I. Course Description:
Introductory course that examines the multi-dimensional factors that affect health and provides base knowledge to promote individual and community health.

-II. Course Justification:
This is a face-to-face course that will meet 150 minutes of classroom time/direct instruction per week for 15 weeks and also meets for a 2-hour final examination. Students will have out of class assignments such as a health-behavior change project, weekly behavior change journal entries, and chapter readings. The assignments and exams provide a base knowledge of health topics, helping to prepare students for upper level courses within the Health Science degree plan. These activities average at a minimum 6 hours of work each week outside of classroom hours.

Course Delivery Modality: Asynchronous Online

Prerequisites: NA

Diversity: The James I. Perkins College of Education is committed to proactively recruiting and retaining a diverse faculty, staff, and student population. Through open dialogue, mutual respect, and shared responsibility, faculty, staff, and students will demonstrate an understanding and sensitivity to ethnicity, race, gender, exceptionalities, culture, language/dialect, age, social class, family structure, sexual orientation, religion, and spiritual values in order to enhance the quality of life in a diverse, global community.

II. Intended Learning Outcomes/Goals/Objectives:
1. This course links with SFA Initiative #4: Develop a learner-centered environment.
2. This course links with SFA’s COE Goal and Initiative #2: Prepare educators and industry professionals.
3. This course links with SFA Initiative #5: Create new learning opportunities through additional interdisciplinary, international, service learning, and civic engagement experiences.
4. This course links with SFA’s COE Goal and Initiative #6: Collaborate with external partners.
Program Learning Outcomes (Health Science):
1. The student will be able to plan and evaluate a community based health lesson.
2. The student will construct a professional portfolio to be used as a personal career-marketing tool for employment opportunities.
3. The student will be able to communicate health information.
4. The student will design and implement a health behavior change plan that they will monitor for the semester.

Student Learning Outcomes - The student will be able to:
1. Identify a health behavior that needs to be addressed and then develop an appropriate health behavior change plan. (NCHEC Standards II)
2. Apply the principle factors involved in developing one’s optimal health. (NCHEC Standards VI & VII)
3. Identify the major concepts relative to making positive decisions regarding one’s health. (NCHEC Standards I & VI)
4. Comply with the principle factors that affect quality of life. (NCHEC Standards VI & VII)

III. Course Assignments, Activities, Instructional Strategies, use of Technology:
1. Behavior Change Project: This assignment is related to accountability and accreditation. This project will focus on changing a negative behavior or creating a positive behavior throughout the length of the course.

2. Learning Exercises/Mini Assignments: Hands-on and computer-based discovery exercises are intended reinforce, supplement, and extend traditional text- and lecture-based learning. All exercises will include detailed instructions and due dates/times.

3. Exams: There will be a midterm and final exam for this course. Exams will be taken online.

4. Syllabus Agreement: Once students have read the syllabus they will be required to complete an online syllabus quiz and syllabus agreement. This will encourage students to become familiar with all course assignments, expectations, and policies.

5. Attendance: Will be recorded via submission of assignments by due dates and engagement in online content.

6. Instructional Strategies: Multiple strategies such as discussion, on-line activities, readings, presentations, and other various teaching techniques/strategies will be used throughout this course.

7. Technology: This course will utilize D2L by Brightspace, YouTube video links, TedTalks, internet links to websites and articles, PowerPoint, discussions, Microsoft Word, and Zoom. Other potential apps may be Kahoot, Flipgrid, and Prezi.
IV. Evaluation and Assessment:
- Exam 1 (Mid-Term) – 50 points
- Exam 2 (Final) – 50 points
- Weekly Worksheets – 90 points
- Behavior Change Weekly Journals – 30 points
- Behavior Change Project (How Health Are You, HHAY Summary, Contract, and Presentation) – 100 points
- Syllabus Agreement and Quiz – 5 points
- Introduction – 5 points

V. Tentative Course Schedule: See last page of syllabus for tentative course schedule. Course schedules will always be posted on D2L as well.

Required Readings: All articles/websites/readings posted to the course D2L page

VII. Course Evaluations:
At the conclusion of each semester, students in the Perkins College of Education (PCOE) electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
- Course and program improvement, planning, and accreditation;
- Instruction evaluation purposes; and
- Making decisions on faculty tenure, promotion, pay, and retention
- As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical.
- In the PCOE, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information: [http://www.sfasu.edu/policies/](http://www.sfasu.edu/policies/)
Attendance and Excuse Absence: Policy 6.7
Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories, and other activities for which the student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports (including the first 12-day attendance report) and in determining final grades. Students may be excused from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

Academic Accommodations for Students with Disabilities: Policy 6.1 and 6.6
To obtain disability related accommodations, alternate formats and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004/468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services in a timely manner may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/

Student Academic Dishonesty: Policy 4.1
Abiding by university policy on academic integrity is a responsibility of all university faculty and students.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes, but is not limited to:

- using or attempting to use unauthorized materials on any class assignment or exam;
- falsifying or inventing of any information, including citations, on an assignment; and/or;
- helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to:

- submitting an assignment as one’s own work when it is at least partly the work of another person;
- submitting a work that has been purchased or otherwise obtained from the Internet or another source; and/or,
• incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.

Penalties for Academic Dishonesty
Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, re-submission of the work, make-up exam, failure of the course, or expulsion from the university.

Student Appeals
A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

Withheld Grades: Policy 5.5
At the discretion of the instructor of record and with the approval of the academic unit head, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F, except as allowed through policy [i.e., Active Military Service (6.14)]. If students register for the same course in future semesters, the WH will automatically become an F and will be counted as a repeated course for the purpose of computing the grade point average.

Student Code of Conduct: Policy 10.4
Classroom behavior should not interfere with the instructor's ability to conduct the class or the ability of other students to learn from the instructional program. Unacceptable or disruptive behavior will not be tolerated. Students who disrupt the learning environment may be asked to leave class and may be subject to judicial, academic or other penalties. This policy applies to all instructional forums, including electronic, classroom, labs, discussion groups, field trips, etc. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the iCare: Early Alert Program at SFA. Information regarding the iCare program is found at http://www.sfasu.edu/judicial/earlyalert.asp or call the office at 936-468-2703.

Disruptive Behavior--Interference or disruption of students, faculty, administration, staff, the educational mission, or routine operations of the university is prohibited. Such activity includes, but is not limited to, behavior in a classroom or instructional program that interferes with the instructor or presenter's ability to conduct the class or program, or the ability of others to profit from the class or program. To remain in the vicinity of activity that is disrupting normal university functions when requested to leave by a university official is prohibited. The instructor shall have full discretion over what behavior is appropriate/inappropriate in the classroom. Students who do not attend class regularly or who perform poorly on class projects/exams may be referred to the Early Alert Program at SFA.

Masks: (cloth face coverings) must be worn over the nose and mouth at all times in this class and appropriate physical distancing must be observed. Students not wearing a mask and/or not observing appropriate physical distancing will be asked to leave the class. All
incidents of not wearing a mask and/or not observing appropriate physical distancing will be reported to the Office of Student Rights and Responsibilities. Students who are reported for multiple infractions of not wearing a mask and/or not observing appropriate physical distancing may be subject to disciplinary actions.

**Mental Health:** SFASU values students’ mental health and the role it plays in academic and overall student success. SFA provides a variety of resources to support students mental health and wellness. Many of these resources are free, and all of them are confidential.

On-campus Resources:
SFASU Counseling Services
www.sfasu.edu/counselingservices
3rd Floor Rusk Building
936-468-2401

SFASU Human Services Counseling Clinic
www.sfasu.edu/humanservices/139.asp
Human Services Room 202
936-468-1041

Crisis Resources:
Burke 24-hour crisis line 1(800) 392-8343
Suicide Prevention Lifeline 1(800) 273-TALK (8255)
Crisis Text Line: Text HELLO to 741-741

**IX. Important Course Information:**
- Look under “Course Content” in your D2L course for weekly lectures, assignments and other information.
- Late assignment submissions will not be accepted. Submission dates are entered as the time you click on the submit button, NOT the time that you access D2L. Don't wait until the last minute to begin/submit your assignments!
- Communication is key! If you communicate with me about scheduling issues and due dates I am able to help you. Not communicating until after the deadline may result in a grade of 0 if it is late or incomplete.
- Email etiquette (adapted from Dr. John Janowiak at UNC Chapel Hill) and
- Professionalism: When you e- mail friends, you can be as informal as you wish. However, when you write to your employer, professor, or supervisor you should use proper and polite language. By training yourself to write properly, you develop skills necessary to deal with future clients and supervisors, who are unlikely to tolerate bad e-mail manners. Please use the following guidelines when e-mailing me and other professors.
- Even telephone conversations start with “Hello” and end with “Goodbye.”
- Therefore, please use a formal salutation when e-mailing professors, such as: “Dear
Dr. Wagner-Greene* When e-mailing faculty, remember that you are not communicating with a friend or relative, therefore do not use informal language in your e-mails.

- If you have a request, say it politely. You can start with “I would like to ...”, “I wonder if you can ...,” “May I ...,” “Is it possible to ...,” “Do you mind ...?” DO NOT WRITE: “I want to know ...,” “I want you to,” “Send this to me”, “Tell me when ...” Just adding the word “please” does not mean that you are being polite.

- Your identity is an important clue to the context of the message. Every semester I teach hundreds of students in numerous classes; therefore, identify yourself as a student in the class you are enrolled in, such as: “Dear…. I am a student enrolled in your Health _____ course.”

- Also, please include a brief description of the subject of your email in the subject line of the email.

- Be concise

- Always re-read your emails and check for spelling and grammatical mistakes before sending them.

- When needing to schedule an appointment outside of my office hours, please suggest a few time slots, but always say something like “If these times do not suit you, please feel free to let me know any other time that you prefer / that is convenient to you.” If you cannot make the date suggested, say, “I am sorry, but I cannot come to see you on [Monday].” Do not say, “I am not available on [Monday].
