exam grade NOT the final grade by writing a five to seven page literature review on research over one of the psychological disorders covered in class. Students may not use their text book as one of the three necessary references. The extra credit paper is due no later than the last day of class of
dead week. I will not accept late papers. I will only accept hard-copies; do not send me any electronic copies please.
