Intern Information

Please review carefully the materials, deadlines, and instructions described in the remainder of this syllabus.

Required Intern Submissions

There are three forms that must be submitted during the internship semester:

1. Supervisor Evaluation Form: There is a mid-term evaluation and a final evaluation to be completed by your on-site supervisor. A separate form is to be completed for each evaluation, both mid-term and final, and these should be included in your mid-term and final packet respectively. The mid-term and final forms are attached to this syllabus. Please give these forms to your supervisor for completion before the due date. These evaluations will largely determine your course grade.

2. Activity Log: Both at mid-term and at the end of the semester, you will submit an activity log. The log will consist of a daily summary of tasks you accomplished. This log should be typed. The log will follow an appointment book format. For example:

   September 10 (9am-12pm): I helped write a press release about the opening of our new plant. I also went with my supervisor to a planning committee meeting. The meeting was to discuss landscaping plans.

   The log should be of sufficient detail to communicate specific activities and should cover the whole day. It would be expected that the mid-term and final logs will be at least three full pages in length.

3. Student Appraisal Form: You will include a student appraisal form in your final packet and attach the form as the cover sheet to your typed answers. The form is attached as part of this e-mail. It consists of several questions you will answer about your internship experience. Note: this form is not submitted at mid-term. However, at mid-term, in lieu of this from, please submit a typed one-page narrative about how your internship is going.

Accurate and timely submission of the required materials will be a factor in gaining credit for the course. No grade will be recorded until all required materials are submitted. Both the mid-term and the final submissions should be placed in a large brown envelope. The outside of the envelope should be labeled exactly as follows:

   Intern Name
   Site Location
   Supervising Professor’s Name
   Semester:
Identify Report: Mid-term or Final
Your telephone number and e-mail address

Credit Hour Justification
MCM 480 “Media Internship” (3-6 credits) is a supervised on-the-job experience. Typically, for a 3-hour internship, students work 150 hours (50 hours per unit of credit). Students intern in professions related directly to their career or academic objectives in mass communication, and internship sites will foster the development and application of new career-related skills. Internships are not approved for students’ existing workplaces and students may not conduct an internship from their residence via online work. In addition to onsite work expectations, students have required academic components and deliverables: mid-term report, final supervisor’s report, activity log of weekly work performed, student appraisal form, and 5 to 10 samples of student’s best work performed during the internship in a portfolio format. These activities, inclusive of the onsite internship expectations and academic components, average a minimum of 16 hours of work each week.

Summary of Basic Course Requirements

1. Work the minimum required hours (150 hours for 3 hours credit).
2. Keep daily logs detailing your activities.
3. Collect samples of your work where appropriate.
4. Turn in your mid-term and final reports by the deadlines stated above.

Check in with your faculty advisor during the semester.

Grading Policy:
The final grade will be based upon your full participation in the internship. Specifically, the final grade will be based upon your mid-term and final evaluations, the number of hours worked, the final activity log, and all other assignments requested. You must meet ALL deadlines to receive a passing grade.

Attendance Policy:
Work the minimum required hours (150 hours for 3 hours credit).

Academic Integrity (4.1): Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Definition of Academic Dishonesty: Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one’s own work when, in fact, it is at least partly the work of another; (2) submitting work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one’s paper without giving the author due credit.

Please read the complete policy at http://www.sfasu.edu/policies/academicintegrity.asp

Withheld Grades Semester Grades Policy (5.5): Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within on calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Students with Disabilities (6.1): To obtain disability accommodations, alternate formats and/or auxiliary aides, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations.
