Human Physiology
BIO327, section 001
Summer II, 2020
Syllabus

Instructor
Dr. Lindsay M. Porter
lindsay.porter@sfasu.edu
936.468.2232

Miller Science Building
Room 200
Office Hours:
Tue: 10:00 a - 11:00 a
Thu: 10:00 a - 11:00 a
Or by appointment

Student Learning Outcomes
- Identify/define the organ systems of the body
- Describe the roles of the organ systems of the body and how they are interconnected
- Demonstrate an understanding of how each system supports the overall functioning of the body

Course Materials
Provided in D2L.

Course activities & weighting
- Activities 60%
- Application Problems 20%
- Learning Reflection 20%

Grading Policy
Grading Scale
A = 90-100%
B = 80-89.9%
C = 70-79.9%
D = 60-69.9%
F = 0-59.9%

Course Description
Functions of the major systems of the body. Not open to students who have received credit for BIO 238.

Prerequisites:
BIO 130 & BIO 133
Credit(s): 3

Late assignments
The following late penalties will apply (hours/minutes as HH/MM):
00:01-23:59 late = 11% deduction
24:00-47:59 late = 21% deduction
48:00-71:59 late = 31% deduction
Assessments three or more days (272 hours) late will not be accepted.

Course Evaluations
In accordance with the College of Sciences and Mathematics and adopted by the Department of Biology the completion of an end-of-semester on-line student evaluation is required by all students enrolled in this course. Instructions and location of the course evaluations can be found on MySFA.

Withheld Grades
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.
Academic Integrity

Academic integrity is a responsibility of all university faculty and students. Faculty members promote academic integrity in multiple ways including instruction on the components of academic honesty, as well as abiding by university policy on penalties for cheating and plagiarism.

Students with Disabilities

To obtain disability related accommodations alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Definition of Academic Dishonesty

Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to (1) using or attempting to use unauthorized materials to aid in achieving a better grade on a component of a class; (2) the falsification or invention of any information, including citations, on an assigned exercise; and/or (3) helping or attempting to help another in an act of cheating or plagiarism. Plagiarism is presenting the words or ideas of another person as if they were your own. Examples of plagiarism are (1) submitting an assignment as if it were one's own work when, in fact, it is at least partly the work of another; (2) submitting a work that has been purchased or otherwise obtained from an Internet source or another source; and (3) incorporating the words or ideas of an author into one's paper without giving the author due credit.

Please read the complete policy at http://www.sfasu.edu/policies/academic_integrity.asp

Course Schedule

The order and timing of the below topics is recommended. All course material will be open at the same time.

<table>
