I. Course Description
This course provides the student with the opportunity to study and practice the skills and concepts needed by individuals who are blind or visually impaired to safely travel in all environments. More specifically, this course covers an analysis and implementation of those skills, techniques and principles that enable the person who is visually impaired to move independently throughout familiar and unfamiliar environments with safety and efficiency. Students will participate in seminar discussions in a face-to-face classroom setting twice per week, as well as complete 60 hours of one-to-one simulation training under the instruction of a Certified Orientation and Mobility Specialist (COMS). Each student will demonstrate the required skills and will be evaluated by his or her assigned COMS using an Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP) Competency Checklist and the ACVREP Supervisor Checklist.

II. Program Learning Outcomes:
The following is a list of desired Program Learning Outcomes (PLOs) in which data will be collected for TracDat throughout the program. An asterisk denotes that PLO will be addressed during RHB 400.

Program Outcome #1 O&M Skills and Strategies*
Candidates for the O&M Program will demonstrate knowledge and understanding of the systems of orientation and mobility, and orientation and mobility skills and techniques as defined by the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP).

Program Outcome #2 – Assessment
Candidates will demonstrate knowledge and understanding of assessments necessary for implementing and addressing orientation and mobility evaluations and program development.

Program Outcome #3 – Program Planning
Candidate will demonstrate the knowledge, understanding of strategies and methods used to analyze, interpret, and utilize O&M assessment information for selecting, designing and implementing O&M programs consistent with individual needs.

Program Outcome #4 – Professional Practice
Candidate will demonstrate knowledge and understanding of practices related to Orientation and Mobility including: observational techniques, design and implementation of assessment, and instructional programs and professionalism.

Program Outcome #5 – Understand the Individual
Candidate will demonstrate the knowledge and understanding of strategies and methods used to conduct individualized assessments, program development, and to select, design, and implement O&M instruction that is responsive to individual needs, age appropriate, respects multi-cultural differences, and provides appropriate follow-up.

Program #6 – Understanding the Profession
Candidates will demonstrate understanding of the role, responsibilities, and ethical standards associated with becoming a Certified Orientation and Mobility Specialist.

**PLO #1 will be the main focus of this introductory course. General topics in other PLOs will be addressed and discussed during class time, work in the community (on the street), observation of instruction, and skill practice under blindfold.**

Student Learning Outcomes:
SLO TracDat ASSESSMENT PLAN
Method of Assessment # 1 – Skills and Strategies
(ACVREP Domains 1, 3, 9: AER Standard II, VII, VIII, X)

1.1 Candidates will demonstrate basic guide techniques and cane skills for orientation and mobility while under blindfold in a variety of settings. Candidate will be evaluated by Certified Orientation and Mobility Specialist (COMS) supervisors using the ACVREP Competency Checklist Rubric in which they clearly demonstrate the orientation and mobility skills. Candidate will be rated on a scale from 1-3, where 3 is exemplary.

The simulation training and material covered in this course will be structured in order for the students to develop competencies in the following:

- Methods and systems of independent travel utilized by the visually impaired person **
  - (ACVREP Domain 3, AER Standard VIII,)
- The history and development of Orientation and Mobility in the U.S. and other countries
  - (ACVREP Domain 1, AER Standard X)
- Personal experience and competency development in the utilization of a human guide **
  - (ACVREP Domain 3, AER Standard VIII)
- Independent cane skills in familiar and unfamiliar indoor environments **
  - (ACVREP Domain 3, AER Standard VIII)
- Independent cane skills in familiar and unfamiliar residential, business, and major metropolitan environments **
  - (ACVREP Domain 3, AER Standard VIII)
- Methods of recovery, maintaining orientation, and problem-solving **
  - (ACVREP Domain 3, AER Standard VIII)
- Basic knowledge of kinesiology in relation to developing independent O&M skills
  - (ACVREP Domain 9, AER Standard II)
- Basic knowledge of perception and locomotion in independent travel
  - (ACVREP Domain 9, AER Standard II)
- Utilizations of the other senses during independent cane travel **
  - (ACVREP Domain 9, AER Standard II)
- Types of canes and desirable characteristics
Student Learning Outcomes will be measured through instructor (COMS) observation of the student’s demonstration of skills which will be assessed using the ACVREP Skills Rubric and through course examinations. The above seeks to align the differing standards of the national certification body (ACVREP) and the professional organization that sets curricular standards and reviews and provides accreditation for program in O&M.

Additional Intended Learning Outcomes/Goals/Objectives/Standards

INTERNAL University - The SFA Way:
This course, our faculty, staff, alumni, and students believe in doing things "The SFA Way." We expect the best from ourselves and from each other, and we hold each other accountable when we fail to maintain these standards. Grounded in the five "Root Principles" below, all of us, as members of the SFA community, strive for personal excellence in everything that we do.

- **The Principle of Respect**
Lumberjacks command respect and treat others with respect • They are considerate of others and tolerant of differences • They demonstrate respect for those around them by avoiding the use of offensive or profane language • They do not threaten or harm anyone and deal peacefully and civilly with conflict.

- **The Principle of Caring**
Lumberjacks think of the needs of others and seek to improve the quality of life of those around them • They are compassionate, empathic and kind • They respond with humility to those they have helped and freely express gratitude to those who help them • Lumberjacks prepare themselves to become leaders in their communities and workplaces • They dedicate themselves to excellence in their chosen field of study and to using what they learn in the service of others.

- **The Principle of Responsibility**
Lumberjacks do what is right • They persevere in times of adversity • Through self-control and self-discipline, they strive to do their best • Lumberjacks challenge each other to exceed expectations • They are active learners both inside and outside of the classroom • They are reliable; they do what they say they will do • Lumberjacks hold themselves accountable for their decisions.

- **The Principle of Unity**
Lumberjacks are loyal to their friends, family, university, state and country • Lumberjacks stand together against any adversary • They recognize that though we are very different from one another, we are united by the Lumberjack Spirit. Lumberjacks seek to understand the people and world around them • When one lumberjack fails, all fail • When one lumberjack succeeds, all succeed.

- **The Principle of Integrity**
Lumberjacks have the courage to do what is right, even when it is hard or unpopular • They respond to each situation with steadfast values that are not subject to change based on the actions of others • They seek opportunities to practice effective and ethical leadership • Lumberjacks are honest; they do not deceive, cheat or steal • Lumberjacks stand up for those who cannot stand up for themselves • As lifelong learners, lumberjacks are committed to continuously improving themselves.

**College - Perkins College of Education:** Listed below are the Vision, Mission, Goals and Core Values of the Perkins College of Education, which includes the Department of Human Services. The objectives of this course clearly align with the goals and objectives of the college and the department. RHB 400 is the foundation course for all other courses in the Orientation and Mobility track, and follows standards set by the professional certifying body for Certified
Orientation and Mobility Specialists (COMS), the Academy for the Certification of Vision, Rehabilitation, and Education Professionals (ACVREP), and the Association for the Education and Rehabilitation of the Blind and Visually Impaired (AER).

VISION
The Perkins College of Education at Stephen F. Austin State University will be the college of choice for students striving to achieve professional excellence through exemplary programs that are recognized at state, national, and international levels.

MISSION
The mission of the Perkins College of Education is to prepare competent, successful, caring and enthusiastic professionals dedicated to responsible service, leadership, and continued professional and intellectual development.

To accomplish this mission, the goals of the Perkins College of Education are to:
- Provide programs at both undergraduate and graduate levels based upon sound pedagogical and clinical practice
- Prepare teachers, support personnel, and educational leaders for Texas
- Employ and support faculty members who are committed to excellence in teaching, scholarship, and service
- Provide a variety of teaching venues incorporating the latest technologies to a range of diverse student interests, backgrounds, and aspirations
- Maintain resources and facilities that allow each program to meet its expected outcomes
- Collaborate with external partners to enhance students’ knowledge, skills, and dispositions, and to influence the ongoing exchange of ideas for mutual benefit
- Engage in outreach services: To address specific needs in the broader community, to enhance student learning, to instill commitment to service, to promote the reputation of the University, and to conduct research to advance knowledge and to contribute to the common good.

CORE VALUES
In the Perkins College of Education at Stephen F. Austin State University, we value and are committed to:
- Academic excellence through critical, reflective, and creative thinking
- Life-long learning
- Collaboration and shared decision-making
- Openness to new ideas, to culturally diverse people, and to innovation and change
- Integrity, responsibility, diligence, and ethical behavior, and
- Service that enriches the community

The Core Foundation and Vision, Mission, Goals, and Core Values describe a shared vision and purpose for the SFASU College of Education. It provides coherence for our curriculum, clinical experiences, and assessments. It is linked to the University vision and values, and describes how those values translate into knowledge, skills, and dispositions in the College of Education. It is this philosophy and vision that helps to distinguish our graduates from those of other institutions.

This class emphasizes these values in its content, philosophy, and in its assessment of outcomes. We, as instructors, strive to reflect these principles in the teaching of this class and we also have the highest expectations that you, our students, will also demonstrate these values as you develop as leaders in the field of visual impairment. These values are analogous with
ethical standards that have developed by the Association for the Education and Rehabilitation of the Blind and Visually Impaired, and one intention of this course is to provide you the skills to lead others to embrace these principles.

This course directly supports the mission of the SFASU Department of Human Services

The Department of Human Services prepares undergraduates and graduate students for leadership and service roles in East Texas and the global community. The department is committed to incorporation of community-based, service-learning experiences within its educational programs to maximize the advancement of students personal and professional development.

This course directly supports the mission of the SFASU Orientation & Mobility Preparation Program

It is the mission of the SFASU Orientation and Mobility program to train candidates to become Certified Orientation and Mobility Specialists (COMS) who are practically and pragmatically prepared to meet the needs of persons with visual impairments across the state of Texas and across the nation as a whole. Through their training in our program, we believe graduates are prepared to successfully complete the ACVREP national O&M certification examination. We believe graduates from our program are trained to effectively deliver services which provide opportunities for students and clients who are blind or visually impaired to be more independent, lead lives to their fullest potential, and participate to a greater extent in society at large. In order to meet these goals, we believe it is our responsibility to mentor and educate our candidates to recognize and remove environmental and societal barriers, raise expectations, provide solutions, and exhibit compassionate approaches to teaching O&M skills and techniques, valuing the worth of all individuals regardless of age, gender, race, sexual orientation, or level of disability.

This course also supports the mission of the Visual Impairment Program

It is the mission of the Visual Impairment Program to train Teachers of students with Visual Impairments (TVIs) and Certified Orientation and Mobility Specialists (COMS) who are practically and pragmatically prepared to meet the needs of persons with visual impairments across the state of Texas and in the nation as a whole. We believe that completers from our program should be equipped to effectively deliver instructional services which provide opportunities for students and clients with visual impairments to be more independent, lead more meaningful lives, and participate to a greater extent in society at large. In order to meet these goals, we believe that it is our responsibility to mentor and educate our graduates in the importance of exhibiting caring and compassionate approaches to instruction and positive beliefs about the worth of all individuals regardless of age, gender, race, sexual orientation or level of disability.

VI/O&M Program

You are required to attend class meetings and be prepared to discuss reading material, complete observations, assignments and activities. You are expected to be present consistently on-location and in class. This is an undergraduate level class that will focus on the development and discussion of advanced ideas and concepts. Your absence will hinder the growth of you as an individual and the group as a whole. You will be expected to be professional and respectful of others in all activities and exchanges.

At the end of the semester I will evaluate you on the following criteria:

Professionalism

- Appropriateness of participation in class discussions and computer chats.
- Willingness to answer questions.
- Evidence of critical thinking during class activities.
- Demonstration of good “consulting skills” (e.g. politeness, diplomacy, etc.)
Display of a positive attitude toward the subject material, class activities, etc.
Attendance (physical and mental) to class activities and discussions.
Preparation, attendance, and punctuality
On-time completion of assignments
Completion of the course evaluation
Appropriate dress

Respect for Diversity and Community-
• We are a small community and we are learning this together
• Honest disagreements in the spirit of critical academic exchange are encouraged.
• While you can disagree, don’t personalize it; stick to the issues. No name-calling or stereotyping.
• Derogatory comments based on race, ethnicity, class, gender, sexual orientation, or nationality will not be tolerated.
• What we say stays here, unless we agree to change that. What we learn here though, we can share with others.
• If you are offended, say so, and say why.
Adapted from The Guide for training study circle facilitators (1998) Study Circle Resource Center, © Topsfield Foundation.

EXTERNAL
Texas Higher Education Coordinating Board: Core Objectives
This course supports the objectives established by the THECB. Course assignments are designed to embed each of the core curriculum standards where appropriate.
1. Critical Thinking Skills- Description indicates how students will be instructed in critical thinking skills: to include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information; and how students will apply, demonstrate, or practice critical thinking skills to include each of the aforementioned activities. FOR THIS COURSE: This will be developed and practiced through O&M skills while under blindfold in settings requiring evaluation of non-visual information and settings in the crossing of streets and in orientation and recovery techniques.
2. Communication Skills- Description indicates how students will be instructed in Communication Skills to include effective development, interpretation, and expression of ideas through written, oral, and visual communication, and how students will apply, demonstrate, or practice the aforementioned skills. FOR THIS COURSE: Students will be able to develop a detailed and clearly articulated notebook of the O&M skills taught throughout the course that includes skills, instructional techniques and modifications to fit specific populations (persons with disabilities, aging, etc).
3. Personal Responsibility- Description indicates how students will be instructed in personal responsibility to include the ability to connect choices, actions, and consequences to ethical decision-making, and how students will apply, demonstrate, or practice the aforementioned skills. FOR THIS COURSE: Students will be required to meet all classroom and individualized instructional meetings in Nacogdoches, Tyler, and Lufkin.
4. Social Responsibility- Description indicates how students will be instructed in intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities, and how students will apply, demonstrate, and practice the aforementioned skills. FOR THIS COURSE: Students will be assessed on professionalism in class and in the community while practicing skills under blindfold at SFASU and in Nacogdoches, Lufkin and Tyler.
5. **Empirical and Quantitative Skills**—Description indicates how students will be instructed in the manipulation and analysis of numerical data and observable facts resulting in informed conclusions, and how students will apply, demonstrate, and practice the aforementioned skills. **FOR THIS COURSE:** Students will be expected to develop the skills of conducting and recording observations, and use that information to draw conclusions about skill performance.

6. **Teamwork**—Description indicates how students will be instructed in the ability to consider different points of view and to work effectively with others to support a shared purpose or goal, and how students will apply, demonstrate, and practice the aforementioned skills. **FOR THIS COURSE:** Students will work collaboratively on activities with other students and blindfold instructors by reviewing experiences, debriefing and reviewing performance and skills taught.

The O&M program is designed to meet the standards of two separate bodies; ACVREP which establishes the standards that candidates must be able to demonstrate through national examination, and the AER University Review Committee with establishes curricular standards for the program.

This course supports the Association for the Education and Rehabilitation of the Blind and Visually Impaired (AER) Curricular Standards for Orientation and Mobility Specialists—

Curricular Standards: Orientation and Mobility Specialists

I. Medical Aspects of Blindness and Visual Impairment
II. Sensory Motor Functioning
III. Psycho-Social Aspects of Blindness and Visual Impairments
IV. Human Growth and Development over the Lifespan
V. Concept Development
VI. Multiple Disabilities
VII. Systems of Orientation and Mobility
VIII. Orientation and Mobility Skills and Techniques
IX. Instructional Methods, Strategies and Assessment
X. History and Philosophy of Orientation and Mobility
XI. Professional Information
XII. Development, Administration, and Supervision of O&M Program
XIII. Clinical Practice Competencies

This course specifically addressed the following AER Standards through reading, practice, didactic instruction, and written assessment: I-\(d,f\), II-\(a,c,d,e,g,h\), III-\(b,e,h,i\), IV-\(b,f\), V-\(a\), VI-\(b,c\), VII-\(a\), VIII-\(a,b,c,d,e,f,g,h,j,m\), IX-\(a,b,d,e,i,j,k,p,v,w,x,z\), X-\(a,b,c,d,e,g,h\), XI-\(b,c,f,g,h\), XII-\(c,d\) and XIII-\(b,d,e,p,u,v,w,x,y,z,aa-kk\).

This course supports the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP) guidelines for certification.

ACVREP states that to be eligible to sit for the certifying examination, applicants must provide:

- Proof of a minimum of a Bachelor’s degree from an accredited university or college in any field of study and proof of completion of an Orientation and Mobility certification preparation program from an accredited university or college that meets the following 13 core domain areas
  - Domain 1. Know Professional Information
  - Domain 2. Understanding Relevant Medical Information
  - Domain 3. Understand and Apply Learning Theories to O&M
Domain 4. Plan and Conduct O&M Assessment
Domain 5. Plan O&M Programs
Domain 6. Teach O&M Related Concepts
Domain 7. Teach Orientation Skills and Strategies
Domain 8. Teach Mobility Skills
Domain 9. Teach Use of Senses
Domain 10. Teach Consumers who have Additional Disabilities
Domain 11. Teach Diverse Consumers
Domain 12. Analyze and Modify Environment
Domain 13. Teach Use of Senses

This course specifically addresses the following ACVREP Domains through reading, practice, didactic instruction, and written assessment: 1, 3, 6, 7, 8, 9, 11, 12, 13

III. Course Assignments, Activities, Instructional Strategies, use of Technology

Course Requirements:
Didactic Course Requirements. This class meets face-to-face twice per week. Class meetings will be on Monday and Wednesday afternoons at 2:30 pm and last until 3:45 pm. The classroom is 317 in the Human Services Building. Class attendance is mandatory. It is expected that students will have read assignments PRIOR to class and be prepared to participate. The didactic portion will include lecture, class discussions and activities regarding readings from the Foundations of Orientation and Mobility textbook (Wiener, et al, 2010), as well as review and demonstration of skills taught during the simulation blindfold training.

Simulation (Blindfold) Training. This class requires 60 hours of blindfold/simulation training. All lessons will be carried out under the direct one-to-one supervision of an Academy Certified O&M Specialist (COMS). You may also be taught by an SFASU practicum student (one who has completed the RHB 400/SPE 500 course), who will be under the direct supervision of the COMS. Students will be assessed using the ACVREP Competency Checklist Rubric (Appendix 6) worth 100 points and Supervisor Evaluation Rubric (Appendix 5) worth 50 points for a combined total of 150 possible points. The Supervisor Evaluation Rubric assesses willingness, attitude, and improvements. The ACVREP Competency Checklist Rubric assesses O&M skills demonstrated under blindfold. Students are responsible for participating in simulation lessons and learning all skills under blindfold. It is up to the student to make alternate arrangements with his or her appointed COMS if they will be absent for any lessons. Simulation lessons are conducted in Nacogdoches and Lufkin. Students are responsible for their transportation to these locations. One day of simulation lessons will be conducted in Tyler, TX; transportation will be provided for this and students are responsible for bringing money for lunch. Students who do not complete simulation/blindfold training may be dropped from the course.

Assignments:
1. Observations (Core Curriculum Standards: Critical Thinking, Empirical and Quantitative, and Personal Responsibility). You are required to observe 10 lessons of other students during their simulation training. Three observations should take place in the indoor environment, three in the residential environments, and four in the business environments. Observation forms (Appendix 2) are provided and will be submitted at three appointed times throughout the course via D2L dropbox. These observations will be used to complete the O&M Evaluation assignment.
2. O&M Evaluation (Core Curriculum Standards: Critical Thinking and Communication). At least three appointed times throughout the course, students will be required to submit portions of an O&M evaluation using the template that is provided by the instructor in the course D2L page. Students will use the observations, described in the previous paragraph, as the foundation to write the evaluation. Evaluations will be submitted via D2L dropbox three appointed times throughout the course. The first two submissions will be reviewed and returned for corrections. The final submission will be graded for credit using the O&M Evaluation Report rubric (Appendix 3).

3. Skills Notebook (Core Curriculum Standards: Communication and Teamwork). Students will create a notebook of the O&M skills and techniques taught throughout the course. A notebook outline is provided to guide the development of the notebook (Appendix 1). The notebook will be collected three times throughout the course. The notebook submissions may be submitted via D2L dropbox, electronic means, flashdrive or as a hard copy to the instructor. Two submissions of the notebook will be reviewed and returned for corrections. The final submission will be graded for credit.

4. Chapter Outlines (Core Curriculum Standards: Communication, Empirical and Quantitative) Students will be required to complete an outline for each chapter assigned from the Foundations of Orientation and Mobility textbook (Wiener, et al, 2010). A general format will be provided by the instructor. Outlines will be submitted weekly via dropbox in D2L, and three will be randomly chosen for grading at three assigned intervals throughout the course. Chapter outlines are worth 50 points each for a total of 150 points.

5. Multicultural Paper (Core Curriculum Standards: Critical Thinking and Communication) Students will be assigned a country from chapter 15 volume 1 of Foundations of Orientation and Mobility (Weiner, et al, 2010), and will be required to write a paper concerning the country’s culture and past/present orientation and mobility services. The students will use the textbook and peer reviewed materials to complete the assignment. Details will be provided by the instructor in class didactic and D2L. The paper will be graded using the Multicultural Paper rubric (Appendix 8).

6. Exams (Core Curriculum Standards: Critical Thinking and Communication) Students will be required to complete three (3) exams (each worth 100 points) and one cumulative Final exam (worth 200 points) in this course. Exam one will cover Module 1 and indoor skills/techniques, Exam 2 will cover Module 2 and residential skills/techniques and Exam 3 will cover Module 3 and business skills/techniques. The Final exam will be cumulative, covering content from this course.

Class preparation:
You are expected to come to class prepared for discussion and activities. Students should have completed readings prior to class. Please have assignments completed and materials (if applicable) read prior to attending class. Chapters from the text, as well as skills learned during simulation lessons, will be covered on the exams. You are expected to take part in all class activities including discussions, demonstrations, small group assignments, etc. This is a rigorous class that covers an enormous quantity of material. You cannot afford to get behind with your assignments.

Class participation:
The primary methods of instruction for the didactic portion of this class revolve around discussion, questioning, and participation by the class member. The simulation blindfold
training portion of this class revolves around participation in carrying out orientation and mobility skills and techniques taught while under blindfold.

• Appropriateness of participation in class discussions.
• Willingness to answer questions.
• Evidence of critical thinking and creativity during class discussions and activities.
• Demonstration of good “consulting skills” (e.g. politeness, manners, diplomacy, etc.)
• Display of a positive attitude toward the subject material, class activities, etc.

Additionally-
• We are a small community and we are learning this together
• Honest disagreements in the spirit of critical academic exchange are encouraged. While you can disagree, don’t personalize it; stick to the issues. No name-calling or stereotyping.
• Derogatory comments based on race, ethnicity, class, gender, sexual orientation, or nationality will not be tolerated.
• What we say stays here, unless we agree to change that. What we learn here, though, we can share with others.
• If you are offended, say so, and say why.

Adapted from The Guide for training study circle facilitators (1998) Study Circle Resource Center, © Topsfield Foundation

IV. Evaluation and Assessments (Grading)

Grades will be based on the following:

1. Exam I 100 pts (ACVREP Domain 1; AER Standard I-f, VIII-a,b,c,e,f,g, X-a,b,c,d,g,h, XII-d, XIII-b,d,e)
   Guide Techniques, Indoor skills and reading assignments
2. Exam II 100 pts (ACVREP Domains 1, 3; AER Standards II-a,c,d,e,g,h, III-b,e,h, IV-f, VI-b, VII-a,d, VIII-b,c,e,f,g,h, IX-z)
   Residential skills and reading assignments
3. Exam III 100 pts (ACVREP Domains 1, 3; AER Standards I-d, II-a, IV-b, V-a, VIII-f,g, IX-a,b,e,v,x)
   Business skills and reading assignments
4. Final Exam 200 pts (ACVREP Domains 1, 3; AER Standards All from Exam I, II & III)
   Cumulative: Indoor, residential, and business skills, and reading assignments
5. Notebook* 200 pts (ACVREP Domains 6, 7, 8; AER Standards VIII-m, IX-d, XI-b,h, XIII-u,v,w,x,y,z, aa-kk)
   Notebook outline is attached at the end of the syllabus (Appendix 1), graded based on completed requirements and knowledge of O&M skills and techniques
6. Blindfold** 150 pts (ACVREP Domain 3; AER Standard VII-a,VIII-a,b,c,d,e,f,g,h,j, IX-i,j,k, XIII-p)
   Graded based on demonstration of O&M skills and techniques, and performance;
   Supervisor Evaluation Rubric (50 points) and ACVREP Skills Rubric (100 points) are attached at the end of the syllabus (Appendix 5 & 6)
7. O&M Evaluation 100 pts (ACVREP Domain 4; AER Standards II-c,d,g, VIII-a,b,c,e,f,g,h,j, IX-p)
   O&M Evaluation Report rubric is attached at the end of the syllabus (Appendix 3)
8. Multicultural Paper 100 pts (ACVREP Domain 11; AER Standards III-i, X-a,d,e,g,h, XI-b,f, XII-c,d)
   Graded based on completeness, content and APA format; Multicultural Paper
Rubric (Appendix 8)
9. Chapter Outlines 150 pts (ACVREP Domains 1, 3, 6, 7, 8, 9, 12, 13; AER Standards I, II, III, VII, VIII, IX, X, XI, and XIII-listed in course calendar) Outline template and samples will be presented in the didactic class.

Total possible points 1200 pts

(90% - 100%) 1080 - 1200 pts = A
(80% - 89%) 960 - 1079 pts = B**
(70% - 79%) 840 - 959 pts = C
(60% - 69%) 720 - 839 pts = D

*Five points will be deducted from the notebook grade for every day it is late past the due date.
**The blindfold grade is not only based on your performance under blindfold but also on attitude, effort, observations, attendance and punctuality for seminars and blindfold lessons, etc.
***YOU MUST RECEIVE A GRADE OF “B” OR HIGHER TO BE RECOMMENDED FOR RHB 401, the next O&M course in the sequence.

Extra credit may be earned by participation in research (use of SONO) or the submission of a book review using the Education Review guidelines http://www.edrev.info/contribute.html

VI. Readings (Required and recommended—including texts, websites, articles)
BOOKS REQUIRED:

LiveText Statement:
This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA email to another account and do not receive an email concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these emails.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or email SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, call ext. 7050 or email livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.

(With the new roll out of mySFA and the email process, titan mail is changing to _____@jacks.sfasu.edu)

VII. Course Evaluations
You will be given an opportunity to participate in a formal evaluation at the end of the semester. In the Perkins College of Education, your evaluations are submitted to electronically through mySFA and must be submitted before finals are given. We do receive a list of students who have not submitted an evaluation, however all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted. 100% participation is needed in the evaluation process.

Evaluation data is used for a variety of purposes, including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.
As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement.

I ask that you contact me during my office hours if you need to discuss any thoughts or concerns regarding this course or suggestions for improvement. Please, contact me with any problems or concerns you may have throughout the semester, do not wait until the end of the semester. I am committed to providing you all with a high-quality learning experience that is supportive as well as instructive. I ask that you not wait until the evaluation is due, please, let me know as soon as possible if you need assistance or clarification on anything so we can work together to resolve the issue or make accommodations if necessary.

Students will also be required to evaluate their “blindfold” COMS instructors at the end of the course. The evaluation rubric will be provided by the instructor toward the end of the semester and simulation blindfold training (Appendix 4). This is to ensure that we provide quality supervision and instruction in the simulation blindfold training through the Program Specialist we hire to assist with this portion of your training.
VIII. Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make up work must be completed as soon as possible after returning from an absence.

A student who does not attend class and/or show participation will be dropped from financial aid for that course.

FOR THIS CLASS: Students are expected to attend all class meetings, activities, and blindfold lessons. Attendance will be taken each class day. Students may receive excused absences for illness and family emergencies, but must present written documentation for such absence (i.e. doctor's note, emergency room admissions, funeral notices). Students will be allowed one unexcused absence without penalty. After that, one letter grade will be subtracted from the final grade for each unexcused absence. Students must be in class to participate fully in the course. Prior notice of expected absences is required, especially if you must cancel a blindfold lesson—please inform your instructor NO LESS than 45 minutes BEFORE your lesson is scheduled to begin. This is a courtesy to your instructor and to fellow students who may have planned to observe your lesson.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student Academic Dishonesty: Policy 4.1

Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty

Academic dishonesty includes both cheating and plagiarism.

Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university. The academic policy related to the Visual Impairment Program is outlined in the 2016 Program Handbook.

*For the purposes of this course*, as part of the Visual Impairment/Orientation & Mobility Preparation (VIP) Program, any indication of academic dishonesty as defined by SFASU and the Perkins College of Education, as described above, in the VIP Program handbook, and in each course syllabus, will result in the following consequences:

**1st offense** – The student will receive an F in the course. A Report of Academic Dishonesty will be filed with the Associate Dean of Student Services and Advising. *Failure of the course does not rule out further actions on the part of the program and/or SFASU.* The student’s status/continuation in our graduate (M.Ed.) program will be determined by consensus of the VIP Program faculty. This may result in program discontinuation, and the student must repay associated grant fees as per initial agreement.

The student must self-pay to retake the course at a later date. All regular course assignments must be completed, along with a “re-taker packet” which requires additional coursework determined by the instructor (for instance, the student may be asked to write and submit a thesis paper on ethical practices). If the course is satisfactorily completed (passed with an A or B) on the second attempt, SFASU will replace the original (F) grade.

**2nd offense** – Dismissal from the VIP Program, and student must repay associated grant fees as per initial agreement. These consequences do not rule out further actions on the part of the VIP Program and/or SFASU.

*PROTECT YOUR INTEGRITY. BE HONEST, FOLLOW THE RULES, DO YOUR OWN WORK, AND DO NOT SHARE IT WITH OTHERS.*

**Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**

At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Student Code of Conduct: Policy 10.4 Found at** [http://www.sfasu.edu/policies/student-conduct-code.pdf](http://www.sfasu.edu/policies/student-conduct-code.pdf)
Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

Faculty and/or supervisors shall also attend to students’ professional behaviors in the end of semester feedback, which may influence the final grade at the discretion of the instructor/supervisor. Review attachment to determine the behaviors associated with professionalism, which provides an overview of expectations faculty have of/for all students. Attention to items referring to “dress” or “physical appearance” are reserved for students’ placement in practica and internship sites, in which student teaching and clinical service delivery to clients is required.

For this course, students must also adhere to the O&M Code of Ethics as it relates to:
1. Commitment to the Student
2. Commitment to the Community
3. Commitment to the Profession
4. Commitment to Colleagues and Other Professionals
5. Commitment to Professional Employment Practices

For this course, students’ disposition will be assessed by the instructor, using the Professionalism Assessment Instrument. This rubric will be used in conjunction with course work and attendance for advising and internship placement purposes. See Professionalism Assessment Instrument attached.

Additional Information
The below is specific to new teachers in TEXAS, and may or may not apply to your current situation. It is a required part of this syllabus

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:
1. Undergo criminal background checks for field or clinical experiences on public school campuses; the public school campuses are responsible for the criminal background check; YOU are responsible for completing the information form requesting the criminal background check. If you have a history of criminal activity, you may not be allowed to complete field or clinical experiences on public school campuses. At that point, you may want to reconsider your major while at SFASU.
2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/<http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.
3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.
For further information concerning this matter, contact Katie Snyder 936-468-1740 or snyderke1@sfasu.edu.

IX. Other Relevant Course Information:
Caveat:
The above schedule and procedures in this course are subject to change in the event of extenuating circumstances. The schedule of blindfold lessons, assignments, and readings are subject to change.

APPENDIX 1
SFASU – Orientation and Mobility
RHB 400
Methods and Materials Notebook

A. Indoor and Basic Skills Section
   1. Indoor Orientation
   2. Basic Guide Technique(s) modifications
   3. Doorways (entering, existing, temporary change)
   4. Stairs with a guide
   5. Protective techniques
   6. Cane Techniques
      i. Diagonal
      ii. Diagonal Trail
      iii. Constant Contact
      iv. Touch
      v. Touch Trail
   7. Stairs with a cane (ABC teaching method & modifications)
   8. Modifications for students with low vision

B. Residential Section
   1. Introduction to outdoor travel
   2. Sidewalk travel – techniques and procedures
   3. Sidewalk recovery
      i. Checking Procedure
      ii. TAPIN (SFA developed)
         -Toward the parallel street
         -Away from the parallel street
         -Plow through
         -In the street
         -New route
   4. Turning at corners
   5. Traveling around a block
   6. Residential street crossings
      i. Introduction
      ii. Teaching Sequence
      iii. Alignment
      iv. Recovery techniques
   7. Verifying proper direction of travel
   8. Residential curb travel
   9. Residential route planning
   10. Modifications for students with low vision

C. Business Section
   1. Business sidewalk travel
   2. Turning at Corners
3. Traffic light crossings
4. Recoveries in the business environment
5. Four-way stop signs
6. Soliciting assistance
7. Numbering systems
8. Drop-off
9. Travel inside stores
10. Mall travel
11. Escalators
12. Revolving doors
13. Bus travel
14. Modifications for students with low vision

D. Rural Travel
   1. Basic rural travel techniques/procedures
   2. Railroad track crossings

E. Miscellaneous
   1. Canes
   2. University programs
   3. Corners of intersection drill (handout)
   4. Clock System (handout)
   5. Personal management (eating procedure, etc...)
   6. Kinesiology terms
   7. White Cane Laws
   8. Electronic mobility devices
   9. Dog guide programs and teaching the dog guide user
   10. Low vision/O&M Assessments
   11. Academy certification
