**Assessment:**

Students are expected to read all content assigned as well as remain current regarding political events happening in both American and Texas politics throughout the duration of the class and should be able to comprehend and analyze both assigned text and current events.

You are expected to read the assigned material before class in order to participate actively and constructively in class. Your grade will depend on frequency and quality of your contribution to class discussions.

Also, it is important that we keep up with contemporary events. Doing so will provide relevant examples for our in-class discussion and enhance your awareness of important issues. The following list are some of the news sources you may use: BBC News, The Economist, The Financial Times, The New York Times, The Guardian, The Texas Tribune, Houston Chronicle, Dallas Morning News, Fort Worth Star-Telegram, Austin American-Statesman, and Reuters.

**Additional Assignment Information**

**Weekly In-class Assignments**

Students should attend class and be prepared to discuss their opinions regarding material discussed in lectures, assigned readings, and current events taking place in Texas and the U.S. government. Students are **NOT** graded on the assumption that they will have a perfect understanding of Texas and American government, and are encouraged to ask questions, propose ideas that they are not certain are correct, and respectfully challenge and debate positions held by their classmates or the instructor.

Each week students will be assigned an activity to complete in addition to the assigned readings to reinforce course content.

**Exams**

You will take three exams during the semester. All exams consist of fifty (50) multiple-choice questions worth two (2) points each. Material for the exams comes from classroom discussions as well as the assigned readings from your textbooks. Class sessions will not cover all material from the assigned readings, but all assigned readings, regardless of whether the material is discussed in class, may be covered on the exams.

Make-up exams are given only under the most extreme circumstances (e.g., a serious illness or a death in the family).

- You must notify your professor ahead of time if you are going to miss an exam.
- You must provide written documentation to substantiate your absence.
- Failure to inform your professor of an absence prior to the exam or failure to provide adequate documentation will result in a score of zero points (0) on the exam.
- Your professor determines what constitutes adequate documentation to qualify for a make-up.

- During exams, cell phones and other electronic devices must be turned off and stored away.
- For each exam, you must bring a Scantron and a pencil.

**Reflective Journal**
Each week students will write and reflect on the assigned readings, in-class discussions and lectures. Students should also include information about what they have learned and what they have observed in Texas and American government in the news. Journals can be hand written or kept in a word document file. This journal is NOT a summary of course material. It is focused on recording your own learning processes. Answering and documenting your reactions to the readings and current events. A rubric will be posted in D2L for students to follow for more detail.

**Policy Paper**

This assignment requires students to critically analyze an existing policy in Texas or American government. The policy paper must provide the historical context that explains why this policy was implemented and why it continues to date, must fairly and critically analyze the strengths and weaknesses of the policy, and must ultimately conclude whether the chosen policy should continue as it is currently constituted, should alter it in some way, or should abandon it altogether in favor of another alternative. The policy paper must also provide a justification for focusing on this policy by citing literature indicating that its efficacy is in some way disputed by reliable sources.

**Policy Paper Topics, Length and Citation Information**

Topics must be sent for approval by the instructor by **February 7, 2019**. The Policy Paper should be no shorter than 8 pages and no longer than 10 pages (Times New Roman, Double Spaced, one-inch margins). All sources should be cited using either MLA, APA, or Chicago author/date style. Further specifications regarding the length and assessment guidelines for the presentation will be distributed at a later date in class and posted in D2L.

**Policy Paper Presentation**

Students will be asked to give a presentation discussing either a historical event/policy or ongoing issue in Texas or American government. The presentation must outline the historical context in which your topic is situated, must explain why the topic is important and worth discussion, and must provide an accurate description of the topic. Presentations will occur in class during finals week. Further specifications regarding the length and assessment guidelines for the presentation will be distributed at a later date in class and posted in D2L.

**Late Assignment Information**

A detailed description of student expectations has been provided to you above. It is the student’s responsibility to turn in and complete fully all assignments by the deadlines listed above. If you are going to be absent it is your responsibility to contact me as soon as possible to avoid penalties. You must inform me of your absence before missing class. University Policies and Additional Information

Academic Integrity (A-9.1)

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty

Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at http://www.sfasu.edu/policies/academic_integrity.asp

Witheld Grades Semester Grades Policy (A-54)
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Students with Disabilities

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations.
