School of Human Sciences  
AVSC-1102 Private Pilot Flight Lab II  
Summer 2024

Instructor: Jack Gainer
Office: A.L. Mangham Jr. Regional Airport
Office Phone: 936-468-4033
Other Contact Information: 717-279-1019
Prerequisites: AVSC-1100, AVSC-1102

Course Time & Location: TBD 1-1
Office Hours: T/Th 0800-1000
Credits: 1
Email: John.Gainer@SFASU.edu
Co-Requisite: AVSC-1202

I. Course Description:
Private Pilot Flight Lab I is a perquisite for this course. Private Pilot Flight Lab II is part two of two parts covering those Federal Aviation Administration requirements for the aeronautical experience outlined in 14CFR §61, 14CFR §141 and FAA Airman Certification Standards. Private Pilot Flight Lab II will develop the student’s ability to perform Short-Field and Soft-Field takeoffs and landings, Cross Country flight, flight in the Night Environment and prepare for the FAA Private Pilot Practical Exam in accordance with the FAA Airman Certification Standards. In addition the student will strengthen the basic flying skills learned in Private Pilot Flight Lab I.

Course Credit Justification: AVSC “Private Pilot Flight Lab 1” (1 credit). This course is typically taught two days per week for 240 minutes which includes 22 flight hours for 15 weeks. Students complete significant out of class readings and weekly exercises which equals 2 hours per training day of self-study and preparation.

II. Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes):
The mission of the College of Education is to prepare competent, successful, caring, and enthusiastic professionals dedicated to responsible service, leadership, social justice and continued professional and intellectual development in an interconnected global society.

In the College of Education at Stephen F. Austin State University, we value and are committed to:
1. Academic excellence through critical, reflective and creative thinking
2. Life-long learning
3. Collaboration and shared decision making
4. Openness to new ideas, culturally diverse people and innovation and change
5. Integrity, responsibility, diligence, and ethical behavior, and
6. Service that enriches the community

This course relates to the College of Education’s Conceptual Framework (CF) and/or Vision, Mission, Goals, and Core Values (VMGV).

Program Learning Outcomes:
1. Complete Certificates and Ratings for a career as a professional pilot in the Aviation Industry
2. Meet eligibility requirements outlined in the Federal Aviation Regulations: 14CFR §61, 14CFR §141 and FAA Airman Certification Standards

Student Learning Outcomes:
Upon successful completion of this course, the student will:
1. Demonstrate familiarity with the Federal Aviation Regulations as they pertain to the Private Pilot.
2. Demonstrate Preflight, Taxiing and Pre-Takeoff tasks.
3. The student will demonstrate Short-Field Landings.
4. The student will demonstrate Soft-Field Landings.
5. The student will demonstrate use of Navigation Systems.
6. The student will demonstrate proper Radio Communications at Towered and Non-towered Airports.
7. The student will demonstrate accurate Cross Country planning and execution.
8. The student will demonstrate flight in the Night Environment.

III. Lab Assignments, Activities, Instructional Strategies, Use of Technology:
1. Successfully complete the Initial Cross Country Solo Flight requirements in accordance with Federal Aviation Regulations and the TCO Stage 1 Stage Check Flight
2. Complete the requirements in the Approved TCO regardless of completion under 14CFR §61 requirements or 14CFR §141
3. Complete all necessary flight and ground training in preparation for the FAA Private Pilot Practical Exam
4. Students must complete a minimum of 35 contact flight hours (Flight and Ground)
5. Attendance: Students are expected to attend class regularly. Greater than 3 unexcused absences will result in a failing grade. Federal Guidance is used for minimum contact hours for each Airman Certificate or Rating course. These minimum contact hours cannot be achieved if more than 3 scheduled class sessions have been recorded as absent. Absences determined to be excused by the course Instructor may be ‘made-up’ in a manner determined by the Instructor.

IV. Evaluation & Assessments (Grading):
Students must successfully complete the Initial Solo Flight requirements in accordance with Federal Aviation Regulations and the TCO Stage 1 Stage Check Flight, complete the requirements in the Approved TCO regardless of completion under 14CFR §61 requirements or 14CFR §141 and complete a total of 22 contact flight hours.

This Flight Lab is graded on a PASS/FAIL basis determined by Flight Skill Lesson Completion Standards found in the TCO. In addition, attendance is used in the determination of the final grade.

Final grade will be determined by cumulative performance standards deviances as follows:
- Unable to meet Minimum Completion Standards during a Mandated/Graded Progress Check
- Unable to meet Minimum Knowledge Standards for the Stage Check Exam
- Unable to meet Minimum Skills Standards for the Stage Check Flight
- Failure to maintain Schedule Attendance policy (No-Show)

A Passing grade cannot be recorded if a student accumulates greater than 3 standards deviances.

Note: a Progress Check will become mandated and gradable when a Flight Skills Lesson has been unsuccessfully attempted three times.

VI. Course Textbooks (Purchase required):

Federal Aviation Regulations/Aeronautical Information Manual (FAR/AIM)
VII. Course Evaluations:

Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:
1. Course and program improvement, planning, and accreditation;
2. Instruction evaluation purposes; and
3. Making decisions on faculty tenure, promotion, pay, and retention.

As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VIII. Student Ethics and Policy

Institutional Absences *(HOP 04-110)*

An Institutional Absence may be granted to a student who participates as a representative of the University in academic (including research), extra- or cocurricular, or athletic activities. Students will be excused for institutional purposes from otherwise required academic activity only when a valid Institutional Absence is approved by the appropriate administrative unit or official and the documentation of approval is provided to the faculty member at least five (5) days in advance.

Institutional absences will not be approved for keystone events, defined as: a special or unique assignment, test, project, experience, or other academic exercise identified by the Faculty member as critical for successful completion of standards of the class and unable to be missed. These events must be identified on the syllabus at the beginning of the semester and communicated to the students. Events added to the syllabus at a later date will not qualify for
Keystone Event status. Keystone Events where the date/time is changed will no longer be considered a Keystone Event. Students should make themselves aware of any Keystone Events identified in the syllabus to ensure there are no conflicts.

For keystone events where the assignment dates vary, it is incumbent upon the students to work with their faculty member to not select a conflicting date.

More information on Institutional Absences, including how to apply, can be found at https://www.sfasu.edu/deanofstudents/student-resources/institutional-absences.

**Code of Student Conduct and Academic Integrity**

The Code of Student Conduct and Academic Integrity ([HOP 04-106](https://www.sfasu.edu/docs/hops/04-106.pdf)) outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words, ideas, illustrations, structure, computer code, and other expression or media, and presenting that material as one’s own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially. For additional information, go to https://www.sfasu.edu/docs/hops/04-106.pdf.

**Withheld Grades Semester Grades Policy ([HOP policy 02-206](https://www.sfasu.edu/docs/hops/02-206.pdf))**

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete
the coursework because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to https://www.sfasu.edu/docs/hops/02-206.pdf.

Students with Disabilities
To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

Student wishing to pursue the Aviation Courses and Flight Labs directly related to the award of a Federal Aviation Administration (FAA) Pilot Certificate or Rating must first obtain an appropriate FAA Medical Certificate through an FAA approved Aviation Medical Examiner. It is not lawful for Aviation Students to be awarded disability accommodations that are not acceptable by or, in conflict with the Federal Aviation Administration’s guidelines. Should a student have any disabilities that require such accommodations, it is the student’s sole responsibility to obtain an unrestricted First Class Medical Certificate through the FAA’s Statement of Demonstrated Ability (SODA). Please refer to the FAA SODA Guidelines found at https://www.faa.gov/about/office_org/headquarters_offices/avs/offices/aam/ame/guide/app_process/general/appeals/soda/

For information on how to obtain an FAA Medical Certificate and a list of AMEs please go to https://www.faa.gov/licenses_certificates/medical_certification/get/

Student Wellness and Well-Being
SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.

Other important course-related policies:
***Other SFA policy information is found in the Handbook of Operating Procedures (HOP)

XI. Other Relevant Course Information:

This course is derived from a Federal Aviation Administration Approved Training Course Outline as described in 14CFR §141.55. The course must be delivered in a manner acceptable to The Administrator by a certificated Ground or Flight Instructor who has been standardized by The Designated Chief Instructor. Specific federal and course guidelines have been highlighted and must be adhered to in order to receive a Graduation Certificate under the guidance found in 14CFR §141.95.

- Student wishing to pursue the Aviation Courses and Flight Labs directly related to the award of a Federal Aviation Administration (FAA) Pilot Certificate or Rating must first obtain an appropriate FAA Medical Certificate through an FAA approved Aviation Medical Examiner. It is not lawful for Aviation Students to be awarded disability accommodations that are not acceptable by or, in conflict with the Federal Aviation Administration’s guidelines. Should a student have any disabilities that require such accommodations, it is the student’s sole responsibility to obtain an unrestricted First Class Medical Certificate through the FAA’s Statement of Demonstrated Ability (SODA). Please refer to the FAA SODA Guidelines found at https://www.faa.gov/about/office_org/headquarters_offices/avs/offices/aam/ame/guide/app_process/general/appeals/soda/

Acceptable Student Behavior
Stephen F. Austin State University Aviation students are required to understand, acknowledge and abide by the Flight Training Provider’s Code of Conduct policies. These policies focus on Safety First, Security, Incident/Accident Prevention, Professional Conduct and, the use of illegal drugs and alcohol. SFASU Aviation Students will be subjected to drug and alcohol screenings as directed by the Chief Instructor Pilot.

Acceptable behavior also includes how you interact with your fellow students in class discussions, online discussion forums, and any group work. Language used should always be professional. While you are encouraged to share personal experiences as examples for synthesizing class information, it will never be required of you to disclose information that makes you uncomfortable. When disagreeing with other students in the class, please be professional and refrain from profanity, personal attacks, and slurs.

The indented career employment goal for the Stephen F. Austin State University Aviation Sciences Degree is the achievement of the FAA Airline Transport Pilot Certificate. Therefore, it is appropriate for students participating in the pursuit of any pilot certificate to adhere to those standards found in 14CFR §61.153:
§61.153 Eligibility requirements: General.

To be eligible for an airline transport pilot certificate, a person must:
(a) Meet specific age requirements as outlined
(b) Be able to read, speak, write, and understand the English language.
(c) Be of good moral character

Class participation

Class participation promotes a valuable learning environment, and is therefore encouraged and expected. Participation includes asking questions (for clarification or better understanding), discussing current or controversial issues related to course content, exploring applications of ideas or concepts, problem solving, and other exchanges of ideas. It is the student’s responsibility (and to his/her benefit) to read the material assigned in the class schedule prior to the assignment to be able to participate effectively in discussion postings and/or activities. Students are encouraged to collaborate with others in the class when studying and/or reviewing material via chat, student-created discussion board postings, in person, or other methods by which they will be successful.

Proof of Citizenship

Students enrolled in Flight Labs or Ground Courses associated with the pursuit of an Airman Certificate or Rating must provide proof of US Citizenship under Federal Law.
Valid Government Issued Photo ID or US Passport
US Born Birth Certificate or US Passport
Naturalization Certificate or US Passport
