I. Course Description: Principles of social and emotional health affecting human development; role of nature and nurture in human development.

Course Justification: HLTH 4330 “Social and Emotional Health” (3 credits) meets three times each week (MWF) in 50-minute segments for 15 weeks via face-to-face and participates in a 2-hour final exam. Students have significant weekly reading requirements, are expected to be present for extra credit participation points, take three quizzes (one of those is the 2-hour final exam), are required to present information regarding a social and emotional health topic, upload ten weekly reflections to BrightSpace, and are required to submit a mentor asset reflection paper. These activities average at a minimum 6-12 hours of work each week to prepare outside of classroom hours.

Course Delivery: Face-to-Face
Prerequisites: None

### VI. Readings (Required and recommended—including texts, websites, articles, etc.):

Pearson/Benjamin Cummings.

**Brightspace:** The course has a Brightspace site that can be found at d2l.sfasu.edu. **You are responsible for all announcements and materials presented on this web page, so you must check it daily.** Your course grades will be posted here. If you do not have access to our class D2L page for any reason, you must contact me ASAP. A great resource for Brightspace or Zoom questions can be found at [https://www.sfactl.com/student-support](https://www.sfactl.com/student-support)

### VII. Course Evaluations:

Near the conclusion of each semester, students in the Perkins College of Education (PCOE) electronically evaluate courses (the teaching itself and the content/assignments) taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes, and
3. Making decisions on faculty (full-time and part-time) annual evaluation processes, tenure, promotion, pay, and retention.

Updated: August 2023
As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!”

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and summarized data will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Other Policy Information

Academic Integrity (4.1)

The Code of Student Conduct and Academic Integrity outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words, ideas, illustrations, structure, computer code, and other expression or media, and presenting that material as one’s own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially.

Withheld Grades Semester Grades Policy (5.5)

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to https://www.sfasu.edu/policies/course-grades-5.5.pdf.
Students with Disabilities
To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student Wellness and Well-Being
SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.

XI. Other Relevant Course Information:

**NO LATE ASSIGNMENTS WILL BE ACCEPTED** – this is a 400-level class!
- MY PHILOSOPHY OF TEACHING AND GRADING IS SUCH – “FIX IT BEFORE IT’S BROKE!” I WILL PROVIDE YOU WITH FORMATIVE FEEDBACK.
- FOR FORMATIVE FEEDBACK THE ASSIGNMENT MUST BE EMAILED TO ME 48 HOURS PRIOR TO THE DUE DATE AND TIME.
- IF UPLOADED TO DROPBOX NO FORMATIVE FEEDBACK WILL BE PROVIDED!

**Final grades** – Due to my “fix it before it’s broke policy” my position on rounding grades is very strict. Foreexample, if you have not completed all of the work (see Section IV) and you have earned a B (89.51% or higher) I will not round your grade to an A. You must complete all work for rounding to be considered.

**Email etiquette and Professionalism (adapted from Dr. John Janowiak at UNC Chapel Hill):** When you e-mail friends, you can be as informal as you wish. However, when you write to your employer, professor, or supervisor you should use proper and polite language. By training yourself to write properly, you develop skills necessary to deal with future clients and supervisors, who are unlikely to tolerate bad e-mail manners. Please use the following guidelines when e-mailing me and other professors:

- Even telephone conversations start with “Hello” and end with “Goodbye.” Therefore, **please use a formal salutation when e-mailing professors**, such as: “Dear Dr. Rust.

- When e-mailing faculty, remember that you are not communicating with a friend or relative, therefore **do not use informal language in your e-mails**.

- If you have a request, say it politely. You can start with “I would like to ...”, “I wonder if you can ...,” “May I ...,” “Is it possible to ...,” “Do you mind ...?” **DO NOT WRITE:** “I want to know ...,” “I want you to,” “Send this time”, “Tell me when”. Just adding the word “please” does not mean that you are being polite.

- Your identity is an important clue to the context of the message. Every semester I teach hundreds of students in numerous classes; therefore, identify yourself as a student in the class and section you are enrolled in, such as: “Dear Dr. Rust, I am a student enrolled in your HLTH 4330-2 TTh @ 8 am course.”

- Also, **please include a brief description of the subject of your email in the subject line of the email**.

- Be concise.

- **Always re-read your e-mails** and check for spelling and grammatical mistakes before sending them. (Also, recommended for the assignments you submit).

- When needing to schedule an appointment outside of my office hours, please suggest a few time slots, but always say something like “If these times do not suit you, please feel free to let me know any other time that you prefer / that is convenient to you.” If you cannot make the date suggested, say, “I am sorry, but I cannot come to see you on [Monday].” Do not say, “I am not available on [Monday].”
