Syllabus
RSTO 2225.051
Mobile Food Management Lab
Fall 2021

Instructor: Donna J. Fickes, Ph.D.

Pronouns: She/Her/Hers

Course Time & Location: RSTO 2225.051 is a two (2) credit-hour class taught concurrently with RSTO 2125.002. RSTO 2225.051 is scheduled for Wednesdays, 10:00AM-1:50PM in the Culinary Café kitchen (EDAN). Classes begin August 23, 2021 and end December 3, 2021.

The Final Exam for this is a reflective survey. The due date for exam/survey can be found in the Course Timeline.

Office: HMS-North 106C & Online via Zoom
Office Hours: Tuesdays, 11am-12pm or 2pm-3pm In Person/Zoom; Wednesdays, 8am-9am In Person* or 5pm-6pm Zoom ONLY; Thursdays, 11am-12pm Zoom ONLY

*Wednesday IN-PERSON hours will be in the Culinary Cafe/EDAN 121

Email: When sending emails related to the course, please use Brightspace. If Brightspace is unavailable, send email to fickesdj@sfasu.edu and include “RSTO 2125” somewhere in the subject line. (NOTE: there is another Fickes, so please be sure you are emailing correctly.)

Credits: 2 Credit Hours

This class is offered as an elective focus area course for Hospitality Administration students pursuing the Bachelor of Science in Hospitality Administration degree. The degree is managed by the School of Human Sciences and the James I. Perkins College of Education.

Prerequisites/Corequisites: RSTO 2225 is taken concurrently with RSTO 2125. There are no prerequisites, but students are encouraged to complete CHEF 1101 and CHEF 1201 prior to enrollment.

The syllabus may change at the discretion of the instructor. Notification of changes will be made through D2L.
I. Course Description and Credit Hour Justification

Two semester credit hours (lecture). Students in this course apply knowledge learned in RSTO 2125 through experiential learning opportunities operating a mobile food laboratory, including the development of human, financial, and material resources through enactment of the management process of mobile food operations in the hospitality industry. This course is taken concurrently with RSTO 2125.

This course will typically meet once each week for 5 contact hours (5, 50-minute segments totaling 250 minutes) for 15 weeks, which is necessary for complete educational immersion. The laboratory also meets for a 2-hour final examination in week 16. Students have weekly reading assignments and will work in teams to write a semester-long paper and make a major class presentation in which they analyze the experiential learning experience in order to extrapolate key themes and results that help predict future trends, illuminate previously hidden issues that can be applied to practice, and/or provide a means for understanding an important problem with greater clarity. Students will also spend an average of 2 hours per week in weeks 7-14 preparing for the lab outside of regular class hours.

II. Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes)

This course supports the vision, mission, and core values of the James I. Perkins College of Education and the School of Human Sciences. It is elective focus area course for students studying Hospitality Administration. The course aligns with the standards of AAFCS, the accrediting body of the School of Human Sciences.

James I. Perkins College of Education

The James I. Perkins College of Education (PCOE) includes the Departments of Elementary Education, Human Services, Kinesiology and Health Science, and Secondary Education and Educational Leadership, and the School of Human Sciences. Each offers programs of study in educator certification as well as in various non-teaching programs.

Vision

The James I. Perkins College of Education will be the college of choice for students striving to achieve professional excellence through exemplary programs that are recognized at state, national, and international levels.

Mission

The mission of the Perkins College of Education is to prepare competent, successful, caring and enthusiastic professionals from diverse backgrounds dedicated to responsible service, leadership, social justice and continued professional and intellectual development in an interconnected global society.

To accomplish this mission, the goals of the Perkins College of Education are to:

1. Provide programs at both undergraduate and graduate levels based upon sound pedagogical and clinical practice.
2. Prepare teachers, support personnel, and educational leaders for Texas Employ and support faculty members who are committed to excellence in teaching, scholarship, and service.
3. Provide a variety of teaching venues incorporating the latest technologies to a range of diverse student interests, backgrounds, and aspirations.
4. Maintain resources and facilities that allow each program to meet its expected outcomes.
5. Collaborate with external partners to enhance students' knowledge, skills, and dispositions, and to influence the ongoing exchange of ideas for mutual benefit.
6. Engage in outreach services.
7. To address specific needs in the broader community.
8. To enhance student learning.
9. To instill commitment to service, and to promote the reputation of the University.
10. To conduct research to advance knowledge and to contribute to the common good.

Core Values
In the Perkins College of Education, we value and are committed to:

- Academic excellence through critical, reflective, and creative thinking
- Life-long learning
- Collaboration and shared decision-making
- Openness to new ideas, to culturally diverse people, and to innovation and change
- Integrity, responsibility, diligence, and ethical behavior
- Service that enriches the community

Diversity Statement
The James I. Perkins College of Education is committed to proactively recruiting and retaining a diverse faculty, staff, and student population. Through open dialogue, mutual respect, and shared responsibility, faculty, staff, and students will demonstrate an understanding and sensitivity to ethnicity, race, gender, exceptionalities, culture, language/dialect, age, social class, family structure, sexual orientation, religion, and spiritual values in order to enhance the quality of life in a diverse, global community.

Course Goals: Program Learning Outcomes (PLOs)
1. Resource Development: The students will demonstrate the use of appropriate technology and sustainability in the food service industry.
2. Professional Behavior: The student will exhibit the professional behaviors (strong communication skills, a professional image, a good work ethic, and adequate preparation for employment in his/her specific discipline) expected in the fields of Human Science, Hospitality, and Nutrition.
3. Key Competencies: The student will demonstrate competence in his/her specific discipline using oral and written forms. The student will also demonstrate competence in calculating, interpreting, and understanding ratios, financial statements, and budgets related to the food service industry.
4. Service Attitude: The student will demonstrate a positive service attitude.

Course Objectives: Student Learning Outcomes (SLOs)
This course is designed to provide students with a basic understanding of purchasing activities within the hospitality industry. Upon completion of this course, students should be able to:

Upon successful completion of this course, students will be able to:
1. Demonstrate the fundamentals of operating mobile food systems (PLO1, PLO2, PLO4).
2. Explain regional trends in local food business (PLO1, PLO2).
3. Analyze mobile service best practices (PLO2, PLO3, PLO4).
4. Outline food truck design principles in order to maximize efficiency (PLO1, PLO3).
5. Determine consumer demands and construct menu offerings accordingly (PLO1).
6. Identify pricing, portioning and inventory strategies in order to control costs and maintain profitable operations (PLO3).
7. Compare event and location opportunities for mobile food businesses (PLO1, PLO4).

III. Course Assignments, Activities, Instructional Strategies, use of Technology

Assignments and Activities: Experiential Learning
- Food Handler Certification (30)
- Teaching Labs (7@25)
- Experiential Learning Labs (7@25)
- Lab Participation Surveys (7@10)
- Lab Menu and Menu Costing (2@25)
- Service Learning (25)
- Final Exam/Survey (25)

Lab Performance: Every student begins with 175 EL Lab Performance points consisting of an individual student’s punctuality, uniform & policy adherence, effort, and attitude during labs.

<table>

Instructional Strategies

RSTO 2225 will be delivered in a face-to-face format, with supplemental material provided on the university’s Learning Management System (LMS), Brightspace. The final exam will require access to Zoom livestream. Each student is required to have access to a computer with internet capabilities and a camera in order to access the Brightspace course components as well as the Zoom Livestream meeting at the conclusion of the course. Each student is also required to have a working, university (jacks.sfasu.edu) email account.

Use of Technology

As a student of Stephen F. Austin State University, you have free access to this course’s Brightspace site. You will need to access the course regularly throughout the semester. Zoom
Livestream class sessions require audio and video capabilities. Students must have a working computer microphone and camera and must be visible at all times during livestream sessions.

Assignments for this course will be submitted electronically through Brightspace, unless otherwise instructed. Some assignments may require audio files. Students must have a working computer microphone or the ability to add audio to files on their computer to complete these assignments. Files with audio are submitted as PowerPoint files or mp4 videos unless otherwise instructed. All other submitted files must be in PDF or Word format.

*Brightspace Technical Support:* If at any point during the course you experience technical difficulties in Brightspace, please let your instructor know immediately. Please realize: 1.) That your instructor is not qualified to provide Brightspace support; and 2.) That notifying your instructor of technical difficulties does not exempt you from assignments or activities that are due. Notifying your instructor is a courtesy.

In order to obtain proper technical assistance you will need to contact the SFASU Brightspace Support Team by emailing d2l@sfasu.edu or calling 936.468.1919.

**IV. Evaluation and Assessments (Grading)**

Students have the opportunity to earn 550 points in this course. Grades are earned from a variety of assignments:

- **Food Handler Certification** (30)
- **Teaching Labs** (7@25)
- **Experiential Learning Labs** (7@25)
- **Lab Participation Surveys** (7@10)
- **Lab Menu and Menu Costing** (2@25)
- **Service Learning (asynchronous learning)** (25)
- **Final Exam/Survey** (25)

**TOTAL COURSE POINTS** 550 POINTS

**GRADING SCALE:** A=495-550pts. (90%) B=440-494pts. (80%) C=385-439pts. (70%) D=330-384pts. (60%)

**Guidelines for Evaluating Students in Human Sciences degree programs:**

**What is an ‘A’ Student?**

- Consistently goes above and beyond what is required in the experience
- Displays initiative
- Looks up information before asking questions
- Contributes meaningfully to the class
- Acts enthusiastic, even when he/she does not feel that way
- Is open to criticism without getting defensive
- Does not act like a “know it all”
- Displays maturity
- Is proactive – does not wait to be told to do everything; takes care of things before they become problems
- Displays common sense
Every student is capable of an ‘A’! IF the student displays the above characteristics, as well as sound technical ability and theoretical knowledge, he/she/they will receive the “excellent” grade.

A grade of ‘B’ should not be perceived as failure. A grade of ‘B’ means you have done “good” or “above average” work. A grade of ‘C’ means “average”. If you feel you are tending toward a final grade below a ‘C’ contact your instructor immediately; help him/her/them help you.

**If a student wishes to contest a grade, this must be done prior to the semester's Dead Week.**

V. Tentative Course Outline/Calendar

The calendar here is a tentative outline of the course. Your instructor reserves the right to change/modify this calendar as the course progresses.

Please see the official Course Timeline on the RSTO 2225 Brightspace by D2L homepage (this IS NOT the Brightspace Calendar tool) for a complete schedule of all due dates and times.

For more information on your final examination date and time, please see the official Course Timeline on the RSTO 2225 Brightspace by D2L homepage.

**Deadlines Policy:** In this course you are part of an active community of learners, and as such, meeting the due dates and deadlines is extremely important. You are expected to keep an eye on the Course Timeline (this IS NOT the Brightspace Calendar tool) and to complete work on time. You cannot wait until the end of the semester to complete assignments; you must complete them as the semester progresses. All assignments are due on the dates indicated on the Course Timeline and will not be accepted late (think of failing to complete an activity as missing an entire week of class.) Improperly submitted assignments, or assignments that are emailed without prior instruction to do so, will fall under the category of late.

If, due to unforeseen circumstances, you feel you need a brief extension on any due date, please contact your instructor 2-3 business days ahead of time to discuss alternate arrangements.

**Make-up Policy:** Make-up work is not allowed without a university-approved, documented excuse. For the purpose of this class, only the following will be considered an excused absence. Other absences may be excused at the discretion of the instructor. NOTE: Alerts from the Office of Community Standards alone do not fulfill the requirements below.

**Attendance Policy:** Physical attendance in the classroom is required.

**Medical Emergency:** There may be an instance of medical emergency that arises. Examples of medical emergency include, but may not be limited to, car accident, broken limbs, or extended hospitalization. Please make every effort to contact your instructor immediately in this instance. If you are unable to do so, please have a trusted friend or family member do so. Your instructor will provide further information at that time to assist you in contacting other instructors.

*COVID-19 falls under the category of medical emergency. If you are diagnosed with COVID-19, please follow the university’s policies and procedures for reporting your diagnosis. Please*
contact your instructor, as well, to make course accommodations. Your instructor will require official notice of a COVID-19 diagnosis in order to accommodate you during your illness.

</tr>
</tbody>
</table>

VI. Readings & Supplies

There is NO required text for this course. All reading is provided on Brightspace by D2L.

Students are required to obtain a purple chef’s coat from the Barnes and Noble Campus or Jackbackers Bookstore. Students are required to wear the chef’s coat with black chef pants or casual slacks (no jeans or five-pocket pants, yoga pants, leggings, or knits) and black belt (as needed). Students must also wear black, non-skid, rubber-soled shoes, black socks, and black chef’s hat. All uniform pieces should be clean and free from stains and wrinkles.

Each student is also required to carry their own stem thermometers, ballpoint pen, and Sharpie marker.

VII. Course Evaluations

Course Survey: Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the COE. Evaluation data is used for a variety of important purposes including: 1. Course and program improvement, planning, and accreditation; 2. Instruction evaluation purposes; and 3. Making decisions on faculty tenure, promotion, pay, and retention.

The course evaluation process is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the COE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!
VIII. Student Ethics and Other Policy Information

Class Attendance and Excused Absence: Policy 6.7

Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

Academic Accommodation for Students with Disabilities: Policy 6.1 and 6.6

To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325 (936.468.3004) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to SFASU Disability Services.

Student Academic Dishonesty: Policy 4.1

Abiding by university policy on academic integrity is a responsibility of all university faculty and students. Faculty members must promote the components of academic integrity in their instruction, and course syllabi are required to provide information about penalties for cheating and plagiarism, as well as the appeal process.

Definition of Academic Dishonesty

Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:

- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:

- submitting an assignment as one’s own work when it is at least partly the work of another;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
- incorporating the words or ideas of an author into one’s paper or presentation without giving the author credit.
Penalties for Academic Dishonesty
Penalties may include, but are not limited to, reprimand, no credit for the assignment or exam, resubmission of work, make-up exam, failure of course, and/or expulsion from the university.

Student Appeals

A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students: Policy 6.3.

Withheld Grades: Policy 5.5

At the discretion of the instructor of record, and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

If a student has been found guilty of academic dishonesty, a grade of “WP” or “WH” may be changed to “WF” at the discretion of the faculty member. In the case of a grade change to “WF”, the course will not count towards the six course drop limit since the student is incurring an academic penalty.

Student Code of Conduct: Policy 10.4

Interference or disruption of students, faculty, administration, staff, the educational mission, or routine operations of the university is prohibited. Such activity includes, but is not limited to, behavior in a classroom or instructional program that interferes with the instructor or presenter’s ability to conduct the class or program, or the ability of others to profit from the class or program. To remain in the vicinity of activity that is disrupting normal university functions when requested to leave by a university official is prohibited. Bystanders, if their presence incites or adds to the disruption, as well as more active participants in the disruptive activity, may be in violation of this policy as well. Engaging in physical violence of any nature against any person. This includes fighting; assaulting; battering; using a knife, gun, or other weapon; or acting in a manner that threatens or endangers the physical health or safety of any person or causes a reasonable apprehension of such harm.

This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class assignments/exams may be referred to the iCare: Early Alert Program at SFA (936-468-2703).
IX. Other Relevant Course Information

Resolving Student Grievances

1. Should a student encounter an issue in this, or any, Human Sciences course, the following chain of authority should be followed and not circumvented:
2. Contact the instructor and attempt to resolve the issue.
3. If the student is uncomfortable discussing the issue with the instructor, the student should contact their program director and/or the Interim Director of the School of Human Sciences, Dr. Chay Runnels.
4. At this point, if the issue remains unresolved, the student should contact the Interim Associate Dean for Student and Faculty Services in the College of Education, Dr. Stacy Hendricks.
5. If the problem has to do with being a student at Stephen F. Austin State University the student may visit the Vice President of Student Affairs, Dr. Brandon Frye, in room 3.105 of the Baker Patillo Student Center.

The Instructor’s Role in this Course: The Instructor’s role in this course is NOT to lecture or provide lengthy videos or presentations, but rather to facilitate a process that allows everyone to bring their own interests and expertise to the class. The Instructor will provide materials, experiences, and expertise that will encourage the students to interact and engage with the readings and other course materials. As someone conscious that there are many learning styles, the Instructor will make every attempt to present material in a variety of ways to better help facilitate learning and comprehension. Respectful exchanges and differing opinions are encouraged in the hope that this may help everyone learn from each other – including those who support stated opinions/viewpoints as well as those who present stated opinions/viewpoints that differ from our own.

Crisis Management

How to “Manage” an Online Class: A key issue for online learners is time management. Below are several strategies that can help online learners, like you, manage time in order to successfully complete your course:

1. Make the course a priority.
   For the duration of the course (or online program), make the course your professional priority. You are expected to complete every reading, every assignment, every discussion and every activity. Can’t do that? Consider taking the course another time when you can devote more time to the effort.
2. Take the course with a friend or colleague.
   Online learning has been described as “a lonely experience.” Make it less lonely- and increase your chances of both completing the course and managing time well- by seeing if a friend will take the course with you. Online learners are more likely to complete a course of study when they have actual colleagues.
3. Set aside a minimum of one hour a day to work on the course.
   Think of the hour per day as your class time. Can’t spare a whole hour? How about 15 minutes four times a day? Make the coursework the very first thing you do when you open up your computer in the morning. Then it’s over and done with for that day!
4. Make a study plan.
   Set fixed times during the week to work on the course. If you have a learning partner,
decide what days you will meet to go through course readings and participate in the online discussions.

5. **Make your own calendar or schedule.**
   Some weeks will be easier than others for getting all your work done, so look ahead and make a schedule. Determine what weeks look very busy and plan how you’ll get your coursework done ahead of time to compensate for your lack of time in busy weeks.

6. **Get rid of distractors.**
   That may mean closing the door to keep family members away, going to a café, turning off your cell phone, not opening your email or social media, or turning off the TV. Figure out what distracts you from your online course and eliminate it as you work on your course.

7. **Set goals and incentives.**
   Give yourself, or have someone give you, incentives for completing a module or assignment within a certain time period. Set personal learning and time goals. Give yourself a treat when you’ve finished a module or a discussion (but don’t reward yourself when you haven’t!).

8. **Explore ways to multitask that don’t contribute to cognitive overload.**
   Can you access the course on your tablet and do the readings at the gym? In multitasking, it’s important to avoid cognitive conflict (e.g., reading while watching TV doesn’t really help) or cognitive overload (reading while on a Skype call, for example).

9. **Ask for help.**
   Communicate. Your Instructor cannot help or advocate for you if he/she doesn’t know what is going on. Schedule a meeting to discuss your needs, and how you can succeed in class.

**How to “Manage” COVID-19**
Research has shown there are critical actions you can take to limit the spread of COVID-19:

- Monitor for symptoms of COVID-19 and report to a medical professional if you have a fever (100 F or higher) or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea/vomiting, or diarrhea. If you exhibit any of these symptoms, or know you have had close contact (been within 6 feet for 15 minutes or more) with a person who has tested positive or who you believe may have COVID-19, DO NOT attend classes, meetings or events; go to work; or visit businesses and services within the Nacogdoches community.
- Wash your hands regularly to prevent exposure to the virus from surfaces. You may also want to carry a personal bottle of hand sanitizer with you at all times. When possible, avoid touching surfaces that are frequently touched like doors, handrails, or elevator buttons. If you do touch them, sanitize immediately after.
- Observing physical distance (minimum of 6 feet away, or a distance of two axe handles) from any individual who is not in your household is recommended. Roommates and suitemates are considered members of your household.
- Consider wearing a mask or other approved face covering when you are not in a private space such as a residence hall room.

If you are experiencing symptoms, contact the SFA Health Clinic at (936) 468-4008. The SFA Health Clinic will coordinate the university’s efforts to support students who become sick. If those students live on campus, they will be provided a space to isolate until they are well again. Residence Life staff members will bring meals to these students, check in with them to see how they are doing and help connect them to services they may need.
How to “Manage” Unexpected Emergencies
Unexpected emergencies happen. To better prepare, please follow these guidelines:

Evacuation:
1. Calmly and quietly walk to the nearest exit.
2. Do not use elevators.
3. Follow instructions of emergency personnel, i.e. policemen or firemen.

Fire:
1. If it is safe to do so, activate the closest fire alarm.
2. Evacuate to the designated evacuation area.
3. Call 9-911 and report the location and nature of the fire.

Flood:
1. Do not enter any flooded area, i.e., basement, first floor, vaulted area, etc.
2. Minor Flooding: Call the Physical Plant and report the location and nature of the leak.

Medical Emergencies:
1. Dial 9-911 and report the nature of the illness or injury and the location of the emergency.
2. Stay with the victim until help arrives if there is no immediate danger to yourself.

Tornado or Other Weather Threat Alarms:
1. Take cover at the lowest level of the building. If an underground shelter is not available, move to an interior room or hallway on the lowest floor and get under a sturdy piece of furniture. Avoid places with wide-span roofs such as auditoriums, cafeterias or large hallways.
2. Stay away from windows.
3. If outdoors take cover, if possible, inside a building. If shelter is not available or there is no time to get indoors, lie in a ditch or low lying area or crouch near a strong building.
4. After the tornado passes, remain alert for signs of additional tornados and or flash/flooding.

Violence on Campus
1. Report any suspicious behavior or threats of any sort to your supervisor or instructor as soon as possible.
2. Do not attempt to resolve violent outbursts or outrageous acts of behavior yourself. Report such incidents to your supervisor or instructor as soon as possible. If violent activities are occurring immediately call 9-911 and report them to emergency personnel.
3. At the scene of any violent incident, attempt to move to a secure area as soon as possible and follow the instructions of the emergency personnel who respond to the incident.

How to “Manage” Your Mental Health (Disaster Planning): The brain is an organ of the body, just like the heart. If you were told you needed help to keep your heart working properly, you would seek medical attention. If you need help to keep your brain working properly, you should do the same. Help yourself help yourself.

You are not alone! Research has shown that one-fourth (1 in 4) of today’s college students will experience a Mental Health issue at some point of their college career. Unfortunately, many of these students will not seek help, often because they do not know where to look. This leads to larger problems that affect not just school, but also work, relationships, and day-to-day life. This “Disaster Plan” is designed to assist students in finding the help and resources they need to prevent a Mental Health crisis.
IF YOU OR SOMEONE YOU KNOW IS EXPERIENCING A MENTAL HEALTH CRISIS CALL 9-1-1 OR THE NATIONAL SUICIDE PREVENTION HOTLINE AT 1-800-273-TALK (8255).

Mental Health issues may include, but are not limited to, alcohol and drug addictions, anger, anxiety, codependency, depression, eating disorders, food addiction, gambling addiction, love and relationship addiction, obsessions and compulsions, physical-sexual-emotional abuse, and sexual addiction. If you or someone you know is dealing with any of these issues, please seek help.

SFASU values students’ mental health and the role it plays in academic and overall student success. SFA provides a variety of resources to support students mental health and wellness. Many of these resources are free, and all of them are confidential. Counseling is a free service for all SFA students designed to assist them in overcoming obstacles to their personal and academic goals. Schedule an appointment by emailing counseling@sfasu.edu or calling 936-468-2401. A Counseling Clinic is also available in Room 202 of PCOE’s Human Services Building (936-468-1041). Other Mental Health Providers are also available to help in and around the Nacogdoches area.
