I. Course Description:
Overview of the vast scope of the hospitality industry, historical perspective, analysis of the industry as a profession, professional opportunities and future outlook.

The hospitality administration program at Stephen F. Austin is poised to attract students, to enhance university visibility and to prepare students to compete in the 21st century. Specific objectives of the Hospitality Administration major are to:

- Deliver an academic program that attracts non-traditional students as well as traditional students seeking an education at Stephen F. Austin.
- Prepare individuals for entry-level employment in the vast hospitality industry.
- Meet needs of students desiring an academic area that prepares for multiple types of employment, flexible scheduling, and mobility.
- Provide industry with well-prepared, qualified personnel.

Course Justification: HMS 102 (HAMG 1321) Introduction to Hospitality

HAMG 1321 – Introduction to Hospitality is a 3 credit hour lecture course taught in a 15-week period and is offered in the fall and spring semesters. According to the SFA policy 5.4, one-semester hour of credit is granted for 750 minutes of classroom instruction and 1500 minutes of outside of class student work. This course utilizes face-to-face instruction, online module lectures and assignments, industry research assignments and presentations, power point projects, textbook readings, online chapter quizzes and exams, field trips, and 6 hours of service learning requirements meeting the required classroom instruction and outside of class hourly requirements.

II. Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes):
The mission of the College of Education is to prepare competent, successful, caring and enthusiastic professionals dedicated to responsible service, leadership, and continued professional and intellectual development. The goals of this course support the goals of the PCOE by:

- Preparing leaders in the Texas hospitality field. As one of the largest industries in Texas, the hospitality industry needs competent and skilled leaders. Students will become familiar with the Texas hospitality industry in this course as it serves as a foundation for future courses within the Hospitality Administration major.
- Provide a variety of teaching venues incorporating the latest technologies to a range of diverse student interests, backgrounds, and aspirations. During this course, each student will be exposed to a wide variety of guest speakers in the hospitality field. I will strive to help each student understand his or her role in the hospitality industry, regardless of major or career goals.
- Collaborate with external partners to enhance students' knowledge, skills, and dispositions, and to influence the ongoing exchange of ideas for mutual benefit. Outside resources will be
employed to enhance the curriculum of this course with guest speakers, video and worldwide web.

- Engage in outreach services. Each student will have an opportunity to contribute to the hospitality field through optional extra credit outreach projects.
- Conduct research to advance knowledge and to contribute to the common good. The final paper/presentation should be the student's original work. Students will be encouraged to choose topics that are relevant to their own interests and relate to current trends in the field of hospitality.
- Professional Organization Standards related to this course include: https://www.ahlei.org, cmaa.org, clubcorp.com

Program Learning Outcomes:
1. The student will display the professional dispositions (academic excellence, life-long learning, collaboration, openness, integrity, and service) relative to the field of Human Sciences.
2. The student will exhibit the professional behavior (strong communication skills, a professional image, a good work ethic and adequate preparation for employment in his/her specific discipline) expected in the field of Human Sciences.
3. The student will demonstrate competence in his/her specific discipline using oral and written forms.
4. The student will calculate, interpret and understand key ratios, financial statements and budgets, related to the hospitality industry.

Student Learning Outcomes:
To develop a basic knowledge of the hospitality industry including historical, current and future perspectives; an analysis of the industry as a profession; and career opportunities. In this course, the students will be provided a learning opportunity to:
- Trace and explain the growth and development of the hospitality industry.
- Identify the industry leaders in hospitality.
- Recognize associations and organizations in the hospitality industry.
- Describe the functions of human resource management and leadership development as related to the hospitality industry.
- Develop an understanding and identify the various career opportunities available in hospitality.
- Explore and discuss all operational aspects of the following areas of the hospitality industry: travel and tourism, restaurant, hotel, club management, meetings and conventions, cruise lines, and gaming and casinos

III. Course Assignments, Activities, and Instructional Strategies, use of Technology:
Method of Instruction: Lectures, interactive class discussions and activities, visual media (power point, interactive simulations, internet, etc.) group and individual assignments. Submitted assignments must be typed and include rubric when applicable. Assignment submission instructions will be given in class and within D2L. Points will be deducted not following instructions and late assignments. Not all assignments have a "make-up assignment" if missed, i.e. field trip and/or in class discussions.

Assignments are due at the beginning of class. Late work will not be accepted. Should illness or other circumstances occur which prevents class attendance; the instructor must receive documentation from the Office of Student Rights & Responsibilities. Three days will be allowed for missed work; make-up work will not be accepted after that date. Absolutely no work or documentation of previous absences will be accepted during dead week or final exam week.

Use of Technology includes D2L, internet readings, assignments, and word processing.
Course content will be delivered via class lectures, discussions, presentations, and assigned readings. Assignment instructions will be delivered in class; instructions and rubrics will be posted in D2L. Neglecting to check the homepage is not a valid excuse for missing an assignment due date. Students should check their grade points at least once a week. Any discrepancies in points must be resolved within
one week after assignment grades have been posted otherwise the posted grade points are considered final and will not be reviewed at a later date. Semester grade discrepancies will not be reviewed during dead week or final exam week. Completing an assignment does not automatically merit a grade of A. Average work will receive a grade of C. To receive a grade of B or A, student must go above and beyond basic requirements of the assignment.

IV. Evaluation and Assessments (Grading):

Assignments – 410 points
Chapter Quizzes 130 points
Syllabus Quiz 10 points
Exams – 400 points
Attendance – 50 points
Service Learning Hours – 50 points

Through the semester you will have a syllabus quiz, class assignments, and class discussions. NO LATE WORK will be accepted. There are no makeup for missed in class and/or outside of class assignments. It is your responsibility to keep up with readings.

Assignments/Discussions include: (Total 410 points)
1. In-Class Discussion – Present responses to Core Value Attitudes article – 20 pts
2. SWOT Analysis – 40 points – Individual assignment
   A self-analysis utilizing the SWOT model; includes and reflection.
3. Professional Organization – 30 points – Individual assignment
   Identify professional organizations with student sections specific to your major.
4. Reflection of Field Trip – 50 points – Individual assignment

Assignment format – submitted through Dropbox, 12 pt font, Times Roman font using APA format, following instructions and rubric posted with each assignment.

Service Learning Component (must complete 6 hours) – 50 points
In order to prepare competent professionals for a global society the faculty of the hospitality program has implemented a service learning component across multiple courses. Students are required to sign up for APPROVED events outside of class time to fulfill this component. Hours will be documented by both the student and the approved site supervisor on the Service Hour Log Sheet located on the homepage of the course. Failure to complete a total of six hours of service learning, unprofessioal behavior at the event, no shows, and/or removing your name after signing up will result in no points awarded. This is an "all or nothing" assignment. To receive credit, your completed Service Learning Log must be submitted under the Service Learning Log Assignment posted in Assignments in D2L by the Due Date.
Additional information will be given in class for specific event times and dates. This service learning opportunity will expose students to the important cross-cutting themes within the Body of Knowledge of Human Sciences. These themes include communication skills, critical thinking, diversity, global perspectives, professionalism, independence and community development.

### VI. Readings (Required and recommended—including texts, websites, articles, etc.):

**Required simulation:** Knowledge Matters
[https://vb.knowledgematters.com/](https://vb.knowledgematters.com/)
Instructions for this simulation will be presented in class.

**LiveText Statement:**
This course uses the LiveText/Watermark data management system to collect critical assessments for students who are Perkins College of Education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText/Watermark account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText/Watermark account, and you will be notified how to do this via email. If you forward your SFA e-mail to another account and do not receive an e-mail concerning LiveText/Watermark registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have questions about obtaining or registering your LiveText/Watermark account or any technical questions, call 936-468-7050 or e-mail LiveText@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText/Watermark system may result in course failure.

### VII. Course Evaluations:
Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the COE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation; 2. Instruction evaluation purposes; and 3. Making decisions on faculty tenure, promotion, pay, and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the COE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information:

Class Attendance and Excused Absence: Policy 6.7
Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences.

Attendance:
Learning is reciprocal; your participation in the class is essential to the instructional process and will be a factor in the determination of your final grade. Regular and punctual attendance at all scheduled classes is expected.
Attendance is critical to the course and will be taken during class; it is the student’s responsibility to personally sign the roll sheet every class period. Do not sign the attendance sheet for another student nor ask someone else to sign in for you. Signing a signature for another student is considered Academic Dishonesty; penalties for Academic Dishonesty may include, but are not limited to reprimand, failure of the course, or expulsion from the university.

Attendance is worth 50 points of your total grade. You are allowed 1 (one) “unexcused” absence for the semester. This absence covers any type of need such as illness, weddings, car problems, family emergencies, and personal travel, etc. (excludes planned absences for SFA extracurricular functions – documentation is required). For an absence to be considered “excused”, the instructor must receive documentation from the Office of Student Rights & Responsibilities. If additional absences are incurred with no documentation, 10 points will be deducted from your attendance point total for each day you are not in attendance. More than 3 absences with Rights and Responsibilities documentation automatically require a face-to-face meeting with the professor, otherwise points will be deducted. If you exhaust your 50 points from unexcused absences, and continue to miss class, you will continue to lose points from your total points accrued in the class. In-class activities cannot be made up; this includes guest speaker/field trip reflections.

Tardiness will result in total point deductions. Students are encouraged to be punctual out of courtesy for others, but also to ensure that they will not miss important announcements or be late for class discussion, activities, or tests.

Assignments are due at the beginning of class. Late work will not be accepted. Should illness or other circumstances occur which prevents class attendance, the instructor must receive documentation from the Office of Student Rights & Responsibilities. Three days will be allowed for missed work;
make-up work will not be accepted after that date. Absolutely no work or documentation of previous absences will be accepted during dead week or final exam week.

Any student having a planned absence for an SFA university function must notify the instructor in writing prior to the absence. It is the responsibility of the student to make arrangements for missed assignments before the absence occurs.

Class participation:
Class participation promotes a valuable learning environment and is therefore encouraged and expected. Participation includes asking questions (for clarification and better understanding), discussing current or controversial issues related to course content, exploring ideas or concepts, problem solving, and other exchanges of ideas. It is the student's responsibility to read the material assigned in the class schedule prior to the class period to be able to participate effectively in class discussions and/or activities. Technology for academic purposes is encouraged; otherwise, please refrain from personal use during class time.

Students with Disabilities: Policy 6.1 and 6.6
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilitiesservices/.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilitiesservices/.

Student Academic Dishonesty: Policy 4.1
Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one's own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

Penalties for Academic Dishonesty
Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, resubmission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals**
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades: Policy 5.5**
At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy (i.e. Active Military Service (6.14)). If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Student Code of Conduct: Policy 10.4**
Classroom behavior should not interfere with the instructor's ability to conduct the class or the ability of other students to learn from the instructional program (see the Student Conduct Code, policy D-34.1). Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This prohibition applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at [https://www.sfasu.edu/judicial/earlyalert.asp](https://www.sfasu.edu/judicial/earlyalert.asp) or call the office at 936-468-2703.

**IX. Other Relevant Course Information:**
- Please arrive on time for class and stay the entire class period. Do not pack up belongings before the conclusion of class. Read assigned chapters and readings BEFORE coming to class. Be prepared to participate and fully engage in class discussion. Eating, drinking, and use of tobacco products are prohibited in all classrooms and instructional laboratories unless these are part of the instructional process. Please turn off AND put away all cell phones, pagers, beepers, ipods, PDAs, radios, cd-players, etc. It is your responsibility to be prepared for class.
- Read chapters BEFORE class to enhance participation and contribute to the learning environment.
