Course Requirements & Attendance:
Attendance is mandatory! This interactive course requires your participation in order for you to understand techniques and practice conceptual growth.

- Class time cannot be made up; therefore, more than 3 absences will result in the loss of one full letter grade from the final grade. Your grade will continue to drop a letter grade with each additional absence. If you know you’ll have more than three
absences for school/sports, talk to me before the semester begins. Because this is an interactive group learning class, you will lose points any time you miss.

- Arrive on time and participate the entire time. Three late arrivals or early departures result in one absence.
- Students must have completed work prepared prior to class. Plan ahead. You are expected to stay and work the entire class time. Students not participating in class are considered absent.
- With a three-credit class, there is a minimum of six to nine hours of work expected outside of class each week. Please learn to set priorities and budget your time.

Course Evaluations:
Near the conclusion of each semester, students in the School of Art electronically evaluate courses taken within the COFA. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the COFA faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

Academic Integrity:
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit. A full description of university procedures and penalties in response to cheating and plagiarism can be found in the on-line Student Handbook in the Academic Integrity section.

Accommodation of Disabilities: Rights and Responsibilities of Students:
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services, Human Services Building, Room 325, 468-3004 as early as possible in the semester.

Withheld Grades:
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.
Lab Policies:
Because we will be utilizing multiple spaces, make sure to always clean up after yourself and no food or drink will be permitted in some labs. You are welcome to bring water in a closed container.

Grading/Projects:
Your grade will be based on your effectiveness to understand and apply the learning outcomes listed above. Projects will include a Personal Logo/Brand, Resume, Portfolio, Web Site, Presentation, Job Searches, Applications, Application Data Form, Mock Interviews etc.

Projects 40%
Assignments 30%
Portfolio/Web site 15%

This review will be due by 2:00 p.m. on the assigned day through the dropbox of the D2L SFA online program. The total number of required reading summaries is subject to change based on time available. If students are reading requested material, reading summaries might not be assigned.

Students will suggest changes in grammar, style, structure and aesthetics of the curriculum vitae, resume, teaching philosophy, artist statement, and cover letter.
