Assignments, Activities, Instructional Strategies, use of Technology:

Assignments are web-enhanced. You will turn in all assignments on or before the due date shown on our Timeline. Assignments submitted through D2L are due by midnight of the stated due date. Classroom Activities take place throughout the semester and class attendance is mandatory in order to participate and possibly receive up to 25 points for the day. Failure to complete and submit assignments by the stated due date significantly influences your course grade and can result in a failing grade.

The lecture is designed to help you interact with young children. Portions of our lecture will be incorporated into your EC methods. Please note that your ECH 328 lecture and lab grades are separate. You will earn one grade for lecture and another for methods.

Assignments in this course are deadline driven. Meeting deadlines is an integral part of being a successful teacher. Assignments are due and returned through the assignments link in D2L unless otherwise noted. Always keep a copy of your work. If the assignment is due through email, send it through email to me right away – and then submit in D2L once it is available. Do not wait until the last minute to submit assignments to avoid late submissions.

Grading and Assessments (Grading):

As a professional, it is your responsibility to keep up with your grades, calculate your grades, and make sure EACH grade is correct. When an assignment is graded, immediately look at it and any comments. If you have a question about a grade or comments, bring this to my attention with ONE WEEK of me posting grades. DO NOT wait until dead week OR AFTER final grades are issued to become concerned about your grades. At that point, it is TOO LATE. To calculate your grade, add the total points you earned and divide by the total number of points you could have earned. This gives you a percentage grade which is converted to the following grading scale:

\[
\begin{align*}
90\% & = A \\
80\% & = B \\
70\% & = C \\
60\% & = F
\end{align*}
\]

Assignments are scheduled to be completed prior to the class period. The cut off is at midnight of due date documented. To class it will be TOO LATE to get credit for the quiz and chapter contents that we are covering. Missing assessments will impact your grade. ECH 328 is instrumental in preparing you for your career choice. When you miss an assignment or quiz, you will not be able to make up the grade. It is your responsibility to understand the material and complete the assignments.
sent, it sends a strong message about you and your commitment to education and children. If you miss assignments and try your best effort, it not only hurts you, it hurts children you will teach.

Calculations are based on the percentage of total points you earn. You are responsible for keeping records of graded work. These will be available through D2L. Assignments in ECH 328 are listed in the following:

- **Power of our Words**: 20 points
- **Others from Who Am I in the Lives of Children**: 130 points

Evaluations:

The final week of each semester, students in the College of Education electronically evaluate courses taken within the college. Evaluation data is used for a variety of important purposes including: 1. Course and program improvement, planning, and prioritization; 2. Instruction evaluation purposes; and 3. Making decisions on faculty tenure, promotion, pay, and retention. Please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the College of Education is committed to excellence in teaching and continued improvement. Therefore, your response is critical.

College of Education, the course evaluation process has been simplified and is completed electronically through MySFASU. Through the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

Student Ethics and Other Policy Information: Found at https://www.sfasu.edu/policies

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments as expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy and the assessment of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note the information in required reports (including the first 12-day attendance report) and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors with appropriate document(s) in advance, if possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence. No student shall be allowed to pass the course who has unexcused absence exceed three (3). No points will be deducted for first two unexcused absence, and the final grade lowered one letter grade for the third unexcused absence. Being late for class reflects negatively on the final grade as determined by the instructor. A Name Tag is provided at the beginning of class. Students should sign-in legibly with the date on the back of name tag, as they enter the classroom unless they are tardy. Late class arrivals are disruptive.
Handiness can negatively reflect upon your final grade. If the name tag has been removed by the professor, have a seat sign it at the end of class. **Not signing on the back of name tag indicates an absence.** Signing in for someone else’s absences will reflect negatively on your grade, as determined by the professor.

The following is information that helps clarify and outline student responsibilities, and expectations for enrollment and participation. To be successful you should:

- have time to dedicate to and participate in the course. All assignments cannot be completed, if you are not in attendance and/or tardy and, therefore, no points can be earned.
- all assignments must be completed to receive a grade in this course.
- bring your reading materials and supplies, i.e., flash drive, pad on which to take notes, pen, and other needed materials to class each day.
- take class notes of announcements and use the resources that your professor has prepared in D2L to set your goals and prioritize your efforts. You must plan to dedicate time to fully participate in the course.
- not get behind in assigned readings and assignments - it can be difficult to catch up.
- submit all work by due date--late work is accepted for feedback, however, a grade of zero will be assigned. All assignments must be submitted for a grade in the course, although points cannot be earned for late work.
- not ask for extra or bonus work to supplement your grade. There is no extra bonus work.
- create all correspondence and assignments, including email, in Standard English. Written work must be professional in work and appearance. This means no casual terms, "text" language, nor any other nonstandard English.
- maintain a copy of all submitted work on flash drive. All assignments must be computer generated and free from spelling and grammar errors.
- Students are expected to exhibit a courteous and mature behavior. The class should remain seated, on task, and respectful to others as not to disrupt student learning, i.e., wandering around the room, talking, asking to borrow materials, leaving the classroom, etc.

**Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to: [www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withdrawn Grades: Policy 5.5

The discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned to the student cannot complete the course work because of unavoidable circumstances. Students must complete the work by the end of the calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, according to policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Student Code of Conduct: Policy 10.4
Classroom behavior should not interfere with the instructor's ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to both instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. **Teacher Certification/Licensing Requirements in Texas related to public education and other professional settings required to:**

Texas must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. Public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to take a certification examination, State Board for Educator Certification-approved educator preparation program or planning to take a certification exam, must undergo a preliminary criminal history evaluation letter regarding the person's potential ineligibility for certification due to a pending, unsatisfied, or deferred adjudication for a felony or misdemeanor offense.
A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. The service is provided to the requestor for a fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

Eligible to request a Preliminary Criminal History Evaluation if:
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

Not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a misdemeanor offense.

You must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not prevent you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you provided for evaluation.
