Class Syllabus/Policy  
**MATH 3365 section 1: Linear Algebra, Summer II 2023**

**Name:** Clint Richardson  
**Email:** crichardson@sfasu.edu  
**Phone:** Office—936-468-1736  
**Office:** Bush Mathematical Sciences Building, room 306  
**Office Hours:** MTWR 9–10 am  
**Department:** Mathematics and Statistics  
**Class meeting time/place:** (varies)

This form contains course information specific to this section; information common to all sections—including course description, the various applicable objectives/learning outcomes, course calendar/outline, and applicable SFA policies can be found at [http://www2.sfasu.edu/math/docs/syllabi/MATH3365Syllabus.pdf](http://www2.sfasu.edu/math/docs/syllabi/MATH3365Syllabus.pdf).

**Text and Materials:** Course materials will be provided.

**Course Requirements:** Students will be expected to come to class prepared—most notably, to have made a serious attempt at the problems for discussion. Assessments will consist of homework, daily in-class participation, and exams, though other types of assessments may be added at the instructor’s discretion. The final exam will be comprehensive and is scheduled for Th, 3 Aug, (time TBD).

**Grading Policy:** Grades will be based on the total points accumulated on assessments. If you miss a regularly scheduled quiz/exam, the next grade of the same type will count double.

*Academic dishonesty:* Should questions of academic dishonesty arise, I reserve the right to assess student understanding via an oral exam; penalties can range from a warning to a failing grade for the course, depending on severity or repetition.

*Extra credit:* There will be no extra credit (other than, perhaps, bonus questions on exams).

**Attendance Policy:** Attendance is expected and roll will be checked every day. Students who miss no more than three class days may receive special consideration in determining their grade.
