II. CURRICULUM DESCRIPTION

Generalist practice serves diverse client systems utilizing an ecological systems approach focusing on persons, families, groups, organizations and communities. It is not confined by a narrow cadre of theories; rather it is versatile enough to allow problems and situations, as well as strengths, capacities, and resources, to determine the practice approach. Generalist practice employs a problem solving framework and a broad knowledge, value, and skill base which demands ethical practice and on-going self-assessment.
Briefly, generalist social work practice:

- Is multi-level to include individuals, families, groups, organizations and communities
- Is multi-theory, allowing for the free selection of theories as appropriate
- Utilizes a problem identification and solving focus that follows a problem-solving framework
- Utilizes multiple interventions at multiple levels, as appropriate
- Addresses the complexity of individual, family, group, organizational and community system interactions

The agency field instructor provides structured educational supervision to the student for at least one hour per week. Students are also required to apply classroom theory and concepts with professional social work practice, thus practice activities, related seminar discussion and written assignments are designed to aid the student in this process. Students can expect their respective faculty liaison to visit their agency at least three times during the semester. Additional liaison visits may occur should problems/needs arise. The assigned faculty liaison is also a resource to the Agency Social worker and is utilized to assist in the identification and development of appropriate educational learning experiences for the student in agency setting.

VI. COMPUTER REQUIREMENTS

This course will utilize Desire2Learn or D2L to support the delivery of course content (for help with Desire2Learn go to http://www.sfasu.edu/sfaonline/). Students can also get regarding the use of a word processor and web browser. You must have access to a computer that meets the university’s minimum computer system requirements (for
specific details go to http://sfaonline.sfasu.edu/gettingstarted.html). Computers are available to you through a number of labs across campus (see www.sfasu.edu or the instructor for details).

VII. COURSE SCHEDULE
Students adhere to the policies and procedures of the social service agency under the supervision and direction of the Agency Social worker and in conjunction with the faculty liaison. In this course, Seminar sessions will be integrative in nature and discussions will follow the course objectives identified above and the course content as outlined in SWK 490, weeks 1-15 and the Field Instruction Manual.

VIII. COURSE REQUIREMENTS

1. Students are required to complete a 250-hour block placement in an approved social service agency/program during their final semester of the BSW program. Students are required to adhere to agency policies while in the agency setting and are bound to University requirements. Practice activities take place in the agency setting under the direction and supervision of the Agency Social Worker. Students and Agency Field Instructors attend a mandatory orientation prior to the agency placement. Students are expected to intervene with communities and organizations singularly and/or with other agency professionals. Agency Field Instructors provide at least one hour of structured supervision and consultation weekly.

In conjunction with agency practice, students attend a two hour weekly seminar which provides opportunities to examine, discuss, and analyze field practice experiences in relation to concepts and theories previously learned in the classroom. Specific written and oral assignments are incorporated in the student learning process to facilitate the integration of academic content with practice experiences. Required seminar assignments include the following:

GRADING:

All field instruction and integrative seminar courses utilize the same grading format. The field instructor provides structured educational supervision to the student for at least one hour per week. Students can expect their respective faculty field liaison to visit their agency at least three times during the semester. Additional liaison visits may occur should problems/needs arise. The assigned faculty field liaison monitors the student’s progress, as well as evaluates the student’s performance in field. Student field performance is evaluated at the initial, midterm, and final liaison visit. Midterm and final evaluation are based upon the faculty liaison's evaluation of performance criteria specified in the Student Field Performance Evaluation, Individual Learning Plan, as well as written assignments and class participation in seminar. The field instructor and student provide feedback to the faculty field liaison to aid in the evaluation process through completion of the Student Field Performance Evaluation. Students’ performance in field and
seminar assignments/participation comprise a final grade. The Director of Field Education assigns the final grade.

IX. ACADEMIC INTEGRITY

Honesty and representing one’s knowledge and abilities appropriately are important ethical principles of the social work profession. All incidents will result in a grade of “0”. Given the limited number of graded assignments in this course, a “0” could have serious consequences for the student’s academic standing.

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the Student Academic Dishonesty policy (SFA Policy 4.1) on http://www.sfasu.edu/policies/student_academic_dishonesty.pdf

Please also read the Academic Integrity Policy on the SFA Graduate School’s website at http://www.sfasu.edu/graduate/

Withheld Grades Semester Grades Policy (SFA Policy 5.5)
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average. Please read the complete policy on Course Grades: http://www.sfasu.edu/policies/course-grades.pdf

Acceptable Student Behavior

The BSW Student Handbook and Academic and BSW Professional Integrity Code outline acceptable student behavior. Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct of Conduct (SFA Policy 10.4). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, visits to agencies, field trips, etc. The instructor shall have full discretion over what behavior is appropriate or inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program. This program provides students with recommendations for resources or other assistance that is available to help SFA students succeed. Please see the following link for the complete policy: http://www.sfasu.edu/policies/student-code-of-conduct_10.4.pdf

IX. STUDENTS WITH DISABILITIES

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-1004 (TDD) as early as possible in the semester.
