Instructor: Shelby Kite, M.S.
Office: HPE 210
Office Phone: 936-468-1755
Other Contact: 468-3503 (Main Office)

Course Time & Location: T TH 2 – 3:15 pm, HPE203
Credits: 2 Semester Hours
Office Hours: MW 9:30 am – 11 am, TTH 12 pm – 1:30 pm
Email: Shelby.Kite@sfasu.edu

All emails sent to Shelby.Kite@sfasu.edu will be answered within 48 hours and are the quickest way to get a response to a question or a concern you may have.

Prerequisites: None

I. Course Description: KINE 2234 Innovative Games and Sports
This course incorporates fundamentals, skills, and strategies of new and/or novel games and sports.

Course Justifications

KINE 2234 “Innovative Games and Sports” (2 credits) typically meets twice each week (Tuesday/Thursday) in 75 minutes segments for 15 weeks or three times (MWF) in 50-minutes segments for 15 weeks, and also meets for a 2.5-hour final examination. During a semester in which there are only 14 weeks of class time this course may include instructional time that is delivered asynchronously. Instruction and assessment pertaining to virtual instruction student learning outcomes will be delivered asynchronously on the learning management system. This will account for 6 class days. While in class student participate in many different types of activities that involve movement as well as witness the proper way to teach activities in a gym environment. Students will have weekly out of class assignments, such as; reading, preparing for an in-class presentation, creating a lesson plan, observing children participating in physical activity and creating a virtual instructional unit. These activities average at a minimum 4 hours of work each week to prepare outside of classroom hours. **

**In a Hybrid modality some work that you are doing outside of class is not “homework” in the traditional sense, it is actually activities, lecture, discussion, etc. that would typically be done during the 150 minutes of time that the class would be meeting face-to-face.

Course Delivery Modality- Hybrid

Perkins College of Education Diversity Statement - The James I. Perkins College of Education is committed to proactively recruiting and retaining a diverse faculty, staff, and student population. Through open dialogue, mutual respect, and shared responsibility, faculty, staff, and students will demonstrate an understanding and sensitivity to ethnicity, race, gender, exceptionalities, culture, language/dialect, age, social class, family structure, sexual orientation, religion, and spiritual values in order to enhance the quality of life in a diverse, global community.

II. Intended Learning Outcomes/Goals/Objectives:
This course supports SFA’s strategic plan Initiative #4: Develop a learner-centered environment. This course supports SFA’s COE Goal #2: Prepare teachers, support personnel, and educational leaders. This course supports the College of Education’s (COE) mission by preparing physical educators who are competent, caring, and enthusiastic. The vision of the
COE coincides with the emphasis of this course upon academic excellence, life-long learning, cultural diversity, integrity, responsibility, and ethical behavior diverse, global community.

**SFA B.S. Kinesiology Program Learning Outcomes (PLO) Addressed:**

1. The student will be prepared to pass state/national accredited certifications.
2. The student will demonstrate an understanding of basic principles of physical fitness concepts and the utilization of available technology in assessing fitness levels, performance, and physiological effects during various levels of physical stress.
3. The student will demonstrate an understanding of common and specialized content, and scientific and theoretical foundations for the delivery of an effective preK-12 physical education program.
4. The student will apply content and foundational knowledge to plan developmentally appropriate learning experiences aligned with local, state and/or SHAPE America’s National Standards and Grade-Level Outcomes for K-12 Physical Education through the effective use of resources, accommodations and/or modifications, technology and metacognitive strategies to address the diverse needs of all students.
5. The student will apply content and foundational knowledge to implement developmentally appropriate learning experiences aligned with local, state and/or SHAPE America’s National Standards and Grade-Level Outcomes for K-12 Physical Education through the effective use of resources, accommodations and/or modifications, technology and metacognitive strategies to address the diverse needs of all students.
6. The student will select and implement appropriate assessments to monitor P-12 students’ progress and guide decision making related to instruction and learning.

**Student Learning Outcomes Addressed: KIN 2234**

By the end of the course the student will be able to:

1. demonstrate a basic knowledge of rules, strategies, and terminology involved with many innovative activities and games (PLO 4,5).
2. demonstrate reasonable performance competency in various innovative activities (PLO1,4).
3. provide experiences that a future physical education teacher may draw upon when handling groups with a large number of participants (PLO 5).
4. develop a lead-up games approach to the teaching of traditional game skills (PLO1, 4,5).

**Please see Appendices 1 & 2 for Content Specific Standards and for Alignment of Assignments with Standards Assessed in this Course**

**Instructional Strategies, use of Technology:**

A variety of instructional methods are modeled during the course and include, but are not limited to the following:

1. Traditional Experiences such as lecture (using PowerPoint), class discussion and demonstration
   When voiced over PowerPoint presentations and handouts are posted on Brightspace it is highly recommended that these be watched and notes taken prior to class meetings. It is suggested that you take notes as you watch/listen to the presentations.
2. Clinical Experiences such as group work, cooperative activities, and lab exercises
3. Student presentations/evaluation of advocacy projects
4. Brightspace is also used for presentation of class quizzes, discussions, submission of assignments, and content related to virtual instruction, etc. It is important that you are competent in using the system.
5. Reflective assignments for assessment of teaching experiences for edTPA preparation

**Evaluation and Assessments (Grading):**

1. **Quizzes** – (30%) Quizzes will be delivered on D2L and will cover material learned in specific modules.
2. **Lesson Plan Project** – (25%) with a group, students will create a developmentally appropriate lesson using innovative games and teach to a small group of students
3. Virtual Instruction & Assessment – (20%) individually, students will create a module of virtual instruction and a formal assessment for their peers.

4. Observation – (10%) students will volunteer 1 hour in a physical education, youth sport, or youth fitness setting and report on their work and observations of motor development. The instructor will provide a list of acceptable events on D2L. All other events must be approved in advance by the instructor.

5. DATS – (15%) Daily in class (synchronous) and out of class (asynchronous) activities will be provided for students to assess learning, professionalism and participation.

Grade is based on the % of the total points assigned during the semester (approximately 750 points). See Section III for points available for each assignment.

- A = 90 – 100% of point total
- B = 80 – 89.9% of point total
- C = 70 – 79.9% of point total
- D = 60 – 69.9% of point total
- F = below 60% of point total

All assignments, unless specified by the instructor, must be typed. No work will be accepted unless it is typed. All work at the current time will be submitted through Brightspace/D2L.

* Items in purple will be completed mostly during class time on that day.  
*Class activities in red will be completed outside of class on D2L and Google Classroom

**Required Materials:**
- Access to Brightspace to download class lectures and handouts - recommend bringing them to class

**VII. Course Evaluations:**

It is important to me that you complete the course evaluation at the end of the course. Please give direct feedback on my teaching and the relevance on the course assignments to the content of learning.

Near the conclusion of each semester, students in the College of Education electronically evaluate (the teaching itself and the content/assignments taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty (full-time and part-time) annual evaluation processes, tenure, promotion, pay, and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. **Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and summarized data will not be available to the instructor until after final grades are posted.**

**VIII. Student Ethics and Other Policy Information:** Full text of polices can be found at http://www.sfasu.edu/policies/

**Attendance and Preparation for Class:**

*SFA Attendance Policy (6.7) – Regular, punctual attendance, documented participation, and, if indicated in the syllabus, submission of completed assignments are expected at all classes, laboratories and other activities for which a student is registered. Based on university policy, failure of students to adhere to these requirements shall influence the course grade, financial assistance, and/or enrollment status. The instructor shall maintain an accurate record of each student’s attendance and participation as well as note this information in required reports (including the first 12 day attendance report) and in determining final grades. Students may be excused
from attendance for reasons such as health, family emergencies, or student participation in approved university-sponsored events. However, students are responsible for notifying their instructors in advance, when possible, for excusable absences. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. Students with accepted excuses may be permitted to make up work for up to three weeks of absences during a semester or one week of a summer term, depending on the nature of the missed work. Make-up work must be completed as soon as possible after returning from an absence.

**Absence is no excuse for not knowing.** You are responsible for being ready for class each day, therefore if you are absent (excused or unexcused**) – be sure to get the previous day’s notes and assignments from another student in the class AND come to the next class prepared. If an assignment is due on your return date, then your assignment is also due that same day. Take your responsibilities seriously. I am more than happy to help you but you must do your part. Students can expect a response to emails and phone calls within 24-48 hours Monday-Friday. **The only difference between an excused and an unexcused absence is that the student will have the opportunity to make up the work missed. An unexcused absence is still an absence.**

**Class preparation is your responsibility.** Read your assignments prior to the assigned class discussion and be prepared to offer input and ask questions. Late assignments are accepted but will have a minimum automatic 25% point deduction if turned in within one week of the due date. Assignments later than one week will not be accepted.

**Daily attendance and active participation** is expected and required of all professionals, therefore your attendance, which includes being tardy and/or leaving class early, may affect your final grade. Daily or Weekly Application Tasks (DATs), completed during class cannot be made up. Test material comes from class – if you miss class you miss test materials. Students arriving after attendance is taken (and/or after their name has been called for roll) are responsible for notifying the instructor at the end of the class period or they will be marked absent. Exceptions will be made for students who miss class for university-sponsored trips, verifiable serious illness, or a verifiable family emergency. Students should contact the Office of Community Standards (room 315 Rusk Building, 936-468-2703) and provide documentation for excused absences. Documentation must be received within 2 class periods. Excuses need to have a beginning and ending date. It is the responsibility of the student to be aware of due dates for assignments announced in class and obtain class related information if absent. It is the responsibility of the student to notify the instructor immediately prior to an anticipated absence for a school-sponsored trip. For reporting purposes, a student who does not attend class and/or who does not show participation will be dropped from financial aid for that course.

**Academic Accommodation for Students with Disabilities (6.1 & 6.6)**

To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

It is your responsibility to discuss specific accommodations with the instructor as soon as possible so that your needs can be met appropriately.

**Academic Integrity (4.1)**
The Code of Student Conduct and Academic Integrity outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words, ideas, illustrations, structure, computer code, and other expression or media, and presenting that material as one’s own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially.

Student Academic Dishonesty Policy (4.1)
Abiding by university policy on academic integrity is a responsibility of all university faculty and students. Faculty members must promote the components of academic integrity in their instruction, and course syllabi are required to provide information about penalties for cheating and plagiarism, as well as the appeal process.

Definition of Academic Dishonesty
Academic dishonesty includes both cheating and plagiarism. Cheating includes but is not limited to: using or attempting to use unauthorized materials on any class assignment or exam; falsifying or inventing of any information, including citations, on an assignment; helping or attempting to help another in an act of cheating or plagiarism.

Plagiarism is presenting the words or ideas of another person as if they were one’s own. Examples of plagiarism include, but are not limited to: submitting an assignment as one's own work when it is at least partly the work of another person; submitting a work that has been purchased or otherwise obtained from the Internet or another source; incorporating the words or ideas of an author into one's paper or presentation without giving the author credit.
**Penalties for Academic Dishonesty** - Penalties may include, but are not limited to reprimand, no credit for the assignment or exam, resubmission of the work, make-up exam, failure of the course, or expulsion from the university.

**Student Appeals** - A student who wishes to appeal decisions related to academic dishonesty should follow procedures outlined in Academic Appeals by Students (6.3).

**Withheld Grades Policy (5.5)**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to [https://www.sfasu.edu/policies/course-grades-5.5.pdf](https://www.sfasu.edu/policies/course-grades-5.5.pdf).

**Student Code of Conduct Policy (10.4):**
Disorderly conduct including but not limited to: (a) disruption or Interference of Students, faculty, administration, staff, the educational mission, or routine operations of the University. (b) Commercial solicitation on campus or with University resources without prior approval from University officials. (c) Failure to comply with a reasonable and lawful request or directive of University Officials. (d) Facilitation of Student misconduct including but not limited to assisting, conspiring, soliciting, or encouraging others to engage in conduct which violates the Student Code of Conduct. More information on Student Code of Conduct can be found at [https://www.sfasu.edu/docs/board-regents/student-code-of-conduct-10.4.pdf](https://www.sfasu.edu/docs/board-regents/student-code-of-conduct-10.4.pdf).

**Student Wellness and Well-Being**
SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.

**On-campus Resources:**

Code of Ethics for the Texas Educator: The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person's potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s selfreported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:
• You enrolled or planning to enroll in an educator preparation program or
• You are planning to take a certification exam for initial educator certification, and
• You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed, and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation.

Additional information can be found at https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/ <http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information, contact the Office of Assessment and Accountability 936-468-1282 or edprep@sfasu.edu.

IX. Other Relevant Course Information

Electronic Devices:

Cell phone use may be required as part of the course interactions or tasks when practicing the use of digital technology. However, this is not intended as permission to utilize your phone for non-class related tasks while in the classroom. Including texting, web browsing, checking emails or assignments for other courses, etc. To prevent disruption of class and a distraction to your learning, if you are not using your cell phone for a class related activity, place it out of sight and remove the distraction. Students demonstrating inappropriate professional dispositions, which are essential to becoming effective professionals, may be prevented from clinical teaching.

Laptops and tablets may be an important tool for notetaking, and like the cell phone may be an important tool for the interactions or tasks required in the class. Use for any other purpose may result in the loss of the privilege to use the laptop during class at the discretion of the instructor. Note that use of electronic devices in ways that are disruptive to the learning environment effects more than just the user. Disruption of the learning environment may cause the student to be removed from the classroom. Students demonstrating
inappropriate professional dispositions, which are essential to becoming effective professionals, may be prevented from clinical teaching.

General Classroom Civility:

Students should be respectful of the instructor and other students during class time. Please do not interrupt your classmates or the instructor when they are speaking, and do not talk when someone else is talking. Students will not be allowed to read the newspaper, complete work from other classes, talk to their neighbors, sleep during class, text, or engage in other activities that are distracting to the instructor or other students. Any student found violating this code of conduct will be asked to leave the classroom and will be given an unexcused absence for the class period. Students engaging in such behaviors are not demonstrating the dispositions essential to becoming effective professionals (SHAPE Standard 6). Students demonstrating inappropriate professional dispositions, which are essential to becoming effective professionals, may be prevented from clinical teaching.

Exam Conduct:

- You may not wear sunglasses during an exam
- You will be asked to either remove your hat or turn it around backwards
- You must place all class materials out of sight in a backpack or under your desk
- Bathroom breaks or leaving the room for any reason will not be allowed during exams (so plan ahead!)
- No food or drinks will be allowed during exams - this includes water and gum
- Engagement in suspicious behaviors such as talking with others, roving eyes, tapping your hands or feet repeatedly during exams, etc. may be construed as cheating by the instructor and are grounds for dismissal from the examination and an automatic 0 on the examination as well as further disciplinary action at the discretion of the instructor
- All cell phones and electronic devices must be turned off and placed out of sight during examinations. Use of such devices during examination may be construed as cheating and result in associated disciplinary action.

Appendix 1

Content Specific Standards for PETE Courses

TExES Standards for Physical Education EC-12 (State Board for Educator Certification)

**Standard I:** The physical education teacher demonstrates competency in a variety of movement skills and helps students develop these skills

**Standard II:** The physical education teacher understands principles and benefits of a healthy, physically active lifestyle and motivates students to participate in activities that promote this lifestyle.

**Standard III:** The physical education teacher uses knowledge of individual and group motivation and behavior to create and manage a safe, productive learning environment and promotes students’ self-management, self-motivation, and social skills through participation in physical activities.

**Standard VI:** The physical education teacher uses knowledge of how students learn and develop to provide opportunities that support students’ physical, cognitive, social, and emotional development.

**Standard V:** The physical education teacher provides equitable and appropriate instruction for all students in a diverse society.

**Standard VI:** The physical education teacher uses effective, developmentally appropriate instructional strategies and communication techniques to prepare physically educated individuals.
Standard VII: The physical education teacher understands and uses formal and informal assessment to promote students’ physical, cognitive, social, and emotional development in physical education contexts.

Standard VIII: The physical education teacher is a reflective practitioner who evaluates the effects of his/her actions on others and seeks opportunities to grow professionally.

Standard IX: The physical education teacher collaborates with colleagues, parents/caregivers, and community agencies to support students’ growth and well-being.

Standard X: The physical education teacher understands the legal issues and responsibilities of physical education teachers in relations to supervision, planning and instruction, matching participants, safety, first aid, and risk management.

National Standards for Physical Education Teacher Education, 4th edition (2017, SHAPE)*

Standard 1: Content and Foundational Knowledge: Physical education candidates demonstrate an understanding of common and specialized content, and scientific and theoretical foundations for the delivery of an effective preK-12 physical education program.

Standard 2: Skillfulness and Health-Related Fitness: Physical education candidates are physically literate individuals who can demonstrate skillful performance in physical education content areas and health-enhancing levels of fitness.

Standard 3: Planning and Implementation: Physical education candidates apply content and foundational knowledge to plan and implement developmentally appropriate learning experiences aligned with local, state and/or SHAPE America’s National Standards and Grade-Level Outcomes for K-12 Physical Education through the effective use of resources, accommodations and/or modifications, technology and metacognitive strategies to address the diverse needs of all students.

Standard 4: Instructional Delivery and Management: Physical education candidates engage students in meaningful learning experiences through effective use of pedagogical skills. They use communication, feedback, technology, and instructional and managerial skills to enhance student learning.

Standard 5: Assessment of Student Learning: Physical education candidates select and implement appropriate assessments to monitor students’ progress and guide decision making related to instruction and learning.

Standard 6: Professional Responsibility: Physical education candidates demonstrate behaviors essential to becoming effective professionals. They exhibit professional ethics and culturally competent practices; seek opportunities for continued professional development; and demonstrate knowledge of promotion/advocacy strategies for physical education and expanded physical activity opportunities that support the development of physically literate individuals.

*SHAPE Standards have been adopted as the Program Learning Outcomes in the Physical Education Teacher Assignment and Standards Alignment
