Course Description:
This course surveys major developments in world history from around 1500 to the present. It will center on themes and topics since 1500 in order to familiarize students with world civilizations, and concepts such as cross-cultural interactions, migratory movements, ideologies/religions, foreign relations/conflict, social/political/economic changes and development, colonization and independence.

This course is a survey of the modern world from c. 1500 to the present. The course will focus on the development of what has been called the ‘modern world system.’ The modern world-system developed with the advent of capitalism and brought in its wake significant changes for different regions of the world. The manner in which different regions were integrated into this new world-system had far reaching consequences for their internal development and for their relations with the rest of the world. Our aim will be to examine the process by which the modern world-system integrated different regions during the historical stages of its development.

Student Learning Outcomes:

HIST 2322 is part of the university’s Core Curriculum and as such strives toward both the general goals of the core and the specific objectives for the classes designed for inclusion in the Language, Philosophy, and Culture Foundational Component Area as defined by the Texas Higher Education Coordinating Board.

Courses in this Foundational Component Area of the Core focus on the ideas, values, beliefs, and other aspects of culture that express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

In addition to learning the above, as well as achieving competence in the assignment-specific objectives detailed earlier, students in HIST 2322 will, through a variety of exercises and assignments, demonstrate the ability to:
• Think critically, which includes the ability to analyze, evaluate, and synthesize information about this period of history.
• Communicate effectively by developing and expressing ideas through written communication.
• Gain intercultural competence, a knowledge of civic responsibility, and an awareness of past human engagements in regional, national, and global communities.
• Understand the role that personal responsibility has played throughout history and gain the ability to connect choices, actions, and consequences to the making of ethical decisions.

**Explanation of credit hours awarded for course:**

HIST 2322 (World Civilizations II) meets for 150 minutes each week for 15 weeks and also meets for a 2 hours and 30 minutes final examination. Students typically have weekly reading assignments from a combination of textbooks, primary document collections, and supplemental materials (biographies, historical novels, memoirs, etc). Typical sections of the course require students to take 2-3 exams per semester, in addition to the final exam. Many also require students to take quizzes. Course instructors are required to hold regular scheduled office hours to make themselves available to consult with students as needed. Combined, studying for quizzes/exams, doing the required reading, completing writing assignments, and consulting with course instructors average two hours of work outside the classroom for every hour spent in the classroom. Online sections of the course contain extensive written content within modules, and instructors hold "electronic office hours" to consult with students as needed, generally responding to student inquiries within twenty-four hours. Online course content includes the same information students in a face-to-face lecture course receive, requiring students to engage the online modules for at least 150 minutes per week. Besides engaging the material in the modules, online students have outside reading assignments similar to those mentioned above for face-to-face students. Thus, for every hour an online student spends engaging the content in the modules, he/she spends at least two hours completing associated activities and assessments.

**General Education Core Curriculum**

This course has been selected to be part of Stephen F. Austin State University’s core curriculum. The Texas Higher Education Coordinating Board has identified six objectives for all core courses: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general
education core curriculum by regular assessment of student performance on these six objectives.

**Policies and Procedures**

**Academic Integrity (A-9.1)**
Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

**Definition of Academic Dishonesty**
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit. Please read the complete policy at http://www.sfasu.edu/policies/academic_integrity.asp

**Withheld Grades (Semester Grades Policy, A-54)**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

**Students with Disabilities**
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be
provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.
