Course Description: ATCOFA students will be employed by Bartlett Tree Experts as a summer intern. They will be supervised by Bartlett Tree Expert arborists. They will experience every facet of Bartlett’s commercial and residential arboriculture service. This will include exposure to activities such as tree pruning, tree removals, tree fertilization, plant health care programs, integrated pest management, and hazard assessment.

Course Assignment and Grade: Satisfactory completion of the course will be based on an acceptable job performance rating by AmeriCorps supervisors and a presentation summarizing internship related experiences to arboriculture students at a time to be determined.

Program Learning Outcomes
