**Instructor:** Ashley McMasters  
**Office:** EDAN 115  
**Credits:** 1  
**Email:** mcmastera@jacks.sfasu.edu  
**Course Time:** Thurs 12:30-1:45pm  
**Location:** EDAN 112  
**Office Hours:** M 12pm-1pm, Tues & Thurs 2pm-3pm

**Prerequisites:** KINE 1200, KINE 3330, KINE 3340

I. **Course Description:** KINE 3153L “Physiology of Exercise Lab” (1 credit) meets once each week in 75-minute segments for 15 weeks. Students have significant weekly reading assignments, are expected to take regular reading quizzes, and are required to analyze lab results and prepare lab reports each week. These activities average at a minimum 2 hours of work each week to adequately prepare outside of classroom hours.

II. **Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes):**

This course links with SFA Initiative #4: Develop a learner-centered environment.
This course links with SFA’s COE Goal and Initiative #2: Prepare educators and industry professionals. This course links with SFA Initiative #5: Create new learning opportunities through additional interdisciplinary, international, service learning, and civic engagement experiences.
This course links with SFA’s COE Goal and Initiative #2: Prepare educators and industry professionals.

**Program Learning Outcomes:**

1. The Physical education candidate will demonstrate an understanding of common and specialized content, and scientific and theoretical foundations for the delivery of an effective preK-12 physical education program.
2. The Physical education candidate will be a physically literate individual who can demonstrate skillful performance in physical education content areas and health-enhancing levels of fitness.
3. The Physical education candidate will apply content and foundational knowledge to plan and implement developmentally appropriate learning experiences aligned with local, state and/or SHAPE America’s National Standards and Grade-Level Outcomes for K-12 Physical Education through the effective use of resources, accommodations and/or modifications, technology and metacognitive strategies to address the diverse needs of all students.
4. The Physical education candidate will engage students in meaningful learning experiences through effective use of pedagogical skills. They will use communication, feedback, technology, and instructional and managerial skills to enhance student learning.
5. The Physical education candidate will select and implement appropriate assessments to monitor students’ progress and guide decision making related to instruction and learning.
6. The Physical education candidate will demonstrate behaviors essential to becoming effective professionals. They will exhibit professional ethics and culturally competent practices; seek opportunities for continued professional development; and demonstrate knowledge of promotion/advocacy strategies for physical education and expanded physical activity opportunities that support the development of physically literate individuals.

**Student Learning Outcomes:**

- Student will demonstrate understanding of the biochemical cost of using and producing energy (ATP) with respect to rest and various intensities of exercise and metabolic adaptations to various forms of training. (PLO 3)
- Student will be able to explain the physiology and function of muscle, adaptations to various forms of training and practical field tests to evaluate individual status. (PLO 1&2)
• Student will be able to identify major components of cardiorespiratory system (i.e. heart) and explain its adaptations to various forms of training and practical field tests to evaluate individual status. (PLO 4)
• Student will be able to explain how body composition is estimated, its relationship to performance and be able to perform practical field tests to evaluate individual’s status and training methods (PLO 2)

III. Labs: Cognitive evaluation will consist of 13 laboratory assignments and 11 quizzes (120 pts total). Some labs will require physical activity; you will have to dress appropriately (i.e. sneakers and athletic clothing). All students are expected to participate. Labs will be due at the start of class.

IV. Quizzes: At the start of class, 1-5 question quizzes will be given over the lab that will be done that day. Approximately 7 minutes will be given to complete the quiz. Students are expected to have read the information about the lab prior to the quiz. If a student comes in after the 7 minutes, they will earn a 0 for the quiz that day.

Make Up Labs/Quizzes – If missing a lab, prior arrangements must be made in critical cases. If a student is absent on lab day, he/she will earn a zero. You may not turn in a lab you were not present for.

V. Evaluation & Assessments: Each lab is worth a total of 5pts, while each quiz will be worth 5pts. The 13 lab assignments and 11 quizzes will combine to form 120 total points. An average of your scores will then be calculated from the 120 available points. Participation is REQUIRED and is part of your grade per week. Failure to be an active participant may cause a student to lose points.

VI. Grades: Total points =120
   Labs: 13 Labs worth 5 points each = 65 Points
   Quizzes: 11 Quizzes worth 5 points each = 55 points
   A= 120-108
   B= 107-96
   C= 95-84
   D= 83-72
   F= 71-0

VIII. **Cell Phones and Laptops:** The use of cell phones and Laptops for anything other than taking notes or calculating formulas is strictly prohibited and may cause a student to lose points.

**WEEKLY LAB OBJECTIVES**

1. To introduce course, cover syllabus. To discuss units of measure. To introduce abstract writing.  
   To gain experience administering MSC strength assessments. To estimate 1RM.
2. To examine the individual fuel utilization during each stage of the Bruce protocol.
3. To observe and discuss the process of excess post-exercise oxygen consumption.
4. To observe and evaluate the absolute and relative responses of oxygen consumption (VO2) during 2 graded exercise tests. To compare the results of these exercise tests with each other.
5. To assess and evaluate anaerobic power of the subject.
6. To evaluate the HR response during and in recovery from exercise. To practice the palpation of resting, exercise, and recovery HR.
7. To practice taking blood pressure readings. To discuss methods and terminology.
8. To perform several different body composition tests. To discuss the differences between each test. To learn to properly measure height and weight.
9. Review previous lab assignments, Q&A session
10. To discuss blood flow through the heart. To examine anatomical aspects of the heart. To discuss cardiovascular terminology.
11. To perform an exercising electrocardiogram. To discuss ECG methods and terminology.

IX. **Readings:** Students will be required to read the lab prior to class, however no text is required, but it is strongly recommended to bring your lecture textbook. **All labs are to be turned in on Lab Sheets;** they will NOT be accepted on notebook paper. All labs will be available to print off of D2L prior to meeting.

X. **Course Evaluations:**

"Near the conclusion of each semester, students in the College of Education electronically evaluate courses taken within the COE. Evaluation data is used for a variety of important purposes including: 1. Course and program improvement, planning, and accreditation; 2. Instruction evaluation purposes; and 3. Making decisions on faculty tenure, promotion, pay, and retention. As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the COE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical! In the College of Education, the course evaluation process has been simplified and is
completed electronically through MySFA. Although the instructor will be able to view the
names of students who complete the survey, all ratings and comments are confidential
and anonymous, and will not be available to the instructor until after final grades are
posted.

XI. Student Ethics and Other Policy Information:

I. Student Ethics and Other Policy Information:

Institutional Absences (HOP 04-110)

- An Institutional Absence may be granted to a student who participates as a representative of the
  University in academic (including research), extra- or cocurricular, or athletic activities. Students
  will be excused for institutional purposes from otherwise required academic activity only when a
  valid Institutional Absence is approved by the appropriate administrative unit or official and the
documentation of approval is provided to the faculty member at least five (5) days in advance.

Institutional absences will not be approved for keystone events, defined as: a special or unique
assignment, test, project, experience, or other academic exercise identified by the Faculty member as
critical for successful completion of standards of the class and unable to be missed. These events must
be identified on the syllabus at the beginning of the semester and communicated to the students.
Events added to the syllabus at a later date will not qualify for Keystone Event status. Keystone Events
where the date/time is changed will no longer be considered a Keystone Event. Students should make
themselves aware of any Keystone Events identified in the syllabus to ensure there are no conflicts.

For keystone events where the assignment dates vary, it is incumbent upon the students to work with
their faculty member to not select a conflicting date.

More information on Institutional Absences, including how to apply, can be found
at https://www.sfasu.edu/deanofstudents/student-resources/institutional-absences.

Code of Student Conduct and Academic Integrity

- The Code of Student Conduct and Academic Integrity (HOP 04-106) outlines the prohibited conduct by
  any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and
  students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the
violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and
misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other
assignment) of another student, (2) Possession and/or use during a test of materials that are not
authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the
whole or any part of a non-administered test, test key, homework solution, or computer program, or
using a test that has been administered in prior classes or semesters without permission of the Faculty
member, (4) Substituting for another person, or permitting another person to substitute for one's self,
to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work
offered for credit, (6) Using any sort of unauthorized resources or technology in completion of
educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or
the use of one's own previous work in another context without citing that it was used previously,
without any indication of the original source, including words, ideas, illustrations, structure, computer
code, and other expression or media, and presenting that material as one's own academic work being
offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments
offered for credit or collaboration with another person to commit a violation of any provision of the rules
on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an
effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of
obtaining an academic or financial benefit for oneself or another individual or to injure another student
academically or financially. For additional information, go to https://www.sfasu.edu/docs/hops/04-
106.pdf.
**Withheld Grades Semester Grades Policy (HOP policy 02-206)**

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to [https://www.sfasu.edu/docs/hops/02-206.pdf](https://www.sfasu.edu/docs/hops/02-206.pdf).

- **Students with Disabilities**
  
  To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to [http://www.sfasu.edu/disabilityservices/](http://www.sfasu.edu/disabilityservices/).

- **Student Wellness and Well-Being**
  
  SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

  If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.

  **Other important course-related policies:**
  
  ***Other SFA policy information is found in the Handbook of Operating Procedures (HOP)***

Additional Information:

Code of Ethics for the Texas Educator:

The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person’s potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

   A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification.

   You are eligible to request a Preliminary Criminal History Evaluation if:

   • You enrolled or planning to enroll in an educator preparation program or
   • You are planning to take a certification exam for initial educator certification, and
   • You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

   You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

   In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation.

   Additional information can be found at https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at www.texas.ets.org/registrationBulletin/<http://www.texas.ets.org/registrationBulletin/>). YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensing requirements in Texas. If you do not have legal documentation, you may want
to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information concerning this matter, contact Katie Snyder Martin at 936-468-1740 or snyderke1@sfasu.edu.

Mental Health Statement:

SFASU values students' mental health and the role it plays in academic and overall student success. SFA provides a variety of resources to support students mental health and wellness. Many of these resources are free, and all of them are confidential.
