If you call after regular business hours or on a weekend, please leave a voicemail. • For general computer support (not related to D2L), contact the Technical Support Center (TSC) at 936-468-HELP (4357) or at helpdesk@sfasu.edu. To learn more about using D2L, visit SFA ONLINE at http://sfaonline.sfasu.edu, where you’ll find written instructions and video tutorials.

Dropbox / Discussions / Quizzes to Complete (subject to change) – Course assignments will be submitted via D2L Dropbox. Course discussions will be completed via D2L Discussions. Course quizzes/tests/exams will be completed via D2L Quizzes. Plan ahead so that you will not miss a due date in the event of personal issues or technical difficulties. If you experience extenuating circumstances, contact the instructor via D2L email prior to missing the due date. In the event of a truly extenuating circumstance (e.g., you are in the hospital for several days) that prevents you from contacting the instructor ahead of time, you must contact the instructor via D2L email within 24 hours of missing an assignment to make arrangements for making it up. Please be aware that you may be asked to provide documentation of the extenuating circumstance and that the instructor reserves the right to not grant an opportunity to submit a missed assignment, in which case a grade of zero will be earned.

All assignments must be typed and submitted as a Microsoft Word (or Rich Text Format) document online through D2L. You are responsible for checking your attachment to ensure it is in the correct format. Assignments submitted in an incorrect file type may earn a grade of zero. In order to enhance learning in this course, assignments may be altered, or additional assignments may. Candidates are expected actively participate by completing class activities and assignments.

• Warm-up Module Participation (100 points) – Students will create various products that reflect class topics and models of instructional and comprehension strategies they can later apply to assignments with students in the classroom. They will include, but are not limited to: Bell Ringer Activities, Google Doc Assignments, Admit Slips, Exit Slips, and Socratic Student Quizzes. These would be turned in through D2L at the beginning, middle or end of each module.

You will submit this reflection via D2L.

- **Assessment Project Collection** (100 points) – Students will create an assessment collection that applies the information from the *40 Strategies of Middle and Secondary Classrooms* and the *Differentiated Instructional Management* texts to the concepts of Word Analysis and Reading Fluency. This collection will showcase your knowledge of the variety of informal and formal procedures (i.e., reading comprehension strategies) for assessing on an ongoing bases students’ Word Analysis and Reading Fluency Skills. Students will reflect on another student’s assessment collection and give feedback using a feedback rubric provided.

- **Quizzes** (50 points) - These quizzes will include information presented in the course textbooks and covered within the course. Each quiz will be completed within D2L. Please pay careful attention to the window of availability (start date and time/end date and time) and make sure to complete each quiz when it is available. Once the quiz has closed, it will not be reopened. If you do not complete the quiz during the window of availability, a grade of zero will be earned. Please plan ahead in case of technical difficulties. If you experience trouble with D2L while attempting to access, complete, or submit a quiz, please call OIT at 936-468-1919.   - **Final Exam** (20 points) – This quiz will cover the last section of the course, DIM textbook, and Discussion Board posts.

All course work (including but not limited to discussion board postings, activities, quizzes, and tests) must be completed and submitted on time. Missed work may result in a grade of zero. Plan ahead – work ahead of deadlines so that you have a ‘buffer’ in the event of computer issues or other difficulties. A computer issue does not constitute an extenuating circumstance. Professional tone and the use of Standard English is expected in all communication (including but not limited to discussion postings and emails).

E. Gound/Aug 2018
Students must be online 3+ times per week.

**5 bonus points will be awarded for completion of the course evaluation.** For example, this will allow for a maximum final grade of 505 out of 500 points.

VII. Course Evaluations:

Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the College of Education. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the College of Education faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. **Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.**

5 bonus points will be awarded for completion of the course evaluation.

VIII. Student Ethics and Other Policy Information:

Class Attendance and Excused Absence: Policy 6.7

**Face to Face**

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

**Online**

Participation are expected within this course beginning on the first day of the semester and continuing through the end of final exams week. Attendance for this online course includes logging on to the D2L course several (3+) times per week and visiting course content. Participation involves logging in to the course several times per week, completing and submitting all course work (including Bell Ringers, Discussions, Quizzes, and Dropbox assignments), and reading course-related emails and announcements. Please be aware that SFA policy requires attendance/participation reporting; teacher candidates who do not attend and/or do not demonstrate course participation within a given course will be dropped from financial aid for that course. Please refer to the missing work policy within the syllabus for additional information regarding course
participation and final course grade. I will check in D2L.

**Academic Accommodation for Students with Disabilities Policy 6.1 and 6.6**

To obtain disability related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodations and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

**Student Academic Dishonesty: Policy 4.1**

Abiding by university policy on academic integrity is a responsibility of all university faculty and students. Faculty members must promote the components of academic integrity in their instruction, and course syllabi are required to provide information about penalties for cheating and plagiarism, as well as the appeal process.

**Definition of Academic Dishonesty**

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:
- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:
- submitting an assignment as one's own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

**Penalties for Academic Dishonesty**

Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals**

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Student Code of Conduct: Policy 10.4**

Classroom behavior should not interfere with the instructor’s ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not
attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at https://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

**Email communication** - When you email me, remember that you are emailing a professor—look at what you have typed before you send the email. Remember to begin the email with an appropriate salutation and to end by signing your name. Make sure that the email includes a specific question and/or provides clear information. Make sure to proofread for typos prior to sending. During the week, I will do my best to answer your email within 48 hours. If you do not receive an answer in 48 hours (during the week), please re-send the email. I may not check email on the weekends and may not check my email outside of normal working hours. If you email Friday night, you may not receive a response until Monday; if you email at midnight during the week, do not be surprised if I do not answer until normal working hours during the next business day. Please also make sure to check your email each day we have class so that you do not miss course information and announcements.
