Stephen F. Austin State University
DeWitt School of Nursing
SPECIAL PROBLEMS IN NURSING SYLLABUS
Course Number: NUR 475
Section Number: 001
Spring 2019

Course Instructor
Susan Ballard, DNP, RN

ALL INFORMATION IN THIS SYLLABUS IS SUBJECT TO THE WRITTEN POLICIES AND PROCEDURES OF THE SCHOOL OF NURSING, STEPHEN F. AUSTIN STATE UNIVERSITY, NACOGDOCHES, TEXAS.

IN THE CASE OF COMMISSION, OMISSION, AMBIGUITY, VAGUENESS, OR CONFLICT, THE POLICIES AND PROCEDURES OF THE SCHOOL OF NURSING SHALL CONTROL.

EACH STUDENT SHALL BE RESPONSIBLE FOR ACTUAL AND/OR CONSTRUCTIVE KNOWLEDGE OF THE POLICIES AND PROCEDURES OF THE SCHOOL OF NURSING AND FOR COMPLIANCE THEREWITH.

EACH STUDENT IS RESPONSIBLE FOR ALL INFORMATION IN THIS SYLLABUS.

This syllabus is provided for informational purposes only.
Faculty Contact Information

Name: Susan Ballard, DNP, RN
Department: Nursing
Email: ballardsr@sfasu.edu
Phone: (936) 468-7721
Office: Room 106
Office Hours: Monday 0800-1000
Tuesday 1200-1500
Wednesday 800-1200
Thursday by appointment
Friday by appointment
Or by appointment

Class meeting time and place: Monday
1530-1730, Classroom Building, Room 111/113

Textbooks and Materials
Required: NONE

Optional

Course Description
This course is designed to help students in need of remediation to be successful in the nursing curriculum.

Placement/Rationale
This is a required course for those students who have failed a nursing course in a preceding semester. A contract is used to demonstrate the learning objectives and learning activities required to assist the student in improving in defined areas of need to better enable the student to be successful in completing the required nursing courses.

Number of Credit Hours
1 – 6, depending on the needs of the individual student.

Course Prerequisites and Co-requisites
Must be accepted into the School of Nursing and enrolled in a nursing course or repeating a nursing course.
Prerequisites: None
Co-requisites: None
Program Learning Outcomes
The student will:

1. Apply knowledge of the physical, social, and behavioral sciences in the provision of nursing care based on theory and evidence based practice.
2. Deliver nursing care within established legal and ethical parameters in collaboration with clients and members of the interdisciplinary health care team.
3. Provide holistic nursing care to clients while respecting individual and cultural diversity.
4. Demonstrate effective leadership that fosters independent critical thinking, use of informatics, and collaborative communication in the management of nursing care.
5. Assume responsibility and accountability for quality improvement and delivery of safe and effective nursing care.
6. Serve as an advocate for patients and for the profession of nursing.
7. Demonstrate continuing competence, growth, and development in the profession of nursing.

General Education Core Curriculum Objectives/Outcomes
None

Student Learning Outcomes
The student will:

1. Relate concepts and principles of the arts, sciences, humanities, and nursing as a source for introducing students to the nursing profession.
2. Describe nursing roles, practice settings, the interdisciplinary team, traditions, and the historical progression of nursing as a profession.
3. Explain the nurse's responsibility and accountability in providing patient care.
4. Identify moral, ethical, economic, political, and legal issues affecting nursing practice.
5. Examine how holistic, socio-economic, spiritual, and ethno-cultural characteristics of patients affect nursing care.
6. Relate the concepts of nursing process, critical thinking, and mathematical strategies for medication administration to nursing care.
7. Develop professional communication skills.

Course Requirements
1. Weekly attendance and participation in class activities.
2. Completion of practice NCLEX questions (minimum of 40 questions per week x10 weeks) via dropbox in D2L.
3. One formal paper reflecting on personal accountability and responsibility.
4. Completion of tutorials, counseling, or other success strategies as assigned.
5. Weekly reporting of grades in concurrent courses via dropbox in D2L.
6. Preparation for and participation in assigned clinical days (table top meds x2 & clinical experience x3).
7. Completion of 3 in class Medication Calculation Quizzes.
8. Cultural Encounter Presentation.
9. Always bring content from a nursing course to N475 to study.
10. Always bring syllabi for each class student is enrolled and course calendar.
11. Additional assignment for upper level hour requirements (4-6hrs): Ethical Poster Presentation

**Grading Policy**
1. Attendance & Course participation (Discussion, Case Studies, Clinical, & Study Hall) = 36% (3% per day x 12 class days - see rubric for participation calculation)
2. Medication Calculation Quizzes = 30% (10% each – grade from first attempt)
3. NCLEX questions = 20% (2% each – completion grade only)
4. Personal responsibility/accountability paper = 10% (see grading rubric in D2L)
5. Cultural Encounter Presentation = 4% (see grading rubric in D2L)
6. Additional assignment for upper level hour requirement (4-6hrs): Ethical Poster Presentation. This is a Pass/Fail assignment. Failing to pass the required assignment (see grading rubric) will result in a reduction of one letter grade in the final course grade.

**Nursing students must have a minimum grade of “C” in this course to be eligible for admission to the nursing program.**

**Grading Scale**
A=90-100
B=80-89
C=75-79
F=74 or below

***All assignments are due at the assigned times. Late assignments will not be accepted. Failure of NURS 475 counts as a failure of a course in the Nursing Program.***

*In an effort to promote learning and minimize distraction, please turn off all electronic equipment (cell phones, laptops, tablets, etc.). In the event that electronics are used without prior instructor approval, you will receive a zero for the daily participation grade.*

**Attendance Policy**
Attendance constitutes 36% of total course grade. Excused absences require 24 hour notification prior to the absence. An absence is deemed excused or unexcused by the instructor. If the student is in another required clinical site during the scheduled N475 time, at least 24 hours notice will need to be given to the N475 instructor via D2L email. Absence due to illness requires a note from the Health Care Provider. Attendance will be assessed each meeting time. Unexcused absences will result in a decrease of one letter grade per absence. Attending the course will increase the student’s successful completion of the course. In the event the student does not complete the required work for the course, the Director of the School of Nursing and the repeating course faculty will be notified. Unexcused absences result in a zero for that class attendance date and are factored into the grade for this course. Lack of preparation for class, not having required
materials in class, and lack of preparation for any course activity, including simulation, can result in an unexcused absence.

**Quizzes**
Medication Calculation quizzes are evaluations of individual knowledge and performance. All quizzes are to be completed independently without assistance from additional resources (i.e., peers, internet, cheat sheets, etc.) and only during the assigned class time.

**Academic Integrity (A-9.1)**
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty as well as abiding by university policy on penalties for cheating and plagiarism.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to (1) using, or attempting to use, unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping, or attempting to help, another in an act of cheating or plagiarism. Plagiarism is presenting the works or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one’s own work when in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one’s paper without giving the author due credit.

Please read the complete policy at [http://www.sfasu.edu/policies/academic_integrity.asp](http://www.sfasu.edu/policies/academic_integrity.asp)

****Any incident of cheating will constitute failure of this course and will be reported to the Director of the School of Nursing. Failure of 2 nursing courses will result in dismissal from the nursing program. N475 is a nursing course and does count as a failure in the nursing program in the event the student fails this course.***

**Withheld Grades (Semester Grades Policy A-54)**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student completes the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Students with Disabilities**
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the
semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/

Additional campus information:
To view information concerning Campus Carry at SFA, visit www.sfasu.edu/campuscarry.

Course Objectives
1. Implement test taking and study skills.
2. Explore strengths and weaknesses related to foundational and nursing knowledge.
3. Actively construct a plan for improvement.
4. Report the actions taken to improve study skills and test scores.
5. Demonstrate clinical competency in all areas completed in the nursing curriculum.
6. Completion of prescribed labs, simulations, papers, study groups, and computer lab time.

Teaching Methods
Lecture, online and class discussion, media, case studies, handouts, and readings, small group activities, written assignments, conferences, demonstrations, observation, library, computer lab time, Clinical, and Web enhancement.
