I am so excited to welcome you to this course on the parenting. Thank you for your interest in this course and for your passion for serving families and children in your future career.

QUESTIONS: Please first check this syllabus. Then check the Announcements and the Course Questions in D2L. If you ask a question that can be answered through one of these sources, you will be re-directed to them. If you can’t find answers to your questions, then email me via D2L. Thank you! ☺

* You are responsible for knowing and abiding by all information in this syllabus. The content and dates may be modified at the instructor’s discretion. Any changes will be noted via course announcements in D2L.*

WARNING! This course is taught entirely online via D2L in a compressed 7 week format. Because this is an accelerated course requiring the same amount of information to be covered as a full-length semester course, it is crucial that you stay focused, organized, and diligent in keeping up with the readings and assignments. Since many of you are juggling school, work, family and other obligations, I highly recommend that you list all of the assignment and exam due dates in your personal calendar.

Instructor: Dr. Flora Farago (she/her/hers)
College: James I. Perkins College of Education (PCOE)
Department: Human Sciences
Program: Human Development and Family Studies (HDFS)
Office Hours: Th 12:00-3:00 and Fri 8-10 in-person or via Zoom (check D2L for link/meeting ID/password) or by appointment
Office Phone: 936.468.2192
Office: EDAN 119C
E-mail: Email via D2L (please use this!); alternative if D2L is down: faragof@sfasu.edu

Course Description:
This online, 7-week course examines a practical approach to the process of parenting with a focus on effective parenting strategies from infancy through adolescence.

Live Text Assignment: HDFS 3353 contains a critical assignment related to accountability and accreditation that must be submitted in LiveText. If you do not already have a LiveText account, please be on the lookout in your SFA email for an email with registration instructions. You do not have to purchase your own LiveText account, SFA will provide you with a registration code.

Course Modality and Length:
Please be aware that this is a fully online, half-term course. That is, this course does not meet in a physical classroom, nor does it meet online on designated dates and at specific times. Because this is an accelerated course requiring the same amount of information to be covered as in a full-length semester, it is crucial that you stay focused, organized, and diligent in keeping up with the readings and assignments. There are deadlines for assignments outlined on the Course Calendar. I strongly encourage you to log into the course every day. Even though we won’t have routine meetings, you must discipline yourself to a) devote the time you normally would spend in the classroom (five hours each week) to being logged in to this online class and digesting the material, and b) engage in individual learning time (referred to by some as “study time“). Most universities recommend that for every hour a student spends learning in the classroom, they spend two to three hours studying outside of class. Thus, as this is a three-hour course, you should expect to spend 15 to 20 hours a week reading, analyzing, synthesizing, studying, and completing assignments.

Credit Hour Justification (3 credit hours)
Students in this course receive extensive course content information via online content modules equivalent to 2400 minutes for the seven week semester and a two-hour final exam. Students in the course will have weekly readings from the course textbook and content modules. In addition to weekly readings, students will participate in a variety of activities which may include, but are not limited to: discussions, assignments, and exams. For every hour a student spends engaging with the course content, they spend at least two hours completing associated activities and assessments.

Course Format/Instructional Strategies: This course is fully delivered online using the D2L/Brightspace course management system.

Course Information:
Times: There are no specific class times as the course is fully delivered online via D2L, however each “week” starts on Monday between 8:00-10:00 am and ends on Sunday at 11:59pm. An exception is the last week of the course which ends on Friday. All due dates reflect CDT/CST (Texas) time zones. Late assignments or extensions will not be considered due to difference in time zones.

Prerequisites: None.

COVID 19 Statement: As of August 1, 2021, campus has returned to normal operations; however, SFA strongly encourages all students, faculty, and staff to get vaccinated, wear a mask in public indoor settings, and maintain physical distance when possible (CDC recommends at least 6 feet or two arm lengths away). For more information you can visit https://www.sfasu.edu/covid19

COVID-19 Note
I recognize this is an extraordinarily difficult time for many of you. Please stay in communication with me if you need accommodations to due dates or course policies due to illness, stress, and due to the general circumstance of living in a global pandemic. I am here to support your success 😊 Clearly communicating with me is key!

Pandemic Principles – adopted from Dr. Bayne (UNC Chapel Hill)

1. Nobody signed up for this.
   ● Not for the sickness, not for the social distancing, not for the sudden end of our collective lives together on campus
   ● Not for teaching remotely, not for learning from home, not for mastering new technologies, not for varied access to learning materials

2. The humane option is the best option.
   ● We are going to prioritize supporting each other as humans
   ● We are going to prioritize simple solutions that make sense for the most
   ● We are going to prioritize sharing resources and communicating clearly

4. We will foster intellectual nourishment, social connection, and personal accommodation.
   ● Accessible asynchronous content for diverse access, time zones, and contexts
   ● Optional synchronous discussion to learn together and combat isolation

5. We will remain flexible and adjust to the situation.
   ● Nobody knows where this is going and what we’ll need to adapt
   ● Everybody needs support and understanding in this unprecedented moment

Required Textbooks:

2. Some lectures require online readings. Online links to articles are provided to you in D2L in these cases.

To be successful in this course you should do the following:
- Have a positive attitude and begin the course with a desire to learn! 😊
- Be ready on the first day of the session with your textbook, syllabus, and computer/internet ready.
- Read the syllabus and make a note of course policies and due dates; follow all course and assignment directions and deadlines.
- Review the D2L tutorial guides and familiarize yourself with D2L usage: http://www.sfaonline.info/d2ltutorials
- Please call the D2L help line at 936-468-1919 for technical assistance, or email them at d2l@sfasu.edu. They also have walk-in help available in Steen Library Room 208 M-F 8:00-5:00 by SFA staff. Outside of these hours, you can visit the “Live Chat” support widget in D2L where you may submit your questions to a D2L technician. Technical difficulties will not be valid excuses for missing/not finishing exams/ quizzes. Avoid waiting until the last moment to take the exam/quiz.
- Check your D2L email, course site, and announcements daily for updates in course information, schedule changes, etc.
- Sign up for D2L notifications so you get messages via email, phone, text etc. about due dates, announcements, grades, and more. Log into D2L, click on the arrow by your profile (upper right-hand corner), and click on Notifications to manage these settings.
- Although the D2L Notifications and the Course Calendar within D2L are helpful tools, they do not serve as excuses for missing assignments. All due dates and assignments are listed in the Syllabus and will also be announced weekly via course announcements on the D2L course home page. Please rely on the Syllabus and Course Announcements, above all else, to meet course expectations.
- Take responsibility for managing your time throughout the week to complete readings and assignments – leaving assignments to be completed on Sunday will not be an effective
strategy for succeeding in the course. Due dates reflect the absolute latest time by which assignments need to be completed — however, I urge you to work on the course readings and assignments DAILY.

- Read assignment instructions at the beginning of the week and make sure you ask questions M-F. It is tempting to wait until the weekend to open an assignment — however, this does not give you enough time to ask questions and alert me regarding any issues with accessing an assignment.

- Take notes while reading book chapters and watching/listening to any course materials. While you may use your book for the exams, you have a limited amount of time to take each exam. You will not have time to look up each answer. However, well-organized notes will help you do well on the exams. All material, including videos etc., as well as assigned reading, is fair game for exams. In general, study as if you were taking a closed-book exam. Exams are designed with the general rule in mind: 1-2 min to answer each question.

- Submit any assignments at least a few hours early and double-check the submission to ensure what you turned is the correct version and in the correct format. If I can’t open your assignment, you will not receive credit for it. Whatever you have turned in by the deadline is what will be graded.

- Do NOT wait until the last minute to submit your assignments. Stating that your computer time said 11:58 p.m., but the assignment due at 11:59 p.m. had closed, will not be an excuse for submitting a late assignment.

- Take a screenshot of all submitted coursework and save them. The date of submission needs to be on the screenshot.

- Save D2L submission receipts of Dropbox assignments.

- Be a problem-solver when issues arise (call tech support, use your back-up computer etc.)

- Ask questions and assert yourself. If you need assistance with something in the course, PLEASE CONTACT ME and do so right when issues arise. Students sometimes make the assumption that I should know they are having difficulty because they are doing poorly in the course. Though this is an obvious indicator that a student is not performing well, I cannot make assumptions about why, nor do I intrude into students’ personal lives and make inquiries. Getting the most out of this course will involve your effort and assertion. I am very willing to help students if they initiate contact with me!

- Use office hours to discuss your performance in the class, career goals, or any other course or professional development related topic. Take advantage of office hours to build professional relationships with your professors. You never know when you’ll need a recommendation letter from them — it is a lot easier to write a letter for a student who has done well AND we know well☺

- Take responsibility for your actions pertaining to this course and the consequences that ensue from them. Ask for help early on! I’m rooting for your success.

- Re-taking this course? Please reach out to me and let me know if you have tried taking this course before so I can support your success. Also, please note that all work turned in
must be new and original for this course (you can’t submit an assignment you’ve submitted the first time you’ve attempted this course).

- If you add the course late (after 1st week of classes), it is your responsibility to reach out about missed assignments within a week of adding the course.

Communication:

Office Hours: Please visit with me during office hours if you have any questions or just want to chat about career goals, your grade, study tips, or more. My office hours are on Th 12:00-3:00 and Fri 8:00-10:00 via Zoom (check D2L for the link) or in-person or by appointment. In the rare case that any office hours need to be rescheduled or canceled, this will be announced via D2L.

Please note that when you log in to meet with me via Zoom, you will be put into a "waiting room." You’ll see a message that I will let you in after I am finished meeting with another student. If there is no student there already, I will immediately let you in. If you have to wait for a few minutes, that means I’m with someone. So if you have to wait, please be patient and know that I haven’t forgotten you are there.

Support for Students who are Caregivers (adopted from Dr. Olson-Beal)

Parents and caregivers deserve access to education. Especially now, in our virtual learning space, with many children learning from home and schools facing sudden closures, I expect children to be present in class from time to time.

1) Babies and children of all ages are welcome and may be visible on screen during class sessions. Alternatively, caregivers may turn the camera off when more privacy is required.
2) Stepping away momentarily for childcare reasons is completely understandable. Simply mute and/or turn off your camera as necessary and rejoin us when you are able.
3) Do not take any photos, audio, or video of any children on screen.
4) All students are encouraged to support and respect caregivers as they mute and/or turn off their video and use the chat function as needed.
5) Please consider disclosing your student-caregiver status to me. This is the first step in my being able to accommodate any special needs that arise. While I maintain the same high expectations for all students in my classes, I am happy to problem-solve with you in a way that makes you feel supported as you strive for school-caregiver balance.

Students-parents in need of baby- and toddler-related items and students experiencing food insecurity:

The Pantry is a food pantry at SFA on the 3rd floor of the Student Center (3.201) that works to help alleviate hunger among students. Thanks to OWLE (Organization for Women’s Leadership and Equity), the newly formed professional women’s organization on campus, baby- and toddler-related items are also now available for distribution. The pantry currently has diapers, formula, pacifiers, and other miscellaneous items. If you have need, fill out the form on the linked website and someone from OWLE
will contact you about how to pick up items. Please note, if you are unable to come during the regularly scheduled distribution time, anyone in the 3rd floor Student Affairs office can unlock the pantry for you at any time!

**NOTE ABOUT EMAIL:** Please message me via D2L mail: Log into D2L, click on the e-mail icon (upper right-hand corner) on the Home Page Toolbar (If D2L is down, use my mySFA email: faragof@sfasu.edu). **Please indicate which class you are emailing about & the issue of concern in the title of your message** (ex: HMS 443: Assignment 4; HMS 236: Observation Hours). Doing this will facilitate the promptness of my response. Emails will be answered within 24-48 hours during the week (M-F). If you email me on Friday afternoon, during weekends, or holidays, you may not receive a response until the next business day. If you email me outside of business hours (8pm-5pm) you may not receive a response until the following business day. If you don’t get a response from me within 48-72 hours during regular work days, assume that I did not receive your message and please re-send.

**IMPORTANT NOTES ABOUT D2L EMAIL:**

- D2L Email is an internal (closed) system which means that you must log in to D2L to read AND reply to messages, and, you can only send email to other D2L users (email cannot go out to a non-D2L address). Likewise, if you set your D2L email to go out to a forwarding address, you cannot reply from outside the system. To respond to another user who uses D2L to email you, for instance, it’s necessary to respond from inside D2L, rather than from a forwarded copy. Ex: faragof@d2l.sfasu.edu can only be emailed from within D2L; do NOT use this email address to email from outside of D2L (such as a gmail address); it will bounce
- Users have a "forward" option which will forward copies of messages to an external email account such as Gmail, Yahoo, mySFA, and others. HOWEVER, be aware that . . .
- Users may NOT reply to a message from an external account. An example would be that Amy has her D2L Email forwarded to her Gmail account. She reads her messages from her Gmail account, and if she wishes to reply, she MUST enter D2L to reply to the message. If she attempts to reply to the D2L message from inside her Gmail account, the message will fail to send.
- A big advantage to D2L Email is that you may filter by class. This is a huge time-saver.
- To easily SEND a message to your instructor or classmate, from your course, click **Communication Tools** and **Classlist**. To quickly locate your instructor's name, click the **Instructors and TAs** tab, then, click on their name to compose a message. To email a student in your class, click the **Students** tab, locate the student's name that you wish to email and click on their name to compose a message

**Important notes about D2L:**
1. Course notices will be posted on the course homepage and it is the responsibility of each student to review D2L daily.
2. Students should check their grades at least once a week. Any discrepancies in grades must be resolved within one week after assignment grades have been posted. Otherwise, the posted grade is considered final and will not be changed at a later date.
3. Most assignments that you will upload to D2L should be done using a Word document, PDF, or PowerPoint. If you do not currently have, or anticipate having, access to Microsoft Office, then please make the appropriate arrangements to secure the appropriate software for use in this course.
4. The most appropriate browsers to use with D2L are either Google Chrome or Firefox

Communication guidelines
- Please keep the content of your emails appropriate for a business/professional environment and be courteous and respectful in the tone and content of your emails. I will not respond to emails that are rude, abusive, haughty, demanding, or threatening. Below are best practices that will help you get started on the right foot in school and employment communication: Before you are familiar with an individual (and unless they tell you otherwise), it is always wise to address them formally and appropriately (Dr., Ms., Mr.). Take time to determine whether someone has a PhD before addressing them as Mr. or Ms. – if someone holds a PhD, Dr. or Professor is used rather than Mr. or Ms.
- Compose your messages with complete sentences and proper spelling (do NOT use text-messaging language, e.g., “u” for “you”). Always present your best self through writing.
- Make sure the subject line of your email reflects the content of the email. Emails with subject lines such as “hello” will likely remain unopened or deleted. See the note above on how to compose a subject line for emails in this course. Emails without subject lines are often routed to junk main folders!
- The more detail you can include in your initial email, the more likely it is that I will be able to help you quickly and efficiently! This includes a clear description of the issue or question, what you have done to try to address it already, etc.

Netiquette
Netiquette refers to “Network Etiquette”. It is the way one should behave when sending email, posting to threaded discussions, or chatting online.

Here are some basic rules to help you get the most out of your online learning:
- ALL CAPS IMPLIES THAT YOU ARE SHOUTING - Please do not do this!
- Watch your “tone” – it’s written, not verbal communication. It can be very easy to misinterpret someone’s meaning online.
- Check your spelling - Always!
- Make your messages easier to read by making your paragraphs short and to the point.
- Never “say” anything that you would not want posted on the wall of a face to face classroom, because it could be!
- Behave as you would in a face-to-face classroom.
• Remember there is a real live person at the other end reading your posts and email. Treat them with respect.
• Foul language, insults and harassment are not tolerated (just as it would not be tolerated in a face to face classroom).
• Think about what you have written before you submit it.

Grade notifications via JackText:
JackText Grade Notification is available to students who sign up for it. This service sends a text to the student each time a grade is posted to their account. This should eliminate some anxiety when awaiting grades posting, as you will be notified the moment the grade is rolled into your academic history. Instructions for signing up for JackText can be accessed at http://www.sfasu.edu/5418.asp.

Course Questions Discussion Forum:
• This forum is to answer course-based questions throughout the semester
• Please post any general questions about the course, the course content, or learning activities, to this discussion. This forum is a way for us to make sure we are connecting and that we are all understanding important course concepts together.
• You are encouraged to answer other students’ questions posted under Course Questions. If everyone is stuck, then your instructor will answer your question
• I also encourage you to post articles, news clips, or current events related to the course material
• If your question is of a more personal nature, or is not necessarily course-related, please email your instructor directly
• You may not post questions about tests or test questions on this forum. These questions need to be emailed directly to your instructor

Diversity, Inclusion, and Representation
As part of this course, we will frequently discuss how children’s and adults’ identities around race, gender, culture, sexual orientation, socio-economic background, immigration status, and other demographic variables shape children’s well-being, development, as well as disparities that exist in our world (and what we can do to alleviate these). I will ask you to reflect on your own identity and beliefs around these issues, and you may be asked to share your thoughts with your classmates. While diverse, even opposing opinions, are very welcome, under no circumstances will discrimination or harassment be tolerated on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity and expression, genetic information, or disability.

Furthermore, I intend to foster a learning environment that supports and honors diverse identities (e.g., gender, race, sexual orientation, cultural background, ability), experiences, and viewpoints. To help accomplish this, please do the following:
- Let me know if you have a name/preferred gender pronoun that differs from what's listed on your SFA records.

- Please contact me if you feel like your performance in the course is being impacted by your experiences outside of class.

- Your suggestions about how to improve the value of diversity in this course are appreciated. Please let me know ways to improve the effectiveness of the course for you personally or for other students or student groups.

- If something was said in class that made you feel uncomfortable, please let me know. You can also submit anonymous feedback/comments as part of the Course Evaluation survey at the end of the semester.

- If you experience any form of harassment, discrimination, or unfair treatment by faculty, staff, or students at SFA, you can contact the Dean of Student Affairs (DSA) at dos@sfasu.edu. You can learn specifics about discrimination complaints in this SFA policy: http://www.sfasu.edu/universityaffairs/391.asp. Also, the DSA office maintains a program called, “Ask Jack, Tell Jack.” Students can send in any question or concern they have. It is not anonymous, but they do respond to each one. To learn more, visit: http://www.sfasu.edu/universityaffairs/168.asp

4. Apply theoretical concepts to practical applications in the area of family relations.
5. Gain an understanding of the importance of self-esteem and its development in the family setting.

Note about Criminal Background Checks and Service-Learning with Children:
For careers working with children and families, you are almost always required to pass a criminal background check in order to be employed. In our degree, you are required to participate in service-learning and a practicum that will likely require you to pass a criminal background check. It is the student’s responsibility to pass any required background checks. If you cannot pass a background check for a school related activity that is required for the course, you will not receive any credit for that assignment. In the case of a practicum, you will not be able to pass the course without securing a practicum related to the field of human development and family studies. If you cannot pass a criminal background check (and don’t anticipate your record to be cleared/expunged in the foreseeable future), you should seriously consider if enrollment in this degree program will lead to your career goals.

III. Course Assignments, Activities, Instructional Strategies, Use of Technology:

Note: For specific & detailed assignment instructions please check the D2L Course Site. Turnitin will be used to monitor writing originality and plagiarism for written assignments.

1. Course Activities: There will be four general course activities throughout the semester for which you will receive a grade. These may be surveys you complete, discussion board posts where you synthesize the information you learned in a module, quizzes over the material in a module, or other activities assigned by the instructor.

2. Exams: There will be 3 multiple-choice exams on information relevant to our textbook and lectures. Exams will cover material from the textbook and D2L Modules. Please check the course schedule for due dates and exam availability. Students must have a working computer and internet access, and need to log in promptly to take the exam. Please call the D2L help line at 936-468-1919 for technical assistance M-F 8:00-5:00. Outside of these hours, contact a D2L technician (non-SFA staff) via the home-page “LiveChat” feature. Technical difficulties will not be valid excuses for missing/not finishing exams/ quizzes. Avoid waiting until the last moment to take the exam/quiz.

Missed Exams (or Quizzes): Technological difficulties, lack of internet or computer access, failing to check D2L reminders and announcements, inability to access or use D2L,
misremembering or mishearing exam deadlines will NOT be considered as valid excuses for missing an exam. Make-up exams are very rarely given, and require proper documentation (e.g., note of hospitalization) before the exam deadline has passed (in very rare cases, notification within 24 hrs of the missed exam may be accepted). It is up to the instructor to determine whether the documentation warrants a make-up exam. If you forget to take an exam, oversleep, or do not have a documented “excuse” for missing an exam, you need to schedule an appointment with me to discuss the matter and your ability to pass the course. In the absence of proper documentation, IF a make-up exam is given (not guaranteed & rarely offered), 30-50% will be deducted from the exam grade.

Use of Technology for Exams: Taking the exams on a computer with reliable hard-wired, high-speed internet is critical. You are required to have reliable high-speed internet and I strongly recommend against using Wi-Fi/wireless connections during exams. Students who try to use Wi-Fi/wireless or dial-up service invariably experience difficulties taking exams online. Instead, use hard-wired internet (with an Ethernet cable that connects your computer/laptop to your internet router). If you do not have access to reliable hard-wired, high-speed internet at home, I urge you to take the exams at one of the campus computing sites. Regardless of where you take the exam and what type of internet you use, you must have a back-up plan in case something should occur with your computer/internet. Technical issues that are not system wide events are not valid reasons for a make-up or extension, thus none will be provided.

Using Textbooks/Notes During Exams/Quizzes: Knowing that the use of textbooks/notes is not prohibited during a quiz or an exam can give students a false sense of security. The quizzes and exams are timed, and you will not have time to look up answers in the textbook if you are unfamiliar with the material. At best, you will have time to double-check a fact you recall from the reading. The best way to optimize your performance on exams is to have completed the assigned readings and study the way you would for any other class. You are permitted to use your textbook, notes, and study guides when taking the exams, but collaboration with others is not permitted and constitutes academic dishonesty.

Reviewing Missed Quiz/Exam Questions: Please come to office hours or email me to go over questions you missed. We can go over the types of questions you got wrong and identify study strategies to improve your performance.

3. Researched Infographic (3 parts): For this assignment you will choose a concept from the course that was covered in your text. These topics are wide ranging and include but are not limited to, cultural influence, nurturing close relationships, supporting various types of growth & development of children, divorce, gay & lesbian families, etc. Once you choose your topic you will then do the following:

Part I: Infographic: Create an infographic on that topic that illustrates how developmentally appropriate parenting changes in relation to the child’s age – birth to 2 years, 2-5 years, school
aged children, early adolescents, late adolescents/young adults. You may use your text as the primary resource for the infographic, but you may also include other sources as well. All sources MUST BE CITED (including your text) in APA format at the bottom of the infographic. Your audience for the infographic are parents who have children and should be visually appealing. This infographic should communicate researched academic information to parents in an easy to read and engaging way. You may choose the platform you use to create your infographic. There are many free options available, though for most you have to register an account. Options include Infogr.am, Easelly, Piktochart, & Visme.

**Part II: Infographic Video Assignment:** For this assignment, you will develop a 2-4 minute professional video to accompany your infographic. This video will be presented as if you were doing a presentation for parents on the information you have learned and researched for your infographic. In your video you should be sure to include the following information:

a. Introduce yourself
b. Provide an overview of your topic aimed to explain it to parents
c. Provide a summary of how parents should teach, guide, and influence children regarding your topic.
d. Your summary should include how parents should change their parenting through at least three stages of development (this should match your infographic).
   1. Give examples
   2. Be specific
   3. Focus on the developmental differences of children at different stages of their development
   4. This is your chance to expand on the information you put in your infographic.
e. Wrap up your presentation and tie your thoughts together
   1. Introduction
   2. Body
   3. Conclusion

**Notes about video submissions:**

- Students are responsible for uploading high quality video content. In other words, it must convey a clear picture, clear and synchronous sound, and proper alignment.
  - The quality of the picture and the sound will impact your grade.
  - Use a high quality digital camera on a cell phone, tablet, or computer.
  - Be aware of your background & surroundings – they should convey a neutral or professional image.

- You will use OneDrive or a private YouTube to submit your speeches. You will save your speech in OneDrive or on YouTube and send the instructor your link.
  - ONEDRIVE is available to all students as part of the OFFICE 365 access provided through SFA.
Part III Infographic: Additionally, you will submit a short “designer’s statement” along with your infographic. This statement should answer the following questions:
1. How do you believe that the visual elements of the infographic help to communicate the information you researched?
2. What was the most challenging information to communicate?
3. What are the benefits of using infographics to communicate information to parents?
4. What are the disadvantages of using infographics to communicate information to parents?

**This assignment must be uploaded into LiveText and D2L Dropbox to receive credit! Please make sure that you load the paper into both. Not loading the paper into both will lead to a grade of “0” for the assignment. A link and instructions for using LiveText will be provided in D2L.

LiveText Statement: This course uses the LiveText data management system to collect critical assessments for students who are Perkins College of education majors (undergraduate, graduate, and doctoral) or majors in other colleges seeking educator certification through the Perkins College of Education. Students who do not have an existing LiveText account will receive an access code via the SFA email system within the first week of class. You will be required to register your LiveText account, and you will be notified how to do this via email. If you forward your SFA email to another account and do not receive an e-mail concerning LiveText registration, please be sure to check your junk mail folder and your spam filter for these e-mails.

If you have questions about obtaining or registering your LiveText account, call ext. 1267 or email SFALiveText@sfasu.edu. Once LiveText is activated, if you have technical questions, call ext. 7050 or e-mail livetext@sfasu.edu. Failure to activate the account and/or submit the required assignment(s) within the LiveText system may result in course failure.

4. Extra Credit: There will be opportunities to earn Extra Credit in the course. These opportunities will be announced to ALL students and no special EC assignments will be offered to individual students.

POLICIES ABOUT ASSIGNMENT/EXAM/QUIZ SUBMISSION

- In addition to submitting your coursework correctly by the deadline, it is also important to double-check that your submission was successful, including that the correct version of the assignment (final draft) and correct format (.doc, .docx, .pdf) was turned in (that is, I must be able to download and open the assignment). Whatever you turn in by the
deadline is what will be graded. Read ALL assignment instructions about formatting, word limits etc. to avoid losing points.

- You need to double-check immediately after you submit an assignment, exam, or quiz. To document that your coursework was submitted correctly (and that you double-checked it), you are strongly encouraged to take a screenshot of it and save the screenshot WITH the submission date.

- When you submit an assignment in Dropbox within D2L, you will receive a submission receipt. The receipt is generated from D2LConfirm@d2l.sfasu.edu and verifies exactly when (date and time) you submitted the file, the name of the Dropbox folder, the name of the file, as well as the course name in the receipt. For instance:

  Flora Farago this email is to confirm that Assignment 1 has received your file submission. Received: Monday, October 30, 2017 7:56 PM CDT Org Unit: HMS-443-501 - Infant Growth & Development File(s): Draft 4 Thesis.docx

  You need to keep these submission receipts and provide them shall there be any issues or concerns with your submission.

- Absolutely no hard-copies will be accepted of any assignments. All assignments need to be submitted within D2L – emailed copies will not be accepted.

**DEADLINES AND EXTENSIONS**

*Time Zone Differences*
All due dates reflect CDT/CST (Texas) time zones, 11:59 pm. Late assignments or extensions will not be considered due to difference in time zones. If you reside outside of Texas or outside of the United States while taking this course, you are responsible for taking into consideration the time-zone differences. No deadline extensions will be given for students who miss a deadline because of time zone differences.

*Late Work*
Late assignments in general are not accepted. Under extenuating circumstances, with documentation, late work may be accepted (up to instructor’s discretion) however will automatically lose 30-50% credit. Late work will not be accepted once an assignment has been graded and returned to classmates. If there are extenuating circumstances or illness preventing you from completing an assignment on time, I highly encourage you to contact me prior to the assignment due date.

**EXCEPTIONS:** Exams/quizzes do not fall under this category – late/make-up exams are only offered on a case-by-case basis, provided proper documentation; please refer to the Missed Exam policies outlined earlier.
**Policy on Missed Deadlines**

Plan ahead to get to an alternate, reliable computer and internet to complete scheduled assignments, discussion forums, and exams, especially if you have a computer or internet that is less than reliable. Last minute internet- and computer–related issues are not valid excuses for a missed assignment. Technological difficulties, lack of internet or computer access, failing to check D2L reminders and announcements, inability to access or use D2L, misremembering or mishearing exam deadlines will NOT be considered as valid excuses for missing assignments or exams.

Should you experience some type of emergency (personal, medical, weather-related) during the week an assessment is due, you will need to provide the instructor documentation *prior* to the deadline in order to be *considered* eligible for an extension. Given that appropriate documentation is provided, any decision for an extension is at the discretion of the instructor. **Absolutely no exceptions will be made AFTER a deadline has passed.** Examples of unacceptable excuses include: traveling, vacations, helping a friend in crisis, break ups, work conflicts, etc. If you are having emotional issues that are affecting your work, a campus-based resource is SFA Counseling Services: [www.sfasu.edu/counselingservices/](http://www.sfasu.edu/counselingservices/).

**IV. Evaluation and Assessments (Grading):**

Establishment of a grading scale is up to each instructor. Remember, your final grade is up to you - you will receive the grade you earn, not necessarily the one you want. A point system will be used to determine the final grade for this course. Standard rounding rules apply (e.g., 89.5% rounded up to an A, 89.4% rounded down to a B). Due to Extra Credit opportunities offered, if you are 1 point away from a grade that is still 1 point away (since your grade reflects Extra Credit already, whether you took advantage of that or not).

**Grade Questions:** If you have any questions about a specific score you received you must contact me within a week of the grade being posted to schedule a time to discuss your concerns. I do not allow students to revise/resubmit or retake coursework, but can clarify why you missed points. I recommend that you check your grade points regularly. I will not review grades retroactively at the end of the semester. I am always happy to discuss ways you can improve your work, even if the one-week limit for a grade change has passed.

I will do my best to post your grades within a week of submitting an assignment. Thus, if you don't see your grade posted for an assignment within a week of submission, please email me. **Waiting until the end of the semester to inquire about a missing grade is not acceptable.**
Re-grading Policy: I am happy to review and/or re-grade assignments within a week of the score being posted. However, please realize that if you request that I review/re-grade something, my grading and the associated revised score will be the final score. My re-grading may result in you earning any of the following: a lower score, the same score, or a higher score. You will be required to agree to this regarding policy via email prior to my regarding of the assignment.

Attendance Policy: Although we are not meeting face-to-face in a classroom, “attendance” is nonetheless critical. Attendance means that you are: logging on to MySFA/D2L daily to check the course Announcements, Grades, and contributing to discussion boards, and completing all assignments on time. The course is time-released; you will not have access to the entire course at once. Instead, you will have access to each week’s coursework Monday through Sunday (exception: last week of class).

V. Tentative Course Calendar:
A tentative course schedule is outlined below. It indicates all reading assignments, exam dates, discussion due dates etc. Please note that this is a tentative schedule that may change at any time. I will notify the class of any changes via D2L. I will not seek out individual students to update their syllabus or initiate reminders.

Each “week” starts on Monday morning between 8-10 am and ends on Sunday at 11:59pm unless otherwise noted (exception: last week of the course). All due dates reflect CDT/CST (Texas) time zones. Late assignments or extensions will not be considered due to difference in time zones.

Due dates are Sunday 11:59 pm CDT/CST unless noted otherwise (e.g., some discussion posts will be due on Thursdays, final exam is due on Fri)

**Important University Drop/Withdrawal Deadlines for 7-week courses:**

**Oct 1st** Last day to submit a drop request form if you are dropping a first-half-term class and will remain enrolled in other fall classes. Courses dropped using the request form may count toward your six-drop limit.

**VII. Course Evaluations:**
Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including: Course and program improvement, planning, and accreditation, and instruction/instructor evaluation purposes (e.g., pay, retention, promotion). As you evaluate this course, please be thoughtful and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical! In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and the summary of the evaluations will not be available to the instructor until after final grades are posted.

**VIII. Student Ethics and Other Policy Information:**
Found at [www.sfasu.edu/policies](http://www.sfasu.edu/policies)

1. **Class Attendance and Excused Absence:** Policy 6.7 Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

2. **Academic Accommodation for Students with Disabilities:** Policy 6.1 and 6.6 To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 936-468-3004 as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

3. **Student Academic Dishonesty:** Policy 4.1 Abiding by university policy on academic integrity is a responsibility of all university faculty and students.
Forms of Academic Misconduct/Dishonesty:

1. **Cheating**: Using unauthorized noted or study aids, allowing another party to do one’s work exam and turning in that work exam as one’s own; submitting the same or similar work in more than one course without permission from the course instructors; deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on the assignments or examinations.

2. **Aid of academic dishonesty**: Intentionally facilitating any act of academic dishonesty. Tampering with grades or taking part in obtaining or distributing any part of a scheduled test.

3. **Fabrication**: Falsification of creation of data, research, or resources, or altering a graded work without the prior consent of the course instructor.

4. **Plagiarism**: Portrayal of another’s work or ideas as one’s own. Examples include unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism. You will earn Zero for each assignment, discussion, any other materials for grade if it is considered as Plagiarism. Submitting a work that has been purchased or otherwise obtained from the Internet or another source. Note about self-plagiarism: You are expected to turn in original work for each course you are taking. This means that if you have turned in an assignment in another course, you are not allowed to turn in the identical assignment in this course. This applies even if you are re-taking the current course because you dropped/failed it previously. Each time you take a class, original work is expected. To avoid issues, and to make sure I can support your success, if you are re-taking this course, please email me and let me know.

5. **Lying**: Deliberate falsification with the intent to deceive in written or verbal form as it applies to an academic submission. Inventing information including citations.

6. **Bribery**: Providing, offering or taking rewards in exchange for a grade, assignment, or the aid of academic dishonesty.

7. **Threat**: An attempt to intimidate a student, staff, or faculty member for the purpose of receiving an unearned grade or in an effort to prevent reporting of an Honor Code Violation.

Penalties for Academic Dishonesty: Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

Student Appeals: A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

4. Withheld Grades (Incompletes): Policy 5.5
At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

If a student has been found guilty of academic dishonesty, a grade of “WP” or “WH” may be changed to “WF” at the discretion of the faculty member. In the case of a grade change to “WF”, the course will not count towards the six course drop limit since the student is incurring an academic penalty.

5. Student Code of Conduct: Policy 10.4
Interference or disruption of students, faculty, administration, staff, the educational mission, or routine operations of the university is prohibited. Such activity includes, but is not limited to, behavior in a classroom or instructional program that interferes with the instructor or presenter’s ability to conduct the class or program, or the ability of others to profit from the class or program. To remain in the vicinity of activity that is disrupting normal university functions when requested to leave by a university official is prohibited. Bystanders, if their presence incites or adds to the disruption, as well as more active participants in the disruptive activity, may be in violation of this policy as well. Engaging in physical violence of any nature against any person. This includes fighting; assaulting; battering; using a knife, gun, or other weapon; or acting in a manner that threatens or endangers the physical health or safety of any person or causes a reasonable apprehension of such harm. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program at SFA.

SFASU values students’ mental health and the role it plays in academic and overall student success. SFA provides a variety of resources to support students mental health and wellness. Many of these resources are free, and all of them are confidential.
