In this class, the student will explore both pedagogical and orchestral repertoire, to gain a broader understanding of the repertoire available for the instrument.

The student will meet with the teacher privately once a week, for a ½ hour session. Students are expected to prepare for 1 hour at least 6 days a week over the 15 week semester, in preparation for this class.

Each week, the student will prepare:

1. An excerpt from selected orchestral repertoire  
2. The student will create exercises for the excerpt assigned

The exercises should be thoughtful and should have pedagogical approach. They should be notated using MuseScore program. They should be fingered and bowed, and instructions should be give as how they should be practiced.
