The purpose of this course is to provide students with an introduction to the visual arts. The course will explore definitions of art, examine how and why artists and cultures create art, and study various theories related to the criticism of art. Students will study formal components of art by examining art elements and design principles of two and three dimensional art works. Students will learn about basic processes and tools used in various art disciplines. Students will explore major movements of art and cultures in art history.

This is a highly visual course, in which we will examine and discuss many works of art. We will be looking at, and analyzing, many images in order to gain an understanding of their form and content.

This course may include instructional time that is delivered asynchronously. Examples of asynchronous instruction may include (but are not limited to): Written content, video content, discussions, case studies, synthesis exercises, reflection activities, peer review, and skills practice.

All information outlined in this syllabus is subject to change. Students will be informed of any changes.

NOTE: We will have to be flexible. These are very mutable times, and we will change things as needed. Semper Gumby.

**General Education Core Curriculum**

The Texas Higher Education Coordinating Board has identified six core learning objectives: Critical Thinking Skills, Communication Skills, Empirical and Quantitative Skills, Teamwork, Personal Responsibility, and Social Responsibility. SFA is committed to the improvement of its general education core curriculum by regular assessment of student performance on these six objectives.

By enrolling in ARTS 1301 you are also enrolling in a Core Curriculum Course that fulfills the Written Communication requirement. You may see this course on your D2L list. At one point during the semester, you may receive an assignment that fulfills both the requirements of this course and the needs of Stephen F. Austin State University’s Core Curriculum Assessment Plan with the Texas Higher Education Coordinating Board. When you complete this one assignment, you need to upload the assignment to both your standard course dropbox determined by your Instructor and the “Core Curriculum” dropbox. The Core Curriculum dropbox will be identified by the Objective for which work is being collected. (Examples: Critical Thinking, Teamwork, Social Responsibility Empirical & Quantitative Skills, Personal Responsibility, Communication Skills-Written, Communication Skills-Written & Visual, and Communication Skills- Oral & Visual.) Please note that this only applies to the approved assignment. All other assignments should be submitted according to regular class operations. If you have any questions, please see your Instructor or the Office of Student Learning and Institutional Assessment.

If required, when you complete the assignment mentioned above, you will upload the assignment to both the ARTs 1301 dropbox on D2L and the Written Communication dropbox.

**NOTE:** The Written Communication dropbox entry is not required every semester. Check with your instructor for clarification when the time to submit the assignment approaches.

Please note that this only applies to the specific assignment listed in the matrix below. All other assignments should be submitted according to regular class operations.

If you have any questions, please see your instructor or contact the Institutional Effectiveness Office at (936) 468-1130.

The chart below indicates the core objectives addressed by this course, the assignment(s) that will be used to assess the objectives in this course and uploaded to the D2L Written Communication dropdown this semester, and the date the assignment(s) should be uploaded to the D2L Written Communication dropbox. Not every assignment will be submitted for core assessment every semester. Your instructor will notify you which assignment(s) must be submitted for assessment in the D2L Written Communication dropbox.

**Other Assignments:** The Instructor may assign projects at his discretion.

**Evaluations and Grades:**

**Grade Scale:** A=90 to 100, B= 80 to 89, C= 70 to 79, D=60 to 69, F= below.

ALL ASSIGNMENTS AND TESTS ARE WEIGHTED EQUALLY. Any exceptions to this policy will be announced in class.

**Final Grade Policy:** A correctly recorded final grade will not be changed for any reason.

**Missed tests/Late work:** If a student misses a test due to an instructor-excused absence, an average of all other tests will be assigned in its place. Students missing more than one test will be assessed a zero for those other missed tests. In the case of University-excused absences resulting in a missed grade, the instructor may assign a comparable project or test. **Late work will not be accepted for any reason.** At the instructor’s discretion, some zero
grades may be replaced by a grade determined by averaging grades from similar projects, tests, or other work. If a student misses the final, he or she will receive a “zero” for that exam.

Since we will be viewing images that may not be in the text, attendance is very important to understanding the material covered. If a student misses a class, he or she should get the missed information from another student. It is a good idea to exchange phone numbers or email addresses with someone in the class.

**Extra Credit work:** Work for extra credit will not be accepted. No extra credit will be awarded for any reason.

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average.
