The SFA Way … "…striving for personal excellence in everything we do."
At Stephen F. Austin State University, our faculty, staff, alumni and students believe in
doing things "The SFA Way." We expect the best from ourselves and from each other,
and we hold each other accountable when we fail to maintain these standards.
Grounded in the five "Root Principles" below, we, the members of the SFA community,
strive for personal excellence in everything that we do.

The Principle of Respect … Lumberjacks command respect and treat others with respect.
The Principle of Caring … Lumberjacks think of the needs of others and seek to
improve the quality of life of those around them.
The Principle of Responsibility … Lumberjacks do what is right.
The Principle of Unity … Lumberjacks are loyal to their friends, family, university, state
and country.
The Principle of Integrity … Lumberjacks have the courage to do what is right, even
when it is hard or unpopular.

| Instructor: | L. Kathleen Sheriff, Ed.D. |
| Course Time & Location: | Brightspace (D2L), Online |
| Office Hours: | Office Hours: By appointment or by ZOOM Virtual appointment on Monday/Wednesday mornings from 9-11:30am. Send me an email within d2l of this course to schedule an appointment. You may also use the CHAT tool to speak with me anytime that you notice I’m available online. |
| Office Phone: | (936) 468-1194 |
| Credits: | 3 semester hours, graduate credit |
| Fax: | (936) 468-5837 Attn: Kathleen Sheriff, Ed.D. |
I. COURSE DESCRIPTION: Survey of Exceptionalities is an introductory course covering the conditions and psychological characteristics of exceptional children. The course provides a foundation of basic knowledge for preservice educators and begins the process of preparation for the Texas Examinations of Educator Standards (TExES). It is the prerequisite for all Special Education courses. There are no prerequisites for this course.

Course Justification: SPED 3329 (3 credits, fully online) for 15 weeks with a 2 hour final exam and in Summer School for just under five weeks. The course contains extensive written content that includes the same information students in a face-to-face lecture course receive, requiring students to engage the online modules for at least three hours per week. Primary source readings are woven into the content to support key concepts or provide perspective on historical events in special education. In addition, students are required to complete quizzes/exams over the course content and complete intensive writing assignments that evaluate their ability to interpret and apply information learned in the modules. Students will complete two projects in which they interpret and analyze issues and characteristics of disabilities. For every hour a student spends engaging with the content, the student should spend at least two hours completing associated activities and assessments.

This course is aligned with the mission of the College of Education, which is to prepare competent, successful, caring and enthusiastic professionals dedicated to responsible service, leadership, and continued professional and intellectual development. Our theme is "preparing professional educators who positively impact learning for all students". In the College of Education at Stephen F. Austin State University, we are committed to the following core values:

• **Academic excellence** through critical, reflective, and creative thinking
• **Life-long learning**
• **Collaboration** and shared decision making
• **Openness** to new ideas, to culturally diverse people, and to innovation and change
• **Integrity**, responsibility, diligence, and ethical behavior, and
• **Service** that enriches the community
INTENDED LEARNING OUTCOMES/GOALS/OBJECTIVES
(Programs/Student Learning Outcomes):
I. The complete listing of the standards associated with the PLOs, SLOs, assignments, and assessments are located on the PCOE website. This course reflects the following core values of the College of Education:

- Academic excellence through critical, reflective, and creative thinking
- Life-long learning
- Collaboration and shared decision-making
- Openness to new ideas, to culturally diverse people, and to innovation and change
- Integrity, responsibility, diligence, and ethical behavior
- Service that enriches the community

The mission of the College of Education is to prepare competent, successful, caring, and enthusiastic professionals dedicated to responsible service, leadership, and continued professional and intellectual development.

The goals of this course are closely aligned to those of the College of Education (COE), which is to prepare competent, successful, caring and enthusiastic professionals dedicated to responsible service, leadership, and continued professional and intellectual development. As a preliminary step in this process the knowledge obtained in this course will enable candidates to develop the requisite knowledge, skills, and dispositions necessary for admission into the COE Teacher Certification Program. This course also supports the mission of the Human Services Department.

THECB Core Objectives/Outcomes
- Critical Thinking Skills
  - To include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- Communication Skills
  - To include effective development, interpretation and expression of ideas through written, oral and visual communication.
- Empirical and Quantitative Skills
  - To include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
- Teamwork
  - To include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
- Personal Responsibility
  - To include the ability to connect choices, actions and consequences to ethical decision-making
- Social Responsibility
To include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

Standards Addressed:
CAEP ... Council for the Accreditation of
   Educator Preparation Standard 1: Content
   and Pedagogical Knowledge

Candidate Knowledge, Skills, and Professional Dispositions
1.1 Candidates demonstrate an understanding of the 10 InTASC standards at the appropriate progression level(s) in the following categories: the learner and learning; content; instructional practice; and professional responsibility.

Provider Responsibilities
1.2 Providers ensure that completers use research and evidence to develop an understanding of the teaching profession and use both to measure their P-12 students’ progress and their own professional practice.
1.3 Providers ensure that completers apply content and pedagogical knowledge as reflected in outcome assessments in response to standards of Specialized Professional Associations (SPA), the National Board for Professional Teaching Standards (NBPTS), states, or other accrediting bodies (e.g., National Association of Schools of Music – NASM).
1.4 Providers ensure that completers demonstrate skills and commitment that afford all P-12 students access to rigorous college- and career-ready standards (e.g., Next Generation Science Standards, National Career Readiness Certificate, Common Core State Standards).
1.5 Providers ensure that completers model and apply technology standards as they design, implement and assess learning experiences to engage students and improve learning; and enrich professional practice.
Standard 2: Clinical Partnerships and Practice

Partnerships for Clinical Preparation

Partners co-construct mutually beneficial P-12 school and community arrangements, including technology-based collaborations, for clinical preparation and share responsibility for continuous improvement of candidate preparation. Partnerships for clinical preparation can follow a range of forms, participants, and functions. They establish mutually agreeable expectations for candidate entry, preparation, and exit; ensure that theory and practice are linked; maintain coherence across clinical and academic components of preparation; and share accountability for candidate outcomes.

Clinical Educators

• Partners co-select, prepare, evaluate, support, and retain high-quality clinical educators, both provider- and school-based, who demonstrate a positive impact on candidates' development and P-12 student learning and development. In collaboration with their partners, providers use multiple indicators and appropriate technology-based applications to establish, maintain, and refine criteria for selection, professional development, performance evaluation, continuous improvement, and retention of clinical educators in all clinical placement settings.

Clinical Experiences

• The provider works with partners to design clinical experiences of sufficient depth, breadth, diversity, coherence, and duration to ensure that candidates demonstrate their developing effectiveness and positive impact on all students' learning and development. Clinical experiences, including technology-enhanced learning opportunities, are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates' development of the knowledge, skills, and professional dispositions, as delineated in Standard 1, that are associated with a positive impact on the learning and development of all P-12 students.

Standard 3: Candidate Quality, Recruitment, and Selectivity

Plan for Recruitment of Diverse Candidates who Meet Employment Needs

• The provider presents plans and goals to recruit and support completion of high-quality candidates from a broad range of backgrounds and diverse populations to accomplish their mission. The admitted pool of candidates reflects the diversity of America's P-12 students. The provider demonstrates efforts to know and
address community, state, national, regional, or local needs for hard-to-staff schools and shortage fields, currently, STEM, English-language learning, and students with disabilities.

**Admission Standards Indicate That Candidates Have High Academic Achievement And Ability**

- The provider sets admissions requirements, including CAEP minimum criteria or the state’s minimum criteria, whichever are higher, and gathers data to monitor applicants and the selected pool of candidates. The provider ensures that the average grade point average of its accepted cohort of candidates meets or exceeds the CAEP minimum of 3.0, and the group average performance on nationally normed ability/achievement assessments such as ACT, SAT, or GRE:
  - is in the top 50 percent from 2016-2017;
  - is in the top 40 percent of the distribution from 2018-2019; and
  - is in the top 33 percent of the distribution by 2020.

If any state can meet the CAEP standards, as specified above, by demonstrating a correspondence in scores between the state-normed assessments and nationally normed ability/achievement assessments, then educator preparation providers from that state will be able to utilize their state assessments until 2020. CAEP will work with states through this transition.

Over time, a program may develop a reliable, valid model that uses admissions criteria other than those stated in this standard. In this case, the admitted cohort group mean on these criteria must meet or exceed the standard that has been shown to positively correlate with measures of P-12 student learning and development.

The provider demonstrates that the standard for high academic achievement and ability is met through multiple evaluations and sources of evidence. The provider reports the mean and standard deviation for the group.

**[Board amendment adopted February 13, 2015]** CAEP will work with states and providers through this transition regarding nationally or state normed assessments. Alternative arrangements for meeting this standard (beyond the alternative stated above for "a reliable, valid model that uses admissions criteria other than those stated in this standard") will be approved only under special circumstances. The CAEP staff will report to the Board and the public annually on actions taken under this provision. In all cases, EPPs must demonstrate the quality of the admitted candidates.
Additional Selectivity Factors

- Educator preparation providers establish and monitor attributes and dispositions beyond academic ability that candidates must demonstrate at admissions and during the program. The provider selects criteria, describes the measures used and evidence of the reliability and validity of those measures, and reports data that show how the academic and non-academic factors predict candidate performance in the program and effective teaching.

Selectivity During Preparation

- The provider creates criteria for program progression and monitors candidates’ advancement from admissions through completion. All candidates demonstrate the ability to teach to college- and career-ready standards. Providers present multiple forms of evidence to indicate candidates’ developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in all of these domains.

Selection At Completion

- Before the provider recommends any completing candidate for licensure or certification, it documents that the candidate has reached a high standard for content knowledge in the fields where certification is sought and can teach effectively with positive impacts on P-12 student learning and development.

- Before the provider recommends any completing candidate for licensure or certification, it documents that the candidate understands the expectations of the profession, including codes of ethics, professional standards of practice, and relevant laws and policies. CAEP monitors the development of measures that assess candidates’ success and revises standards in light of new results.

Standard 4: Program Impact

Impact on P-12 Student Learning and Development

- Using multiple measures, the provider documents that all program completers contribute to an expected level of student-learning growth. Multiple measures shall include all available growth measures (including value-added measures, student-growth percentiles, and student learning and development objectives) required by the state for its teachers and available to educator preparation providers, other state-supported P-12
impact measures, and any other measures employed by the provider.

**Indicators of Teaching Effectiveness**

- The provider demonstrates, through structured and validated observation instruments and student surveys, that completers effectively apply the professional knowledge, skills, and dispositions that the preparation experiences were designed to achieve.

**Satisfaction of Employers**

4.3 The provider demonstrates, using measures that result in valid and reliable data and including employment milestones such as promotion and retention, that employers are satisfied with the completers’ preparation for their assigned responsibilities in working with P-12 students.

**Satisfaction of Completers**

4.4 The provider demonstrates, using measures that result in valid and reliable data, that program completers perceive their preparation as relevant to the responsibilities they confront on the job, and that the preparation was effective.

**Standard 5: Provider Quality Assurance and Continuous Improvement**

**Quality and Strategic Evaluation**

- The provider’s quality assurance system is comprised of multiple measures that can monitor candidate progress, completer achievements, and provider operational effectiveness. Evidence demonstrates that the provider satisfies all CAEP standards.

- The provider’s quality assurance system relies on relevant, verifiable, representative, cumulative and actionable measures, and produces empirical evidence that interpretations of data are valid and consistent.

**Continuous Improvement**

- The provider regularly and systematically assesses performance against its goals and relevant standards, tracks results over time, tests innovations and the effects of selection criteria on subsequent progress and completion, and uses results to improve program elements and processes.

- Measures of completer impact, including available outcome data on P-12 student growth, are summarized, externally benchmarked, analyzed, shared widely, and acted upon in decision-making related to programs, resource allocation, and future direction.

- The provider assures that appropriate stakeholders, including alumni, employers, practitioners, school and community partners, and others defined by the provider, are involved in program evaluation, improvement, and
identification of models of excellence.

**InTASC … Interstate Teacher Assessment and Support Consortium**

Standard 1: Learner Development

Standard 2: Learning Differences

Standard 3: Learning Environments

Standard 4: Content Knowledge

Standard 5: Application of Content

Standard 6: Assessment

Standard 7: Planning for Instruction

Standard 8: Instructional Strategies

Standard 9: Professional Learning and Ethical Practice

Standard 10: Leadership and Collaboration

**ISTE … International Society for Technology in Education**

Standard 1: Facilitate and inspire student learning and creativity
   a. Promote, support, and model creative and innovative thinking and inventiveness
   b. Engage students in … digital tools and resources
   c. Promote student reflection using collaborative tools …
   d. Model collaborative knowledge construction by engaging … students

Standard 2: Design and develop digital age learning experiences and assessments
   a. Design or adapt relevant learning experiences that incorporate digital tools and resources …
   b. Develop technology-enriched learning environments …
   c. Customize and personalize learning activities to address students’
d. Provide students with multiple and varied formative and summative assessments. Standard 3: Model digital age work and learning
   a. Demonstrate fluency in technology systems and transfer knowledge to new technologies
   b. Collaborate using digital tools
   c. Communicate using a variety of digital age media and formats
   d. Model and facilitate effective use of current and emerging digital tools

Standard 4: Promote and model digital citizenship and responsibility
   a. Advocate use of digital information and technology
   b. Address diverse needs of all learners using digital tools and resources
   c. Promote and model digital etiquette and responsible social interactions
   d. Develop and model cultural understanding and global awareness using digital age communication and collaboration tools

Standard 5: Engage in professional growth and leadership
   a. Participate in local and global learning and explore creative applications of technology
   b. Exhibit leadership by demonstrating a vision of technology infusion
   c. Evaluate and reflect on current research and professional practice
   d. Contribute to teaching profession and school and community

SBEC/TExES State Board of Educator Certification and Texas
   Domain I Understanding Individuals with Disabilities and Evaluating Their Needs
   Domain II Promoting Student Learning and Development
   Domain III Promoting Student Achievement in English Language Arts and Reading and in Mathematics
   Domain IV Foundations and Professional Roles and Responsibilities

Course Coordination with the Special Education EC-12 TExES Domains and Competencies
This course’s alignment with the State Board of Educator Certification Standards for Texas EC-12 Special Education teachers coincides with the College of Education's mission to provide candidates with a foundation for success in teaching and the COE's goal of academic excellence in candidate content knowledge.

Program Learning Outcomes:

CEC Council for Exceptional Children
   Standard 1: Learner Development & Individual Learning Differences

Key Elements
1.1 Beginning special education professionals understand how language, culture, and family background influence the learning of individuals with exceptionalities.
1.2 Beginning special education professionals use understanding of development and individual differences to respond to the needs of individuals with exceptionalities.

Standard 2: Learning Environments

Key Elements

2.1 Beginning special education professionals through collaboration with general educators and other colleagues create safe, inclusive, culturally responsive learning environments to engage individuals with exceptionalities in meaningful learning activities and social interactions.
2.2 Beginning special education professionals use motivational and instructional interventions to teach individuals with exceptionalities how to adapt to different environments.
2.3 Beginning special education professionals know how to intervene safely/appropriately with individuals with exceptionalities in crisis.

Standard 3: Curricular Content Knowledge

Key Elements

3.1 Beginning special education professionals understand the central concepts, structures of the discipline, and tools of inquiry of the content areas they teach, and can organize this knowledge, integrate cross-disciplinary skills, and develop meaningful learning progressions for individuals with exceptionalities.
3.2 Beginning special education professionals understand and use general and specialized content knowledge for teaching across curricular content areas to individualize learning for individuals with exceptionalities.
3.3 Beginning special education professionals modify general and specialized curricula to make them accessible to individuals with exceptionalities.

Standard 4: Assessment

Key Elements

4.1 Beginning special education professionals select and use technically sound formal and informal assessments that minimize bias.
4.2 Beginning special education professionals use knowledge of measurement principles and practices to interpret assessment results and guide educational decisions for individuals with exceptionalities.
4.3 Beginning special education professionals in
4.4 Beginning special education professionals engage individuals with exceptionalities to work toward quality learning and performance and provide feedback to guide them.

Standard 5: Instructional Planning & Strategies

Key Elements

Beginning special education professionals consider an individual’s abilities, interests, learning environments, and cultural and linguistic factors in the selection, development, and adaptation of learning experiences for individual with exceptionalities.

5.1 Beginning special education professionals use technologies to support instructional assessment, planning, and delivery for individuals with exceptionalities.

5.2 Beginning special education professionals are familiar with augmentative and alternative communication systems and a variety of assistive technologies to support the communication and learning of individuals with exceptionalities.

5.3 Beginning special education professionals use strategies to enhance language development and communication skills of individuals with exceptionalities.

5.4 Beginning special education professionals develop and implement a variety of education and transition plans for individuals with exceptionalities across a wide range of settings and different learning experiences in collaboration with individuals, families, and teams.

5.5 Beginning special education professionals teach to mastery and promote generalization of learning.

5.6 Beginning special education professionals teach cross-disciplinary knowledge and skills such as critical thinking and problem solving to individuals with exceptionalities.

Standard 6: Professional Learning & Ethical Practice

Key Elements

6.1 Beginning special education professionals use professional Ethical Principles and Professional Practice Standards to guide their practice.

6.2 Beginning special education professionals understand how foundational knowledge and current issues influence professional practice.

6.3 Beginning special education professionals understand that diversity is a part of families, cultures, and schools, and that complex human issues can interact with the delivery of special education services.
6.4 Beginning special education professionals understand the significance of lifelong learning and participate in professional activities and learning communities.

6.5 Beginning special education professionals advance the profession by engaging in activities such as advocacy and mentoring.

6.6 Beginning special education professionals provide guidance and direction to paraeducators, tutors, and volunteers.

**Standard 7: Collaboration**

**Key Elements**

7.1 Beginning special education professionals use the theory and elements of effective collaboration.

7.2 Beginning special education professionals serve as a collaborative resource to colleagues.

7.3 Beginning special education professionals use collaboration to promote the well-being of individuals with exceptionalities across a wide range of settings and collaborators.

**Student Learning Outcomes:**

This course is also designed to enable students to begin preparing for the TExES. In parentheses at the end of each of the following goals you will find reference to specific TExES standards. Additional information about the TExES can be obtained from the COE Assessment & Accountability Office. In addition study guides may be accessed at www.texas.nesinc.com.

1. Recognize and appreciate human diversity and examine your own beliefs and attitudes related to individuals with disabilities (Domain I, Understanding Individuals with Disabilities and Evaluating Their Needs, Standard IV, Standard V)

2. Identify the types, characteristics, and etiology of learning disabilities, mental retardation, emotional disturbance, communication disorders, hearing impairments, visual impairments, physical disabilities, health impairments, and giftedness. (Domain I, Understanding Individuals with Disabilities and Evaluating Their Needs, Standard IV, Standard V)

3. Identify the effects of the above impairments on normal cognitive, social, motor, language, and affective development. (Domain II, Promoting Student Learning and Development, Standard VII)

4. Identify major individuals and concepts in the development of special education (Domain IV, Foundations and Professional Roles and Responsibilities, Standard I)
5. Understand the Individuals with Disabilities Education Act and other federal laws that affect persons with disabilities (Domain IV Foundations and Professional Roles and Responsibilities, Standard I, Standard II,

6. Identify appropriate assessment procedures, instructional arrangements, programming options and curricular modifications for students with exceptionalities. (Domain I, Understanding Individuals with Disabilities and Evaluating Their Needs, Standard V)

II. COURSE ASSIGNMENTS, ACTIVITIES, INSTRUCTIONAL STRATEGIES, USE OF TECHNOLOGY

**Quizzes:** Quizzes will include 10 multiple choice and true/false questions. These questions will be derived from the required readings. Please be aware that you are responsible for all of the material in the chapters and module pages. The quizzes will be administered on-line. Each quiz will be due on the Sunday of the week assigned. You will see a recommended **14 minutes** to take each quiz, but in this course, there will be no time limit. You may **take each quiz two times. Your score will be the highest score.** The questions will be similar, but different on each attempt. Be forewarned, you will want to take the quizzes in a place with strong internet access. Dial-up, satellite, or wireless can sometimes freeze and cause you to lose time during testing. Missed quizzes cannot be made up without documentation of a medical emergency and will result in a grade of zero unless medical documentation proof is presented to the professor.

**Dropbox Disability Perspectives Assignment:** Each student will imagine themselves in the perspective of a person with a disability. Students will complete an assignment that will guide the student to think about how a disability may affect various aspects of a person’s life and how they may be perceived by others. Students will submit this assignment through the Dropbox on D2L.

**Late Assignments:** Late assignments will not be accepted without medical emergency proof documentation showing dates of illness that correspond with an assignment due date.

**Optional Disability Guide Assignments:** Each student may complete a series of disability guides in which they answer a series of questions about the most common characteristics of each disorder. These will not be graded, but will help you study as you read. **For Special Education majors, these guides will prove useful to you as you study for your TExES 161 certification content exam and are highly recommended.**

**Discussions:** Attendance and participation will be required through discussions. These will occur throughout the semester. You will participate in ten discussions within a group of your peers.
First you will be asked to complete an independent activity. Then you will post a discussion board message and respond to at least two peers’ posted messages. You will not be able to see peers’ messages until after you have posted on the board. You must thoroughly answer the questions for each discussion to earn points. Discussions will close on the Sunday of each week assigned. Missed discussions cannot be made up without documentation of a medical emergency and will result in a grade of zero unless medical documentation proof is presented to the professor.

Final Exam: You will take a final exam during final exams week. The exam will be administered online using the D2L quiz tool. It will include 25 questions. The exam will cover content from the entire semester, however the content will be restricted to IDEA disability definitions, the six principles of IDEA, and IEP components. You will have 90 recommended minutes to complete the exam. You may take the exam only one time. The exam will open on Monday of Final Exam week and close at 5PM on Friday of Final Exam week. No late Final Exams will be accepted.

If you experience technical difficulties during a quiz or assignment in Desire 2 Learn:

If you experience a technical problem during a quiz attempt, you must notify the professor of the problem prior to the last class day. If the problem can be verified using the quiz log (that shows quiz entry time as well as the time that each question answer is saved), then the attempt can be reset. If you are having difficulty logging into D2L and cannot take the quiz online, then you must schedule a time to take the quiz in person prior to the last class day.

If you have difficulty completing or uploading an assignment, you must email your assignment to your course instructor before the deadline.

Extra Credit: A fluency-based vocabulary quiz will be available to earn extra credit. This quiz will require you to answer multiple-choice questions concerning terms and definitions. There will be 30 questions on this quiz. You may earn 5 points of extra credit if you answer at least 27 of the questions correctly. Scores below 27 correct will not earn extra credit. This quiz can be taken twice and your score of 27 or more earns the 5 bonus points. Your extra credit will be determined using your highest quiz score.

III. EVALUATION & ASSESSMENTS (Grading):

13 Quizzes X 10 pts each = 130pts
10 Discussions X 2pts each = 20 pts
1 Disability Project Paper X 25 = 25pts
1 Exam (Final Exam) X 25pts = 25pts

**Total Possible = 200 points**
Grades determined using the following scale:
A= 90% of all possible points
B= 80% of all possible points
C= 70% of all possible points
D= 60% of all possible points
F = 59% (or less than) of all possible points

I. TENTATIVE COURSE OUTLINE/CALENDAR: Follow the Timeline Closely. Feel free to work ahead in the course as it is open all the way for you to be able to meet your successful conclusion on time.

COURSE EVALUATION:

Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:

1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

Additional Information Specific to Educator Preparation:

Code of Ethics for the Texas Educator:
The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public
trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification. Please go to TAC 247.2 – Code of Ethics and Standard Practices for Texas Educators. This can be found at https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC?tac_view=4&ti=19&pt=7&ch=247&rl=Y.

To complete Certification/Licensing Requirements in Texas related to public education, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person’s potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

You are eligible to request a Preliminary Criminal History Evaluation if:

• You enrolled or are planning to enroll in an educator preparation program or
• You are planning to take a certification exam for initial educator certification, and
• You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation. Additional information can be found at: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.
2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at http://www.tx.nesinc.com/PageView.aspx?f=GEN_Tests.html. YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

4. For further information concerning this matter, contact the Office of Assessment and Accountability at 936-468-1282 or edprep@sfasu.edu.

IX. Other Relevant Course Information

Late Submission Policy and Make-up Exams:
All assignments must be turned in on or before the due date to receive full credit. Late assignments may not be accepted or will be docked points. Make-up exams will be administered only in extreme circumstances and reasons for missing an exam should be documented. Students should contact me in advance of missing an exam.

Syllabus Disclaimer:
While the provisions of this syllabus are as accurate and complete as possible, the instructor reserves the right to change any provision herein with notice if circumstances so warrant. Every effort will be made to keep students advised of such changes and information about such changes will be posted inside the course in D2L as a News Item for the course. It is the responsibility of each student to know what changes, if any, have been made to the provisions for this syllabus and to successfully complete the requirements for this course. Questions regarding information on the syllabus and course requirements need to be addressed by students when the syllabus is received.
