I. Course Description

**Graduate Bulletin Description:** Students are taught to transcribe and read contracted literary Unified English braille code and Nemeth code. They also are taught to use the slate and stylus. The course culminates with the administration of the Braille Proficiency Test, which the student must complete in order to receive permission to take TExES braille exam (TExES 283).

**PURPOSE:**
This course, SPED 5317.642 Communication Skills for Persons with Visual Impairments: Producing Unified English Braille and Nemeth Code (3 credit hours), provides students with basic knowledge and skills on how to read, proofread, and produce the Unified English Braille (UEB) Code and the Nemeth Code. These knowledge and skills are part of the essential skills included in the job requirements of a Teacher of Students with Visual Impairments (TSVI). Students will learn how to read and produce braille electronically and manually. Students will learn how to use a Perkins Braillewriter and a slate and stylus. The course final will be reflective of a level of proficiency to pass the state of Texas braille exam or any similar state or national braille proficiency exam.

This course supports the mission of the SFASU-PCOE Visual Impairment Preparation (VIP) concentration, which states that completers of the TSVI preparation concentration will be practically and pragmatically prepared to meet the educational needs of persons with visual impairments in Texas and across the United States. We believe that completers of our concentration will be effectively equipped to effectively deliver instructional services that provide opportunities for students with visual impairments to be more independent, to lead more meaningful lives, and to participate more fully in society at large.

**CONTACT and CREDIT HOURS:** This course spans 12 weeks (summer course). The course contains extensive reading, print writing, and braille production content that includes the same information received by students in a face-to-face Unified English Braille Code course. Students are required to engage with the online modules for at least six (6) hours per week, along with attending ZOOM meeting times for a minimum of two (2) hours each week. The primary textbook contains readings, print writing, and braille production activities that are the basis of the course content. Additional multimedia information, including instructional videos, modeling opportunities, pictures, PowerPoint presentations, and question-and-answer sessions in real-time are used to clarify and support delivery of key UEB code concepts. The beginning module will guide you through an introduction of a visual impairment-specific evaluation called the Learning Media Assessment (LMA). Each of the 13 course modules contains short practice activities in both braille reading and production. In addition,
students are required complete a module test for each of the 13 modules in the course that covers braille reading, production, and correction. These modules include reading and producing Nemeth code and an introduction to producing braille using a slate and stylus. The course also contains a midterm and comprehensive final that includes all information taught in the UEB code course, including braille reading, production, interlining, proofreading, formatting and slate and stylus, along with Nemeth code reading and production. The comprehensive final is used to prepare students for successful completion of the TExES 283 UEB exam, which is one of two visual impairment-related state exams required for certification as a TSVI. For every hour a student spends engaging with the content, he/she will approximately four to six hours completing associated activities and assessments.

Zoom meeting times: The class will meet weekly using the ZOOM link with live lecture and discussion meetings. It is the responsibility of the student to ensure that the instructor is aware their presence to be counted as present for each class ZOOM meeting.

DIVERSITY STATEMENT:
The James I. Perkins College of Education is committed to proactively recruiting and retaining a diverse faculty, staff, and student population. Through open dialogue, mutual respect, and shared responsibility, faculty, staff, and students will demonstrate an understanding and sensitivity to ethnicity, race, gender, exceptionalities, culture, language/dialect, age, social class, family structure, sexual orientation, religion, and spiritual values in order to enhance the quality of life in a diverse, global community.

II. Intended Learning Outcomes/Goals/Objectives (Program/Student Learning Outcomes):
The SFA Way:
This course, our faculty, staff, alumni, and students believe in doing things "The SFA Way." We expect the best from ourselves and from each other, and we hold each other accountable when we fail to maintain these standards. Grounded in the five "Root Principles" below, all of us, as members of the SFA community, strive for personal excellence in everything that we do.

- **The Principle of Respect**
Lumberjacks command respect and treat others with respect • They are considerate of others and tolerant of differences • They demonstrate respect for those around them by avoiding the use of offensive or profane language • They do not threaten or harm anyone and deal peacefully and civilly with conflict.

- **The Principle of Caring**
Lumberjacks think of the needs of others and seek to improve the quality of life of those around them • They are compassionate, empathic and kind • They respond with humility to those they have helped and freely express gratitude to those who help them • Lumberjacks prepare themselves to become leaders in their communities and workplaces • They dedicate themselves to excellence in their chosen field of study and to using what they learn in the service of others.

- **The Principle of Responsibility**
Lumberjacks do what is right • They persevere in times of adversity • Through self-control and self-discipline, they strive to do their best • Lumberjacks challenge each other to exceed expectations • They are active learners both inside and outside of the classroom • They are reliable; they do what they say they will do • Lumberjacks hold themselves accountable for their decisions.

- **The Principle of Unity**
Lumberjacks are loyal to their friends, family, university, state and country • Lumberjacks stand together against any adversary • They recognize that though we are very different from one another, we are united by the Lumberjack Spirit. Lumberjacks seek to understand the people and world around them • When one lumberjack fails, all fail • When one lumberjack succeeds, all succeed.

- **The Principle of Integrity**
Lumberjacks have the courage to do what is right, even when it is hard or unpopular • They respond to each situation with steadfast values that are not subject to change based on the actions of others • They seek opportunities to practice effective and ethical leadership • Lumberjacks are honest; they do not deceive, cheat or steal • Lumberjacks stand up for those who cannot stand up for themselves • As lifelong learners, lumberjacks are committed to continuously improving themselves.

Revised May 2022
Program Learning Outcomes:
The following is a list of desired Program Learning Outcomes (PLOs) in which data will be collected for SACSCOC throughout the concentration. Asterisks denotes that PLO will be addressed during SPED 5317.

Program Learning Outcomes: Visual Impairment

**Program Outcome #1** - The student will demonstrate applied knowledge of the most common conditions causing visual dysfunction in the population of students with visual impairments.

**Program Outcome #2** - The student will demonstrate understanding and applied knowledge of formal and informal assessments designed to address and measure the unique needs of students with visual impairments.

**Program Outcome #3** - The student will model and demonstrate applied knowledge of strategies that improve access to curriculum and promote the development of learners with visual impairments.

**Program Outcome #4** - The student will document and express knowledge, ideals, skills, and standards associated with professional practice in the field of visual impairment.

**Program Outcome #5** - The Master’s candidate will demonstrate advanced knowledge and understanding in the field of visual impairment.

**Program Outcome #6** - Student will demonstrate proficiency in Braille production and interpretation using both the literary and the Nemeth code

**Program Outcome #7** - The student should be able to demonstrate cultural awareness and professional behavior in all settings related to the provision of services to students with visual impairments.

Student Learning Outcomes This course supports SACSCOC and SPA objectives that have been developed for the program, specifically:

**SPED 5317 – SLO 6.1, VI SACSCOC and SPA Section 4 #6 – Braille Reading & Writing**
The candidate will demonstrate proficiency in the reading, transcribing, and production (using manual braillewriter and slate and stylus) of the braille code through successful completion of a program developed comprehensive braille exam. Rubric items will be drawn from the individual sections of the examination and from the examination as a whole. This allows the instructor to weight the assessed items for an assessment of the holistic braille abilities of the candidate. The braille rubric is attached at the end of this syllabus.

This course directly supports the mission and values of the SFASU Perkins College of Education - It is the mission of the Perkins College of Education “to prepare competent, successful, caring and enthusiastic professionals from diverse backgrounds dedicated to responsible service, leadership, social justice and continued professional and intellectual development in an interconnected global society." This statement essentially sums up the intent of this course and our concentration as a whole. We make every effort to ensure that this course (and all other visual impairment-related courses) is solidly grounded in the realities of practice. It is intended to be a pragmatic, practical course with maximum emphasis being placed on equipping you to be effective and efficient facilitators of learning for individuals with visual impairments, their families, teachers, as well as caseworkers, and other stakeholders who strive to meet their unique needs.

**The Core Values of the Perkins College of Education are:**
- Academic excellence through critical, reflective, and creative thinking
- Life-long learning
- Collaboration and shared decision-making
- Openness to new ideas, to culturally diverse people, and to innovation and change
- Integrity, responsibility, diligence, and ethical behavior, and
- Service that enriches the community.

This course emphasizes these values in its content, philosophy, and in its assessment of outcomes. We, as instructors, strive to reflect these principles in the teaching of this course and we also have the highest expectations that you, our students, will also demonstrate these values as you develop as leaders in the field of visual impairment. These values are analogous with ethical standards that have developed by the
Association for the Education and Rehabilitation of the Blind and Visually Impaired (AERBVI), and one intention of this course is to provide you the skills to lead others to embrace these principles.

This course supports the Core Objectives established by the Texas Higher Education Coordinating Board. The core objectives established by the Texas Higher Education Coordinating Board (THECB) are:

- **Critical Thinking Skills** - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information. FOR THIS COURSE – This is demonstrated through resource collection and course reading requirements.
- **Communication Skills** - to include effective development, interpretation and expression of ideas through written, oral and visual communication. FOR THIS COURSE – This is achieved through the module discussions, collaboration with other students, and ZOOM meetings.
- **Empirical and Quantitative Skills** - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions. FOR THIS COURSE – This is developed through completion of learning activities.
- **Teamwork** - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal. FOR THIS COURSE – This is demonstrated through module discussions and ZOOM meetings.
- **Personal Responsibility** - to include the ability to connect choices, actions and consequences to ethical decision-making. FOR THIS COURSE – This is exhibited through maintaining schedules, course requirements, and meeting deadlines.
- **Social Responsibility** - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities. FOR THIS COURSE – This is acquired through the review of various laws and agencies as they relate to visual impairment and braille instruction.

This course also supports the mission of the Visual Impairment Preparation Concentration

It is the mission of the Visual Impairment Preparation Concentration to train Teachers of Students with Visual Impairments (TSVs) and Certified Orientation and Mobility Specialists (COMS) who are practically and pragmatically prepared to meet the needs of persons with visual impairments across the state of Texas and in the nation as a whole. We believe that completers from our concentration should be equipped to effectively deliver instructional services which provide opportunities for students and clients with visual impairments to be more independent, lead more meaningful lives, and participate to a greater extent in society at large. In order to meet these goals, we believe that it is our responsibility to mentor and educate our graduates in the importance of exhibiting caring and compassionate approaches to instruction and positive beliefs about the worth of all individuals regardless of age, gender, race, sexual orientation or level of disability.

This course supports the codes of ethics for professional practice developed for professionals in the field of visual impairments by the Association for Education and Rehabilitation of the Blind and Visually Impaired (AER):

I. Commitment to the student
II. Commitment to the community
III. Commitment to the profession
IV. Commitment to colleagues, other professionals and to professional employers

This course supports the codes of ethics for professional practice developed for professionals in the field of visual impairments by the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP):

I. Commitment to the learner
II. Commitment to the community
III. Commitment to the profession
IV. Commitment to colleagues and other professionals
V. Commitment to professional employment practices

This course directly supports the standards of the Council for Exceptional Children, specifically:

Standard I: Learner Development and Individual Learning Differences

Revised May 2022
This course directly supports the Curricular Standards for Orientation and Mobility Specialists set forth by the Association for Education and Rehabilitation of the Blind and Visually Impaired, specifically:

- Standard I: Medical Aspects of Blindness and Visual Impairment – d, e, f
- Standard II: Sensory Motor Functioning – a, c
- Standard III: Psych-social Aspects of Blindness & Visual Impairments – a, b, c, d, e, f, h, i, j
- Standard IV: Human Growth and Development over the Lifespan – b, d, h
- Standard V: Concept Development – b, c, d, e, f
- Standard IX: Instructional Methods, Strategies, and Assessment – a, n, q, s, t, v, w, x, y
- Standard X: History and Philosophy of Orientation and Mobility – a, b, c, f, g, i, n, o, p, q
- Standard XII: Development, Administration, and Supervision of O&M Program – c, d, e, g, h, i, j
- Standard XIII: Clinical Practice Competencies – a, f, j, m

This course supports the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP) guidelines for certification.

ACVREP states that to be eligible to sit for the certifying examination, applicants must provide:

1. Proof of a minimum of a bachelor’s degree from an accredited university or college in any field of study and proof of completion of an Orientation and Mobility certification preparation concentration from an accredited university or college that meets the following 13 core domain areas
   - Domain 1. Know Professional Information
   - Domain 2. Understanding Relevant Medical Information
   - Domain 3. Understand and Apply Learning Theories to O&M
   - Domain 4. Plan and Conduct O&M Assessment
   - Domain 5. Plan O&M Programs
   - Domain 6. Teach O&M Related Concepts
   - Domain 7. Teach Orientation Strategies and Skills
   - Domain 8. Teach Mobility Skills
   - Domain 9. Teach Use of Senses
   - Domain 10. Teach Consumers who have Additional Disabilities
   - Domain 11. Teach Diverse Consumers
   - Domain 12. Analyze and Modify Environment
   - Domain 13. Know the Psychosocial Implications of Blindness and Visual Impairment

This course specifically addresses the following ACVREP Domains through practice and didactic instruction: 1, 10, 11, and 12.

This course supports the development for professional educators in Visual Impairment, by the Texas Education Agency (TEA), specifically:

**Standard I:** The teacher of students with visual impairments understands and applies knowledge of the characteristics and needs of students with visual impairments, including those with additional disabilities.

**Standard II:** The teacher of students with visual impairments, including those with additional disabilities, understands and applies the knowledge of formal and informal assessments and evaluations and know how to use resulting data and other information to make service and programming recommendations and to participate in the development of the students’ Individual Educational Programs (IEPs) and Individualized Family Service Plans (IFSPs)
Standard III: The teacher of students with visual impairments, including those with additional disabilities, understands and applies the knowledge of strategies for planning instruction in the school, home, and community environments to facilitate student achievement. (31.k, 3.3k, 3.4k, 3.5k, 3.6k, 3.1s)

Standard IV: The teacher of students with visual impairments, including those with additional disabilities, knows how to promote students' development of concepts and skills for academic achievement, social interaction, and independent living. (4.1k, 4.2k, 4.5k, 4.11k, 4.12k, 4.17k, 4.19k, 4.22k, 4.23k, 4.4s, 4.12s, 4.21s, 4.22s)

Standard V: The teacher of students with visual impairments, including those with additional disabilities, knows how to communicate and collaborate effectively in a variety of professional settings. (5.1k, 5.3k, 5.4k, 5.5k, 5.6k, 5.7k, 5.8k, 5.9k, 5.10k, 5.11k, 5.12k, 5.13k, 5.7s, 5.9s, 5.12s)

Standard VI: The teacher of students with visual impairments, including those with additional disabilities, understands and applies the knowledge of the foundations of the profession, including legal requirements and ethical considerations relating to students’ education, and actively seeks to expand professional knowledge and skills (6.1k, 6.2k, 6.3k, 6.4k, 6.5k, 6.6k, 6.7k)

This course supports Nuventive Improve objectives based on Council for Exception Children (CEC) standards that have been developed for the program, specifically:

This course directly supports the standards of the Council for Exceptional Children, specifically:

Standard I: Learner Development and Individual Learning Differences
Standard II: Learning Environments
Standard III: Curricular Content Knowledge
Standard IV: Assessment
Standard V: Instructional Planning & Strategies
Standard VI: Professional Learning & Ethical Practice
Standard VII: Collaboration

***Standard V will be the focus of this course

### III. Course Assignments, Activities, Instructional Strategies, Use of Technology:
This course will be delivered using distance education online format. Classes will also meet (synchronously) using web conferencing to support instruction in a program called Zoom to deliver presentations and explore concepts. Instruction throughout the class will be supported through other material presented online on the class website (Brightspace by D2L) to further knowledge and promote instruction. Students will also be required to facilitate and/or participate (synchronously) in online discussions investigating topics and required readings. Assignments will be detailed in D2L and discussed during class time.
Learning Modules
First Steps
Module 1: Chapter 1, The Alphabet in Braille
Module 2: Chapter 2, Alphabet Wordsigns
Module 3: Chapter 3, Arabic Numbers; Punctuation Signs; Strong Contractions
Module 4: Chapter 4, Strong Contractions as Groupsigns; Shortform Words; Punctuation;
Module 5: Chapter 5, Grouping; Simple Fractions and Mixed Numbers; Initial-Letter
Contractions; Grade 1 Mode
Module 6: Chapter 6, Strong Groupsigns; Special Symbols; and Rules for Numbers and
Punctuation
Module 7: Chapter 7, Shortform Words; Strong Wordsigns; Special Symbols; Typeforms
Module 8, Chapter 8: Initial-Letter Contractions; Shortform Words; Special Symbols
Module 9, Chapter 9: Lower Wordsigns; Shortform Words
Module 10, Chapter 10: Lower Groupsigns; Shortform Words; Special Symbols
Module 11, Chapters 11-12: Final-Letter Groupsigns; Special Symbols; Accented Words;
Special Symbols; Specialized Circumstances
Module 12: Slate and Stylus
Module 13: Nemeth Code

A. Attendance:
Regular and punctual attendance is expected at all classes, laboratories, and other activities for which a
student is registered. Regardless of attendance, every student is responsible for course content and
assignments. Students may receive excused absences for illness and family emergencies but must present
written documentation for such absence (doctor’s note, emergency room admissions, funeral notices) to their
instructor, and are responsible to make up work missed during their absence.

B. Excused Absences:
It is University policy to excuse students from attendance for certain reasons. Among these are absences
related to health, family emergencies, and student participation in certain University-sponsored events.
Students are responsible for providing documentation satisfactory to the instructor for each class missed.
Students with acceptable excuses will be permitted to make up work for excused absences, due the following
class day. Students will be allowed one unexcused absence without penalty. After that, one letter grade will
be subtracted from the final grade for each unexcused absence. After three unexcused absences, the
student will receive a failing grade for the course.

C. Class Participation:
This class is designed to be highly interactive. It works better when you are involved and asking questions. I
will be asking questions and calling on every student at some point during the semester. Class participation
includes the following:
- Attendance (physical and mental) to class activities and discussions
- Preparation for class
- Appropriateness of participation in class discussions
- Willingness to answer questions
- Evidence of critical thinking and creativity during class discussions and activities
- Demonstration of good “consulting skills” (politeness, manners, diplomacy, etc.)
- Display of a positive attitude toward the subject material, class activities, etc.
- Completion of the course evaluation

Additionally, remember that we are a small community, and we are learning this together. Therefore:
- Honest disagreements in the spirit of critical academic exchange are encouraged. While you can
disagree, do not personalize it; stick to the issues. No name-calling or stereotyping.
- Derogatory comments based on race, ethnicity, class, gender, sexual orientation, or nationality will not
be tolerated.

- What we say stays here unless we agree to change that. What we learn here, though, we can share with others.
- If you are offended, say so, and say why.

Adapted from The Guide for training study circle facilitators (1998)
Study Circle Resource Center, © Topsfield Foundation.

D. Modules of Instruction: MOST of the instructional material for this course will be provided through Modules on the Brightspace/Desire2Learn (D2L) internet platform and supplemented and enhanced through each class meeting. The material and requirements covered in each Module contribute to grades counted in discussions, quizzes, assignments, and tests. Because this class is very dependent on the internet, the student must be able to use the internet to obtain instructions on completing assignments, submitting assignments, and participating in class activities. It is, therefore, essential that the student not only have ready access to the internet, but also that they are comfortable in using it. Detailed instructions for using D2L are available on their “My Home” page on D2L, under the title “Helpful Links”, including the phone number for D2L Support, which is 936-468-1919.

VI. Readings (Required and recommended—including texts, websites, articles, etc.):

REQUIRED TEXTS and MATERIALS:

These texts can be ordered directly from http://www.scalarspublishing.com/order.html

3. SimBraille Your instructor will provide the directions and File to download.

VII. Course Evaluations:

Near the conclusion of each semester, students in the Perkins College of Education electronically evaluate courses taken within the PCOE. Evaluation data is used for a variety of important purposes including:

1. Course and program improvement, planning, and accreditation;

2. Instruction evaluation purposes; and

3. Making decisions on faculty tenure, promotion, pay, and retention.
As you evaluate this course, please be thoughtful, thorough, and accurate in completing the evaluation. Please know that the PCOE faculty is committed to excellence in teaching and continued improvement. Therefore, your response is critical!

In the Perkins College of Education, the course evaluation process has been simplified and is completed electronically through MySFA. Although the instructor will be able to view the names of students who complete the survey, all ratings and comments are confidential and anonymous, and will not be available to the instructor until after final grades are posted.

VII. Student Ethics and Other Policy Information:

Institutional Absence: An Institutional Absence may be granted to a student who participates as a representative of the University in academic (including research), extra- or cocurricular, or athletic activities. Students will be excused for institutional purposes from otherwise required academic activity only when a valid Institutional Absence is approved by the appropriate administrative unit or official and the documentation of approval is provided to the faculty member at least five (5) days in advance.

Institutional absences will not be approved for keystone events, defined as: a special or unique assignment, test, project, experience, or other academic exercise identified by the Faculty member as critical for successful completion of standards of the class and unable to be missed. These events must be identified on the syllabus at the beginning of the semester and communicated to the students. Events added to the syllabus at a later date will not qualify for Keystone Event status. Keystone Events where the date/time is changed will no longer be considered a Keystone Event. Students should make themselves aware of any Keystone Events identified in the syllabus to ensure there are no conflicts.

For keystone events where the assignment dates vary, it is incumbent upon the students to work with their faculty member to not select a conflicting date.

More information on Institutional Absences, including how to apply, can be found at https://www.sfasu.edu/deanofstudents/student-resources/institutional-absences.

The Code of Student Conduct and Academic Integrity (HOP 04-106) outlines the prohibited conduct by any student enrolled in a course at SFA. It is the responsibility of all members of all faculty, staff, and students to adhere to and uphold this policy.

Articles IV, VI, and VII of the new Code of Student Conduct and Academic Integrity outline the violations and procedures concerning academic conduct, including cheating, plagiarism, collusion, and misrepresentation. Cheating includes, but is not limited to: (1) Copying from the test paper (or other assignment) of another student, (2) Possession and/or use during a test of materials that are not authorized by the person giving the test, (3) Using, obtaining, or attempting to obtain by any means the whole or any part of a non-administered test, test key, homework solution, or computer program, or using a test that has been administered in prior classes or semesters without permission of the Faculty member, (4) Substituting for another person, or permitting another person to substitute for one’s self, to take a test, (5) Falsifying research data, laboratory reports, and/or other records or academic work offered for credit, (6) Using any sort of unauthorized resources or technology in completion of educational activities.

Plagiarism is the appropriation of material that is attributable in whole or in part to another source or the use of one’s own previous work in another context without citing that it was used previously, without any indication of the original source, including words, ideas,
illustrations, structure, computer code, and other expression or media, and presenting that material as one's own academic work being offered for credit or in conjunction with a program course or degree requirements.

Collusion is the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on academic dishonesty, including disclosing and/or distributing the contents of an exam.

Misrepresentation is providing false grades or résumés; providing false or misleading information in an effort to receive a postponement or an extension on a test, quiz, or other assignment for the purpose of obtaining an academic or financial benefit for oneself or another individual or to injure another student academically or financially. For additional information, go to https://www.sfasu.edu/docs/hops/04-106.pdf.

**Withheld Grades Semester Grades Policy (HOP policy 02-206)**

Ordinarily, at the discretion of the instructor of record and with the approval of the academic chair/director, a grade of WH will be assigned only if the student cannot complete the course work because of unavoidable circumstances. Students must complete the work within one calendar year from the end of the semester in which they receive a WH, or the grade automatically becomes an F. If students register for the same course in future terms the WH will automatically become an F and will be counted as a repeated course to compute the grade point average. For additional information, go to https://www.sfasu.edu/docs/hops/02-206.pdf.

**Students with Disabilities**

To obtain disability-related accommodations, alternate formats, and/or auxiliary aids, students with disabilities must contact the Office of Disability Services (ODS), Human Services Building, and Room 325, 468-3004 / 468-1004 (TDD) as early as possible in the semester. Once verified, ODS will notify the course instructor and outline the accommodation and/or auxiliary aids to be provided. Failure to request services promptly may delay your accommodations. For additional information, go to http://www.sfasu.edu/disabilityservices/.

**Student Wellness and Well-Being**

SFA values students’ overall well-being, mental health and the role it plays in academic and overall student success. Students may experience stressors that can impact both their academic experience and their personal well-being. These may include academic pressure and challenges associated with relationships, emotional well-being, alcohol and other drugs, identities, finances, etc.

If you are experiencing concerns, seeking help, SFA provides a variety of resources to support students’ mental health and wellness. Many of these resources are free, and all of them are confidential.

**Other important course-related policies:**

***Other SFA policy information is found in the Handbook of Operating Procedures (HOP)*

Revised May 2022
The Health and Wellness Hub “The Hub”
Location: corner of E. College and Raguet St.
To support the health and well-being of every Lumberjack, the Health and Wellness Hub offers comprehensive services that treat the whole person – mind, body and spirit. Services include:
❖ Health Services
❖ Counseling Services
❖ Student Outreach and Support
❖ Food Pantry
❖ Wellness Coaching
❖ Alcohol and Other Drug Education

Additional Information Specific to Educator Preparation:

Code of Ethics for the Texas Educator:

The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. This chapter shall apply to educators and candidates for certification.

To complete Certification/Licensing Requirements in Texas related to public education and other professional settings, you will be required to:

1. Candidates must undergo a criminal history background check prior to clinical teaching and prior to employment as an educator. The public school campuses are responsible for completing the criminal background check. A person who is enrolled or planning to enroll in a State Board for Educator
Certification-approved educator preparation program or planning to take a certification examination may request a preliminary criminal history evaluation letter regarding the person's potential ineligibility for certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

A Preliminary Criminal History Evaluation is a non-mandatory, non-binding evaluation of an individual’s self-reported criminal history. In addition, the agency obtains your name-based Texas criminal history information. The service is provided to the requestor for a non-refundable fee. The requestor will receive an evaluation letter by email from agency staff advising of potential ineligibility for educator certification. You are eligible to request a Preliminary Criminal History Evaluation if:

- You enrolled or planning to enroll in an educator preparation program or
- You are planning to take a certification exam for initial educator certification, and
- You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.

You are not eligible for a preliminary evaluation of your criminal history if you do not have a conviction or deferred adjudication for a felony or misdemeanor offense.

In addition, you must complete the fingerprinting process when you apply for certification. Participation in the evaluation does not preclude you from submitting to a national criminal history review at the time you apply for your educator certification. Your criminal history will be reviewed and you may be subject to an investigation based on that criminal history, including any information you failed to submit for evaluation. Additional information can be found at https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

2. Provide one of the following primary ID documents: passport, driver’s license, state or providence ID cards, a national ID card, or military ID card to take the TExES exams (additional information available at http://www.tx.nesinc.com/PageView.aspx?f=GEN_Tests.html. YOU must provide legal documentation to be allowed to take these mandated examinations that are related to certification/licensin requirements in Texas. If you do not have legal documentation, you may want to reconsider your major while at SFASU.

3. Successfully complete state mandated a fingerprint background check. If you have a history of criminal activity, you may want to reconsider your major while at SFASU.

For further information, contact the Office of Assessment and Accountability at 936-468-1282 or edprep@sfasu.edu.

IX. Other Relevant Course Information:
The above schedule and procedures in this course are subject to change in the event of extenuating circumstances.
