THE COURSE: SPAN 2311 “Intermediate Spanish I” (3 credits). Intermediate study of Hispanic language and culture with speaking, listening, reading and writing practice meets three times a week in 50-minute segments, or twice a week in 75-minute segments for 15 weeks, and also meets for a 2-hour final examination. Students participate in daily listening, reading, and grammar exercises, in addition to practicing their conversation skills. Online delivery contains extensive written content as well as audio-visual presentations and exercises that includes the same information students encounter in a face-to-face lecture course. They are expected to take regular written and/or verbal quizzes and tests and are assessed for their active participation using the target language. A significant portion of their grade comes from daily homework activities.

Course Components and Expectations:

Learning Path/MindTap: I will assign in MindTap selected activities from each chapter. You will be able to earn as much as 35% of your final grade by completing all assigned exercises, in Mindtap. These exercises are geared towards promoting a deeper understanding of the Spanish language, grammatical structures, vocabulary, listening, and cultural aspects. Assignments have to be completed online by the dates specified. Weekly assignments will open Monday at 1:00 a.m. and are due by Saturday at 11:59 p.m. It is highly recommended that you pace yourself and not cram everything into one day, avoid finding yourself in this predicament. No late work or make-up sections will be accepted. All activities are due by the end of day (11:59 p.m.) unless otherwise specified by your professor.

Exams: There will be a total of 2 exams in this summer session—worth a combined 40% of your final grade: Midterm Exam (20%) and Final Exam (20%). A set of instructions explaining their format and expectations will be release a week prior to the exam’s date. DO NOT FORGET TO GET ACQUAINTED WITH THE INSTRUCTIONS. The dates of these exams are on the schedule section of the syllabus. There are no make-up exams given or changes to the existing format.

Class Engagement in Brightspace: Course content is mandatory. Just as any course at the university level, either face-to-face or online, you must attend daily lessons, listen, take notes, engage, and be present. Your online presence is measured by detailed metrics that provide the time a student spends reading the material, and watching the lessons provided in Brightspace. Downloading items to your computer does not count as Class Engagement. By Brightspace class engagement, I expect you to Interact—
watch, listen, engage, and take notes— with each of the Professor Instructional Video Lessons, as well as read each of the topics shown in the modules, the Weekly News Feed, and class emails. Remember participation is required to succeed in this course.

**Content Quizzes:** These quizzes focus on vocabulary, grammar, and cultural aspects presented in each of the modules. **Must take after interacting with Professor Video Lessons** in Brightspace and completing assigned exercises in MindTap.

**Late Work:** No late work will be accepted without approval from your professor and/or proper documentation is submitted from a university sponsor, physician, etc. For documented excused absences, you may make up quizzes and exams for classes missed. You are encouraged to discuss any missed assignments with your instructor. Please make an appointment to meet your instructor.

**Professor Communications:** In order to create an online community and a positive learning environment I use different methods of communication to maintain you motivated and informed. **To keep you apprised for this class, I will post updates and friendly reminders in the News Feed section in Brightspace every Monday.** For any consultation that does not require us to meet, please e-mail me and allow me at least 24 business hours to respond. You can reach me during my in-person office hours or via web conferencing. **Please contact me by email in advance if you wish to meet with me during those hours.**

**Grading your work:** After the due date posted, my turn-around time for grading exams and assignments is about 1 week. If unable to grade your work due to unforeseen circumstances, I will communicate that modification to the class via email, or in the News Feed section of the course.

**ATTENDANCE:**

Students are expected to log into Brightspace D2L regularly, read all notifications and email, complete their Course Engagement as defined in your course syllabus, and attend language lab sessions on a punctual basis. Note that detailed metrics are used in this online course.

Attendance and absence notifications are included below. For those classes where attendance is a factor in the course grade, an accurate record of attendance will be maintained. Whether absences are excused or unexcused, a student is still responsible for all course content and assignments. At the faculty’s discretion, students with accepted absence notifications may be permitted to make up work. Make-up work must be completed according to the timeline provided by the instructor.

**Formal Absence Notifications:**

These notifications are handled by the Dean of Students Office (936)468-7249. Qualifying reasons are unplanned absences that have impacted a student’s ability to attend class. This must be submitted no later than 10 business days after the incident. Qualifying reasons will fall into the following four categories:

- Death of family member*
- Hospitalization — admitted into the hospital for health purposes (medical or mental)
- Personal emergency — this can include car accidents or drastic life events, such as a fire*
Administrative and other — this can include jury duty, court subpoena, etc.

*Other situations may be considered at the discretion of the Dean of Students Office.

Additionally, requests must be accompanied with appropriate documentation, which includes, but is not limited to death certificates, obituaries/programs (with listed name), medical discharge documents, a subpoena, a jury summons, or a police report from an accident.

Some reasons for being denied a faculty notification request may include, but are not limited to illness, traffic court, oversleeping, physician's appointment, car trouble, or an emergency room visit (non-admittance).

Process:
1. Students are responsible for submitting faculty notification requests and providing supporting documentation substantiating the reason for requests. Requests with no supporting documentation will automatically be denied.
2. SFA's Student Outreach and Support will review documentation and assess validity. Upon review, SOS will determine the approval or denial of the faculty notification request.
3. SOS will notify students of the faculty notification request determination and will notify faculty members only of approved faculty notification requests.
4. It is the student’s responsibility to provide approved faculty notification requests to faculty members. Additionally, it is at the faculty member's discretion to honor approved circumstantial requests.

CODE OF CONDUCT:

The Code of Student Conduct and Academic Integrity outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words,
ideas, illustrations, structure, computer code, and other expression or media, and presenting that material as one's own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially.

**Withheld Grades Semester Grades Policy (5.5)**
Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to [https://www.sfasu.edu/policies/course-grades-5.5.pdf](https://www.sfasu.edu/policies/course-grades-5.5.pdf).

**Students with Disabilities**
To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

**Student Wellness and Well-Being**
SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.
