Purpose of this course: To introduce students to new chamber music literature, and to learn how to rehearse and to perform in small ensembles. To play in a chamber music ensemble effectively takes both individual and group practice time. It is necessary not only to have your part prepared, but also to listen carefully to the other parts and react to them.

Repertoire: Standard chamber music repertoire such as serenades and divertimenti, string quartets and piano trios of Haydn, Mozart, and Beethoven; trio sonatas of Telemann and Vivaldi, and other romantic and twentieth century repertoire at the discretion of the instructor.

Evaluation Criteria:
Attendance and punctuality: 30%
Preparedness: 30%
Reasonable cooperation: 20%
Participation in Performance: 20%

There will also be a recital opportunity towards the end of the semester, in which all students will present at least one movement of a chamber music work.

Recital Date: Sunday, November 12th: 7:30 PM MRH

Rehearsals and coachings: Each ensemble is required to have one or two rehearsals a week, in addition to one coaching time with faculty. Each of these sessions must be a minimum of one hour, and the times (and locations of rehearsals) should be decided by the second week of class AT THE LATEST. The coaching time must of course be arranged with the instructor and will be ½
hour to 45 minutes in length. PLEASE do not skip or show up late to rehearsals or coachings; it is incredibly disrespectful to your fellow musicians!!

Chamber music can be one of the most rewarding and enjoyable aspects of playing an instrument, so I hope that you will all get the very most that you can out of this experience.

**Academic Integrity (4.1).**

The Code of Student Conduct and Academic Integrity outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words, ideas, illustrations, structure, computer code, and other expression or media, and presenting that material as one’s own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially.

**Withheld Grades Semester Grades Policy (5.5)**

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to [https://www.sfasu.edu/policies/course-grades-5.5.pdf](https://www.sfasu.edu/policies/course-grades-5.5.pdf).

**Students with Disabilities**

To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations.
