Brightspace by D2L
Course information is offered through Brightspace by D2L and will appear in each student’s
Brightspace by D2L account if he/she is registered for the course (login: https://d2l.sfasu.edu/). If
a student has Brightspace by D2L technical problems, he/she should contact the SFA Brightspace by D2L Helpdesk immediately (the contact information and tutorials are located on the Brightspace by D2L website: 336-468-1919). Furthermore, it is important that students check their Brightspace email and news on a regular basis. Brightspace email and news will be the primary method of communication in this course. Students can also communicate with other students via Brightspace email.

AARC – Academic Assistance and Resource Center
Utilize SFA’s Academic Assistance and Resource Center (AARC). The AARC has online resources such as an Online Writing Lab (OWL) and tutoring. One-to-one tutoring appointments can be scheduled for many subjects including Psychology. Please request appointments for tutoring by emailing aarc@sfasu.edu. The AARC is there for you!

Program Learning Outcomes:
This is a general education core curriculum course and no specific program learning outcomes for this major are addressed in this course.

General Education Core Curriculum:
The Texas Higher Education Coordinating Board has identified six core learning objectives: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general education core curriculum by regular assessment of student performance on these six objectives.

By enrolling in PSYC 2301 – General Psychology you are also enrolling in a Core Curriculum Course that fulfills the CRITICAL THINKING SKILLS, COMMUNICATION SKILLS, EMPIRICAL AND QUANTITATIVE SKILLS, and SOCIAL RESPONSIBILITY requirement.

General Education Core Curriculum Objectives/Outcomes:
1. Critical Thinking. Students will be instructed in and will apply critical thinking skills to include creative thinking, innovation, inquiry, analysis, evaluation, and synthesis of information.
2. Communication Skills. Students will be instructed in and will apply communication skills to include development, interpretation and expression of ideas through written, oral, and visual communication.
3. Empirical and Quantitative Skills. Students will be instructed in and will apply, practice, and demonstrate empirical and quantitative skills to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
4. Social Responsibility. Students will be instructed in and will apply, practice, and demonstrate social responsibility to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

COURSE REQUIREMENTS

Course Credit Hour Justification Statement:
PSYC 2301 “General Psychology” (3 credits) is designed to introduce students to the field of psychology by covering psychological concepts and principles typically including physiological, perceptual, developmental, learning, motivational, cognitive, social, historical, and methodological perspectives. The course typically meets 150 minutes a week in two 75-minute segments or three 50-minute segments for 15 weeks, and also meets for a 2-hour final examination period. Students typically have significant weekly reading assignments, writing assignments, voluntary research participation, are expected to take regular tests, and a final examination. These activities average at a minimum 6 hours of work each week to prepare outside of classroom hours. Online course sections contain extensive written content that includes the same information students in a face-to-face lecture sections receive, requiring students to engage the online modules for at least three hours per week. For every hour a student spends engaging with the online content, he/she spends at least two hours completing associated activities and assessments.

Course Calendar
Dates may change at the discretion of the instructor. Should a date change be required, it will be announced in the course News. All times listed are Central Standard Time.

**Grading Scale:**
A = 450 -- 500 (90%-100%)
B = 400 -- 449 (80%-89%)
C = 350 -- 399 (70%-79%)
D = 300 -- 349 (60%-69%)
F = 0 -- 299 (0%-59%)

**Weekly Discussions:** Weekly discussions will take place at various intervals throughout the course and can be accessed either in the associated learning module or in the navigation bar above by selecting *Course Tools*, then *Discussions*. The Main Forum of the discussion board will
be visible for all students throughout the semester. Each discussion is comprised of material from weekly reading topics and learning modules.

In a discussion, you must post your own response to the prompt and, if required, respond to other students. "I agree" is not a response to another student that will merit points; this may be how you feel, but it doesn’t require much depth of thought on your part. Responses must be substantive and reflect critical thought and engagement with the course material. Feel free to reply to other students' postings with oppositional points of view, but you must speak respectfully. **Initial discussion posts must be made by each Wednesday so that replies can be made by each Saturday.**

Please remember that the discussion board is an academic environment and should be treated as such; proper grammar, spelling, and syntax are expected. Though your postings should be of sufficient length to properly answer each question, your grade will be based not on the length of your postings (unless specifically noted) but on your active participation and the content of your messages. Note that while you may not fully understand each module's content, discussions can be a good way to help yourself and your fellow students to make sense of them. Thoughtful, appropriate questions about the content carry value and reflect critical thought.

For each discussion, you must make a post and reply to **at least two other students’ posts.** Points may be deducted from discussion grades for the following reasons:
1. Discussion post offers **too vague of an opinion.**
2. The post has **grammatical and spelling errors.**
3. You are only **re-stating what your classmates have already mentioned** without adding your own unique interpretation.
4. You are **not using relevant course concepts and terms** in your discussion post.
5. For your reply, you just state “I agree” or “I disagree.”

**Weekly Dropbox Assignments and Discussion Questions:** Weekly assignments will take place at various intervals throughout the course and can be accessed either in the associated learning module or in the navigation bar above by selecting **Course Tools**, then **Dropbox**. Please read the instructions in each assignment carefully. Each assignment will contain a **MS Word** document and Rich Text Format (RTF) document with several discussion questions over the assigned reading topics and learning modules. Please download the document, type your answers in the document, save the document on your computer, and then upload your completed assignment to Dropbox. All assignments must be submitted as MS Office document (.docx, etc) or as RTF. Note - All students have access to **Office 365** through **mySFA**. Most weekly assignments that have two essay questions. In order to earn full credit, you must answer each one fully.

*Please note – Based on how well students are answering the essay questions, at some point during the semester, I may reward (through negative reinforcement [you will learn about this in the Learning reading topic]) the class by allowing you to choose which of the two questions you would like to answer, instead of answering both. This will reduce your workload significantly. I use this negative reinforcement (reducing the amount of work you have to do based on desired behavior/performance) as an incentive to encourage students to answer the essay questions accurately and thoroughly.
*Note – Every Dropbox assignment is automatically evaluated by TurnItIn for plagiarism and it identifies plagiarism very easily. So, do not plagiarize your assignments.

**Weekly Quizzes:** Weekly quizzes will take place at various intervals throughout the course and can be accessed either in the associated learning module or in the navigation bar above by selecting Course Tools, then Quizzes. Each quiz is comprised of material from weekly reading topics and learning modules.

**Mid-Term and Final Exams:** The mid-term exam is a comprehensive exam given over information learned from assigned reading topics and learning modules from the beginning of the semester to mid-term. Like the mid-term exam, the final exam is comprehensive, except it is given over information learned from assigned reading topics and learning modules from the mid-term to the end of the semester.

**Guidelines for the Course**

1. **Late Work Policy**
   Every discussion, assignment, and quiz is open for one week plus a **one day Grace Period on Sunday**. Sunday is not late and there is no penalty for Sunday Grace Day submissions. I do not allow or accept late work. As you have elected to enroll in an online course, it is your responsibility to acquire a consistent, stable, dependable computer and internet connection with which to complete the assignments for the course by the deadlines indicated on the Semester Calendar. It is not the responsibility of the instructor to provide additional time for assignments or exams or an alternative means of completing the course due to technological issues on your part. Just as it is your responsibility to acquire and maintain adequate transportation to attend a face-to-face course, it is your responsibility to secure the technological means to participate in and complete this course.

2. **Academic Integrity**
   Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism. All forms of academic dishonesty will be dealt with seriously and immediately. Please respect SFASU, yourself and me enough not to participate in academic dishonesty.

**Definition of Academic Dishonesty**
   Academic dishonesty includes both cheating and plagiarism. Note – Every Dropbox assignment is automatically evaluated by TurnItIn for plagiarism and it identifies plagiarism very easily. So, do not plagiarize your assignments. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly
the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit. Please read the complete policy at http://www.sfasu.edu/policies/4.1-student-academic-dishonesty.pdf.

3. Course Grades Policy - Withheld Grades and Final Grade Appeals
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average. Please read the complete Course Grades Policy at http://www.sfasu.edu/policies/course-grades-5.5.pdf. Please read the complete Final Course Grade Appeals by Students Policy at http://www.sfasu.edu/policies/final-course-grade-appeals-by-students-6.3.pdf.

4. Students with Disabilities
These disabilities could consist of physical, psychiatric, and/or learning impairments. To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325. 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

5. Diversity of Views
Topics in this course will be accompanied by discussion and/or debate. You are expected to be respectful of the opinions and views of others. Enlightened discourse is encouraged, but be aware that not everyone views the world through the same lens. Disagreement is inevitable, but successful communication requires that each individual respects the diversity of views.

6. Acceptable Student Behavior
Online course behavior should not interfere with the instructor’s ability to conduct the course or with the ability of other students to learn from the instructional program (see the Student Conduct Code, policy 10.4: http://www.sfasu.edu/policies/student-code-of-conduct-10.4.pdf). Discourteous, hostile, or disparaging online remarks or behavior will not be tolerated. It is essential to listen to and consider others’ opinions and viewpoints in an unbiased manner even if you do not agree, and if you respond, to do so politely, explaining the rationale for your opinion. The expectation is that students will conduct themselves in a mature, civil manner, and will display respectfulness at all times toward classmates and the professor.
