Includes an in-depth look at learning centers, positive classroom climate, teacher planning and interaction, assessment, and facilitation of a constructivist classroom environment. Includes investigation of theories supporting development of an interactive environment fostering the whole child is included.

**Course Justification:**

"Child Centered Environments" (2 hours credit) typically meets twice a week in 50 minute segments for 15 weeks, and also includes additional weekly observation time for completion of observations in the SFA Charter School during learning center time. For completer courses the meetings are web-based via extensive course modules and the observations are delivered via videos embedded within the course modules. Teacher candidates have significant weekly reading assignments, are expected to take regular quizzes, observation quizzes, a professional development assignment, two professional written pieces, and a conservation activity with a child. The course requirements take an average of four more hours of work each week outside of the time required for course attendance or content module engagement for completers. Completers are also required to attend a campus visit during the beginning of the semester which is usually scheduled for two days.

Know that if you intend to use a "dial-up" connection to access the internet for this course, please note that you may experience long wait times for files to download and you MAY NOT be able to view all pages in the course or watch the many videos you will find. Not being able to view all information is NOT a valid reason to miss requirements. Finding a browser on your computer that allows YouTube videos and other links to open quickly will save you much time. The Resource Room in the ECRC at SFA has computers that can be used daily to view your videos and or take quizzes, but do plan ahead if you need to utilize this on campus resource. (See posted Resource Room Schedule for the current semester.)

Having technical trouble with computer or with D2L does NOT excuse missed or late assignments. Your ability to understand the technology is a MUST. **DO NOT WAIT UNTIL THE LAST MINUTE TO WORK ON ASSIGNMENTS or learn about D2L.**

**Course Pages** - This course web-enhances and you must plan on being able to use D2L daily. Course pages may be accessed through MySFA or directly at [http://D2L.sfasu.edu](http://D2L.sfasu.edu).
**IV. Evaluation and Assessments (Grading):**

Assignments may be assessed using rubrics, scoring guides, and/or grading forms. The grading forms, rubrics, and checklists are located in D2L and should be reviewed before completing the assignment. Reviewing the rubric, grading form/scoring guide or requirements will allow you to know what grade you want to work toward in that specific assignment. The professor will rate assignments based on the learner's ability to intelligently convey his or her understanding of content, using proficient writing skills. Some assignments will also be observed and assessed by peers in the classroom and used as a learning tool to help deepen understanding by all students. Assignments, submitted online, may be used by instructor for examples to help others learn. **0 credit will be received for late or missed assignments. Late or missed work will result in reduced professionalism points.**

The following grading scale will be used in determining the candidate's final grade (percentage of total points earned out of total points possible: To keep up with you own average use the following: Total points earned divided by total points possible. (Tentative Total Number of Points=780)

- A = 90 -100% (702-780)
- B = 80 - 89% (624-701)
- C = 70 – 79% (546-623)
- D = 60% - 69% (468-545)
- F = 59% or below (467)

VII. Course Evaluations:

Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.
As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical.

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information:

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this
information in required reports (including the first 12 day attendance report) and in determining final
grades. Students may be excused from attendance for reasons such as health, family emergencies, or
student participation in approved university-sponsored events. However, students are responsible for
notifying their instructors in advance, when possible, for excusable absences. Whether absences are
excused or unexcused, a student is still responsible for all course content and assignments. Students
with accepted excuses may be permitted to make up work for up to three weeks of absences during a
semester or one week of a summer term, depending on the nature of the missed work. Make-up work
must be completed as soon as possible after returning from an absence.

**Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with
disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325,
936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor
and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a
timely manner may delay your accommodations. For additional information, go to
http://www.sfasu.edu/disabilityservices/

**Academic Dishonesty**

**Student Academic Dishonesty: Policy 4.1**

Abiding by university policy on academic integrity is a responsibility of all university faculty and
students. Faculty members must promote the components of academic integrity in their instruction,
and course syllabi are required to provide information about penalties for cheating and plagiarism, as
well as the appeal process.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of
plagiarism include, but are not limited to:
- submitting an assignment as one’s own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another
  source;
- incorporating the words or ideas of an author into one’s paper or presentation without giving the
  author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to, reprimand, no credit for the assignment or exam, re-
submission of the work, make-up exam, failure of the course, or expulsion from the university.
Student Appeals
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withheld Grades Semester Grades (Policy 5.5):

At the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes and F, except as allowed through policy (i.e., Active Military Service (6.14). If students register for the same course in future terms, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Student Code of Conduct (Policy 10.4):

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936 468 2703.

Code of Ethics for the Texas Educator:

The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:
1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person’s potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:

- You enrolled or planning to enroll in an educator preparation program or
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation.

Additional information can be found at https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/ <http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder Martin at 936-468-1740 or snyderke1@sfasu.edu.

**IX. Relevant Course Information**

1.) Professionalism in ECH 331 You will demonstrate professionalism by:

- attending all class and face-to-face meetings in accordance with the policies of the university; checking in on D2L daily (missing class will cause professionalism grade to drop)
http://www.sfasu.edu/policies/class_attendance_excused_abs.asp
- becoming familiar with the SFA Policies and Procedures Manual regarding cheating and plagiarism;
http://www.sfasu.edu/policies/academic_integrity.asp
- reading course outline/syllabus and following directions for assignments;
- reading each assigned reading by the stated due date;
- completing ALL ASSIGNMENTS/QUIZZES independently unless otherwise stated by the instructor/professor;
- completing ALL ASSIGNMENTS/QUIZZES on or before the due date (LATE WORK does not receive points);
- participating appropriately in all class, DISCUSSION BOARD assignments, and face-to-face meetings;
- dressing professionally at all times when in the ECRC (face-to-face meetings—see ECHL Dress Code)
Or Alternate observation/interaction sites;
- being professional in demeanor, attitude; with teachers and peers (in person or with written communications)
- communicating effectively with professor, teachers, and fellow classmates in all communication formats
- maintaining confidentiality at all times.

2) Course Time Requirements
ECH 331-Child Centered Environments (2 hours credit) typically meets twice a week in 50 minute segments for 15 weeks, and also includes additional time for completion of weekly observations in the SFA Charter School during learning centers. For completer courses the meetings are web-based via the modules and the observations are delivered via videos embedded within the course. Teacher Candidates have significant weekly reading assignments, are expected to take regular quizzes, observation quizzes, a professional development, professional written piece, and a conservation activity with a child. These activities take an average of 4 or more hours of work each week outside of the time required to read course modules hours to ensure success in the course. Completers are also required to attend a campus visit during the beginning of the semester which is usually scheduled for two days.

3) Teacher Candidate Interviews
- Each Teacher Candidate will participate in a brief interview by faculty of the Elementary Education Department to assess oral communication skills and dispositions for teaching. Information for interview scheduling will be posted in the course.

4) Additional Information Specific to Course
In order to complete the course, ALL MAJOR assignments (major assignments are noted in course timeline) must be completed by the end of the semester. Missed quizzes are issued zero credit and will not be reopened. Quizzes are not major assignments. Of course, extenuating circumstances are always considered. Always contact your instructor regarding extenuating circumstances and Student Services if applicable.

Late Work— Late work receives no credit unless there is approval from the instructor. (Talk with teacher BEFORE it is late...not after.)

Make-up Work Policy— The decision whether to accept make-up work is at the discretion of the instructor. In general, make-up work will be accepted one week from the original due date. I may accept late work for up to ½ credit earned, if there is an extenuating circumstance. No make-up work will be accepted during the week
prior to finals or during finals week. It is important to submit make-up work in a timely manner.

Attendance – Attendance will be taken each class meeting day. Missed classes will adversely affect your final grade by causing professionalism grade to drop. (Teachers are to notify their principal when absent. Notifying your instructor/professor prior to an absence prepares the teacher candidate for the future.) Being online regularly in a web-based course is expected to meet attendance expectations in a web-based course.

Expectations – Teacher candidates are expected to keep up with the assigned readings listed in the course calendar. Teacher candidates will be responsible for taking quizzes (over readings in the text books and modules) in D2L as dated in the course calendar and in D2L. Readings in the assigned texts will allow all teacher candidates to create or add to their schema on the subject and participate intelligently in the classroom discussions. These quizzes are due and are expected to be completed before discussed in class or may be given in class to help recall material to be discussed in class. Missed quizzes, online or in class, may not be made up and will adversely affect your professionalism grade and course grade. Quizzes may be added during semester, as needed, to help in the recalling of important information in readings.
